Sg Adjustment And Growth In A Changing:

Dynamic Governance: Embedding Culture, Capabilities And Change In Singapore (English Version) Boon Siong Neo, Geraldine Chen, 2007-07-03 In a world of uncertainty and change current achievements are no guarantee for future survival Even if the initial chosen set of principles policies and practices are good static efficiency and governance would eventually lead to stagnation and decay No amount of careful planning can assure a government of continual relevance and effectiveness if there is no capacity for learning innovation and change in the face of ever new challenges in a volatile and unpredictable global environment This book provides an in depth look at dynamic governance the key to success in a world of rapid increasing globalization and unrelenting technological advancements If bureaucratic public institutions can evolve and embed the culture and capabilities that enable continuous learning and change their contributions to a country s socio economic progress and prosperity would be enormous The lessons from their efforts in institutionalizing culture capabilities and change could provide meaningful and valuable insights for transforming organizations in other contexts China's Surging Economy: Adjusting For More Balanced Development John Wong, Wei Liu, 2007-06-15 The Chinese economy today is at a critical crossroads Sustained rapid growth has given rise to structural strains as well as sectoral imbalances It has also generated socio economic problems such as rising income inequality rural discontent and environmental degradation All of these must be addressed before China can enter the next lap of high growth Containing 12 chapters this volume is a collaborative effort of leading economists from Beijing Singapore and elsewhere in the region in analyzing China s economic growth prospects and their concomitant problems and constraints **Striving for Growth After Adjustment** Luis Servén, Andrés Solimano, 1993 This book presents the results of about three years of work finished in early 1992 in the area of private investment and macroeconomic adjustment Its purpose is to explore the macroeconomic determinants of investment and the causes and cures for the gap between macroeconomic adjustment and stabilization and the resumption of economic growth in developing countries a gap that even today 10 years after the debt crisis and the subsequent adjustment of the eighties remains wide This volume highlights the central role of capital formation public and private in the restoration of sustainable growth *Structural Changes and Adjustment of the Singapore Economy Since 1985* Teck Wong Soon, 1989 **Economic growth and development in Singapore** Peter Wilson, 2002-10-29 In this book Gavin Peebles and Peter Wilson offer an historical overview of the rapid growth and development of the Singapore economy detailing the institutions and policies which have made this growth possible They examine the current state of the economy and its future in terms of prospective growth and structural change *Wages And Wages Policies: Tripartism In Singapore* Chong Yah Lim, Rosalind Chew, 1999-03-01 This book consists of articles written by twenty authors including three eminent academicians from Australia and Britain It provides first hand information on the National Wages Council NWC and its contributions which includes the promotion of tripartism as an instrument of economic growth The book is divided into six parts Part I introduces

the book Part II provides details about the NWC its operations and its structure Part III covers the macroeconomic impact of the NWC including the impact on productivity competitiveness investment and growth Part IV covers the impact of the NWC on wages and the wage system in Singapore Part V provides a theoretical perspective on the importance of the NWC to productivity growth and productive efficiency Part VI takes a look at the incomes policy practice of another country in the region Australia which provides a good point of reference for the NWC

Economic Growth and Income Inequality in China, India and Singapore Pundarik Mukhopadhaya, 2017-07-05 The world at large is watching both China and India as powerhouses of economic growth The two nations have achieved significantly high rates of economic growth ever since their respective economies liberalized in 1978 and 1991 Singapore despite its limited land size and almost total dependence on external trade has performed remarkably well and has moved from the third world to the first This book documents and explains the rapid economic growth of the three key Asian economies The book also looks at what has happened to income inequality in the context of superior growth performance It makes comparative assessments and examines the implications for the three nations Since free markets have nothing in them to produce a reduction in income inequality among persons households one must at best hope for equality of opportunity notably reflected in identical schooling for all identical health care for all and minimal rather than vulgar inequality in housing This book is particularly useful for both China and India which may wish to study and learn from Singapore in regard to the policies programmes and projects aimed at ensuring equality of opportunity The book is backed by considerable expertise on the part of the researchers with demonstrated expertise through their publications spawning a few decades It is invaluable to those who are concerned with designing policies for developing countries aimed at rapid and inclusive economic growth This book has been made possible by the intellectual and financial support extended by the Global Asia Institute National University of Singapore

Asian Development Experience Vol 3 Ryokichi Hirono,2004-01-21 As ASEAN Vision 2020 proclaims the members of ASEAN have achieved remarkable success in economic growth stability and poverty reduction over the past decades There are however still diverse debates as to the factors which contributed to the success with no conclusive assessment This volume reviews the domestic reforms effectively introduced by ASEAN members after the 1997 financial crisis and what could be done to accelerate such reforms With the entry of the 4 new members into ASEAN possible measures to strengthen both intra and extra ASEAN regional cooperation frameworks are sought so that the 10 ASEAN members can make a smooth economic and social transformation to tackle globalization and accommodate the two highly competitive giant economies China and India The study also seeks to identify what could be the role of Japan in promoting its economic relations with the ASEAN 10 under the ongoing framework of the WTO and the ASEAN Plus Three in the light of the current trend towards greater regionalism in Europe and the Americas

Singapore International Monetary Fund,2012-08-27 Singapore s large financial sector has remained resilient The output has shown to rebound strongly despite a drop of 9 percent in GDP during 2008 early 2009 The new challenges include consumer price inflation income inequality and rising housing prices The downside risks for the

Singapore economy are large but the country has large buffers and significant policy room to dampen the immediate and longer term effects of a sharp global slowdown The authorities have ample policy space and instruments to address the negative impact of economic shocks *Structural Change, Economic Interdependence and World Development* P.J.

Lloyd, Luigi L. Pasinetti, 1987-09-29 **The Media and Political Change in Southeast Asia** Jonathan Woodier, 2009-01-01
the book is in a comprehensive readable format the book is logically organised rich in data and statistics regarding the issues that it covers as well as accessibly written such that its points would not be lost on the average upper level undergraduate student with some preparation in Asian studies and the social sciences Jane M Ferguson South East Asia Research a serious academic work that should be on the official reading list of every media studies course Chris Roberts Presenter Sky News Jonathan Woodier has written an excellent book on the politics of media control in Southeast Asia He shows how political elites in the region are using major events such as the 1997 Asian Financial Crisis and the 2001 September 11 terror attacks as well as innovations in media tools such as public relations and the internet to control information flow to their citizens This book is a must read for anyone interested in an explanation why Southeast Asian models of authoritarian models are surviving A brilliant analysis it combines media theory with a critical discussion of contemporary developments in Asia James Gomez Keio University Japan True to the old Chinese adage kill a chicken scare a monkey the few who once challenged Southeast Asia s ruling elites disappeared and the majority were silent Crude but effective Modern times however demand a more sophisticated approach Ruling elites now strip cultures naked and micro manage people s minds Their preferred tools of penetration and manipulation are a compliant media and a money hungry PR industry Jonathan Woodier s insights will ensure that you will never read a newspaper or watch TV news in quite the same way again Trevor Watson Professional Public Relations Pty Ltd Australia This is an engaging and informative analysis of the media landscape in South East Asia It uncovers the pervasive impact of the global media on the political process and raises important academic and policy issues in the process This book is timely and will be a must read for policymakers academics and students across communications media studies politics and democratization as well as for everyone with an interest in current day developments in South East Asia Joep Cornelissen Leeds University Business School UK Jonathan Woodier s latest work considers what impact the media has upon the democratization process in Southeast Asia Has the media had a liberalizing effect or become subject to elite control in Southeast Asia and if so why What role does the global media play in this process particularly given its conglomerization and commoditization By examining the communications media and its relationship to political change in Southeast Asia this fascinating study will endeavour to provide both a regional comparative analysis and a more balanced interpretation of the mass communication media in the wake of September 11 2001 The book also investigates the durability of authoritarian regimes and the enduring capacity of the media controlled state alongside the growing sophistication of political communications particularly the use of PR consultants The author provides an insider s view with unique insights

into the practice of political communication and its development throughout the strategically important region of Southeast Asia with its large Moslem states as well as much further afield to countries such as China and post industrial Europe As such the book will be warmly welcomed by academics of politics international relations media communications and PR It will also appeal to researchers interested in political change the rise of the global media giants and the influence of authoritarian states such as China

The Rise of China and Structural Changes in Korea and Asia Takatoshi Ito,Chin Hee Hahn,2010-01-01 This book brings together studies conducted by researchers in East Asian countries who seek to better understand the impact of China s rise and the consequent policy challenges The expert contributors illustrate that the rise of China and its integration with the rest of the world is one of the most important developments in the global economy Over the past thirty years or so China s economy has grown at nearly ten percent per annum with the expansion of the modern export oriented industrial sector to become the third largest economy in the world and the second largest in trade This book reviews the economic growth of East Asian countries since the 1990s and the various impacts that the rise of China has had on these countries In particular it addresses policy challenges faced in coping with the rise of China and maintaining economic growth This timely book will strongly appeal to academics and researchers focusing on East Asia and China as well as those interested in international trade development and economic growth

Managing Boreal Forests in the Context of Climate Change Seppo Kellomaki,2017-02-03 In many places in the world forests dominate landscapes and provide various products Future climate change could profoundly alter the productivity of forest ecosystems and species composition Until now climate impact research has primarily focused on the likely impacts of rise in temperature increased atmospheric CO2 concentration and varying precipitation on unmanaged forests The issue that now needs to be addressed is how to sustainably manage climate change for timber production and biomass Though climate change is a global issue impacts on forests depend on local environmental conditions and management methods so this book will look at the issue under varying local contexts

Singapore ,1987 *The Growth Process in East Asian Manufacturing Industries* Chia-Hung Sun,2004-01-01 Although it has been previously accepted that Hong Kong Japan Korea Singapore and Taiwan have achieved the economic miracle of maintaining high economic growth for several decades prior to the Asian financial crisis recent literature has now cast doubt upon this economic supposed success Attempting to overcome methodological limitations and underlying assumptions of other studies *The Growth Process in East Asian Manufacturing Industries* re examines the role of total factor productivity TFP growth and aims to identify the sources of output growth in these East Asian economies Chia Hung Sun aims to explain how TFP growth differs from technological progress and demonstrates why this study favours the use of the varying coefficients frontier model rather than the conventional scholastic frontier approach He goes on to statistically test whether manufacturing industries in East Asia homogeneously applied the best practice production technology and investigates the TFP growth slowdown in East Asian manufacturing sectors
