*Castaways of the Image Planet* Geoffrey O'Brien,2013-06-01 One of our best cultural critics here collects sixteen years worth of essays on film and popular culture Topics range from the invention of cinema to contemporary F X aesthetics from Shakespeare on film to Seinfeld and we include essays on 30 s screwball comedies Hong Kong Martial Arts movies to the roots of spy movies and the televising of Clinton s grand jury testimony O'Brien emphasizes the unpredictable interactions between film as a medium apt for expressing the most private dreams and film as the mass literature of the modern world Several of the pieces are profiles of individual actors or directors Orson Welles Michael Powell Ed Wood Marlon Brando Alfred Hitchcock Dana Andrews The Marx Brothers Bing Crosby whose careers are probed to look for the point where obsession meets public myth making      **The Gift of the Face** Shamooin Zamir,2014-08-14 Edward S Curtis s The North American Indian is the most ambitious photographic and ethnographic record of Native American cultures ever produced Published between 1907 and 1930 as a series of twenty volumes and portfolios the work contains more than two thousand photographs intended to document the traditional culture of every Native American tribe west of the Mississippi Many critics have claimed that Curtis s images present Native peoples as a vanishing race hiding both their engagement with modernity and the history of colonial violence But in this major reappraisal of Curtis s work Shamooin Zamir argues instead that Curtis s photography engages meaningfully with the crisis of culture and selfhood brought on by the dramatic transformations of Native societies This crisis is captured profoundly and with remarkable empathy in Curtis s images of the human face Zamir also contends that we can fully understand this achievement only if we think of Curtis s Native subjects as coauthors of his project This radical reassessment is presented as a series of close readings that explore the relationship of aesthetics and

ethics in photography Zamir s richly illustrated study resituates Curtis s work in Native American studies and in the histories of photography and visual anthropology     Stickley Style David M. Cathers, 1999-10-05 An Archetype Press book
