Shackleton's Boat Journey:

Shackleton's Boat Journey Frank Arthur Worsley, 1998 Captain Worsley offers a firsthand account of his incredible Antarctic adventure the astounding and inspiring true story behind the forthcoming Wolfgang Petersen film *Endurance* On its way to the Antarctic continent in 1915 the *Endurance* became trapped and then crushed by ice stranding ship's party of 28 on an ice floe for five months before their rescue

Shackleton's Boat Journey Frank Arthur Worsley, 1999 Frank A Worsley was the Captain of the H M S *Endurance* the ship used by the legendary explorer Sir Ernest Shackleton in his 1914-16 expedition to the Antarctic On its way to the Antarctic continent the *Endurance* became trapped and then crushed by ice and the ship's party of twenty eight drifted in an ice floe for five months Finally reaching an uninhabited island Shackleton Worsley and four others sailed eight hundred miles in a small boat to the island of South Georgia an astounding feat of navigation and courage All hands survived this ill fated expedition as Worsley writes By self sacrifice and throwing his own life into the balance Shackleton saved every one of his men although at times it looked unlikely that one could be saved A remarkable book Worsley writes without heroics but makes us feel to the marrow the conditions that the party endured before all hands were rescued *New Yorker*

Shackleton's Boat Journey Frank Arthur Worsley, 2004-04 A remarkable journey of the 1914 Antarctic expedition trapped when their ship gets stuck in pack ice Second edition updated with historical introduction and maps The crew camps on ice floes floating north for five months until a small group including the author can sail in a lifeboat to get help Despite the hardships not a single man was lost

Shackleton's boat journey. Introduction and notes by Duncan Carse Frank Arthur WORSLEY,Duncan CARSE,Sir Ernest Henry Shackleton,1974 SHACKLETON'S BOAT JOURNEY. NARRATIVE INTROD.BY SIR EDMUND HILLARY. F.A. Worsley,1977 **Shackleton's Captain** John Thomson,1999 Frank Worsley shared with Sir Ernest

Shackleton one of the greatest adventures of the Heroic Age of Antarctic exploration After their ship Endurance was crushed in the ice in 1915 they made what is perhaps the most famous small boat journey in history across 800 miles of the world's roughest seas to get help Worsley's diaries and notes still provide the main records of that journey yet the fame of Shackleton rather overshadowed the modest New Zealander This first ever biography of Worsley sets out to restore the balance It tells the full story of his extraordinary life from childhood as a larrikin in Akaroa New Zealand to his apprenticeship at sea and the development of his remarkable skills as navigator and sailing master It also backgrounds the particular friendship that flourished between Worsley and Shackleton In an age of mass communications Frank Worsley would have been a public figure as famous as Sir Edmund Hillary This biography gives an unhallowed yet eminent New Zealander his proper place in history **Trapped by the Ice!** Michael McCurdy,2002-05-01 Describes the events of the 1914 Shackleton Antarctic expedition when after being trapped in a frozen sea for nine months the Endurance was crushed creating the need to travel across the ocean to safety **South** Ernest Shackleton,2013-10-31 As the first world war broke out across Europe Shackleton's expedition to the South Pole became trapped by ice Their ship the Endurance was crushed and the men were forced to survive in and escape from one of the world's most hostile environment Traversing glaciers scaling cliffs and crossing treacherous seas in open boats all the time threatened by brutal cold and hunger the men through their own strength and Shackleton's leadership all made it to safety This story makes the efforts of latterday adventurers pale in comparison Shackleton's Epic Tim Jarvis,2015-08-01 A new edition to mark the centenary Ernest Shackleton's epic 1916 journey across 1300 kms of hostile ocean in a tiny leaking boat and unmapped ice and snow to reach a rescue station by British Australian explorer Tim Jarvis who recreated Shackleton's Epic in 2012 Sir Edmund Hillary called it the greatest survival story of all time In 1916 just months into Ernest Shackleton's third expedition to the South Pole his ship the Endurance became trapped in pack ice and sank With winter setting in and supplies running out Shackleton faced a terrible quandary should he and his crew stay on a tiny inhospitable stretch of Antarctic island and die waiting Or should they make

an almost certainly doomed journey and sail in a lifeboat across 900 miles of the world's wildest ocean then trek over unmapped glaciers to reach help Showing astonishing courage Shackleton and a small band of men set off in an open boat Even more astonishingly they survived Almost a century later explorer and environmental scientist Tim Jarvis set out with a crew of five to replicate Shackleton's journey using the same equipment eating the same unpalatable food and facing the same hostile ocean conditions Shackleton's Epic is the story of that trip the wretched lows and the occasional highs and the mental and physical toughness required to survive in one of the last wildernesses on earth Moving between the past and the present this is a must read book for all Shackleton fans and lovers of epic adventure Jarvis's tribute to Ernest Shackleton's Antarctic expedition had had a danger and heroism worthy of the original GUARDIAN UK bone chilling and breathtakingly frightening a well written compelling read KIRKUS REVIEWS a ripping yarn BRISBANE NEWS serves to show just how brave skilled resourceful and optimistic the original explorers had been Verdict victory over adversity HERALD SUN *Access All Areas* Sara Wheeler, 2013-01-22 Adventures in going forth and staying put from one of our greatest travel writers In vivid urgent books such as *Terra Incognita* and *The Magnetic North* Sara Wheeler reckoned with the allure and brutality of life on the fringes exploring distant lands with an extraordinary sensitivity to history to place and to the people who inhabit them *Access All Areas* collects the best essays and journalism by a writer who has used extreme travel as a means to explore an inner landscape Ranging from Albania to the Arctic Wheeler attends a religion seminar aboard the Queen Elizabeth 2 and defrosts her underwear inside an igloo She treks to distant Tierra del Fuego a place where nothing ever happened and to the swamps of Malawi a place so hot that toads explode She crosses dubious borders with nothing but a kidney donor card for ID and learns to wing walk and belly dance though not at the same time Charming scathing restless and eternally amused the writer we meet in *Access All Areas* has spent a lifetime investigating roots and rootlessness Seeking only to satisfy her own curiosity Wheeler shows us the world *The Endurance* Caroline Alexander, 1998-11-03 This book recounts the ordeal of Ernest Shackleton and his crew who attempted to make the first crossing on foot of the Antarctic continent but who became trapped on the ice floes for twenty months in the attempt *Ernest Shackleton* Evelyn Dowdeswell, 2014-10-09 Learn all about the thrilling adventures of the Antarctic explorer Ernest Shackleton and how he and his team survived against the odds This book commemorates the anniversary of Shackleton's famous Antarctic expedition of 1914-1917 an incredible real life adventure story of leadership and heroism Filled with incredible original photographs from the archives of the Scott Polar Research Institute this book will captivate readers and provide a window into the past *South Ernest Shackleton*, 2014-08-14 In 1911 Roald Amundsen beat Robert Falcon Scott to the South Pole and Scott and his colleagues all died on the return journey Ernest Shackleton who had served with Scott on a previous expedition decided that crossing Antarctica from sea to sea was the last great unattempted journey on the continent His Imperial Trans Antarctic Expedition of 1914-17 was a failure But perhaps because it failed with Shackleton not only surviving but bringing his crew back alive the

expedition became more famous than many of those adventurous voyages that succeeded After reaching the Weddell Sea off the coast of the Antarctic Peninsula Shackleton's ship the *Endurance* became trapped in pack ice and spent 1915 drifting northwards The *Endurance* was eventually crushed by the ice and sank leaving 28 men stranded on the ice They spent months sheltering from the subzero temperatures as the pack ice continued to drift Eventually Shackleton accepted they could not rely on rescue and had to help themselves so he led five men on an 800 mile voyage in an open boat to reach South Georgia from where he was able to mount a rescue of all of the men he had left behind on the ice Every one of them survived a remarkable tribute to his leadership courage and determination South is Shackleton's own account of the Imperial Trans Antarctic Expedition It is a true story of courageous endurance survival against the odds and an undeterred sense of adventure This special edition includes detailed maps so that the reader can see just how extraordinary Shackleton's achievement was and a specially written Foreword by Sir Ranulph Fiennes introducing the book from an explorer's perspective

What the Ice Gets Melinda Mueller, 2000 Blending historical scientific and literary scholarship with an impressive range of poetic forms Melinda Mueller masterfully brings us the legendary tale of Sir Ernest Shackleton's Trans Antarctic Expedition *What the Ice Gets* is an adventure story a requiem and a love poem written to twenty eight heroes and the mythic landscape they set out to explore but that instead explored them Book jacket
