Shadow Of The Atom 1950 196

**Roberto Di Stefano, Francisco Javier
Ramón Solans**

Shadow Of The Atom 1950 196:

Elemental Germans Christoph Laucht, 2012-05-15 Christoph Laucht offers the first investigation into the roles played by two German born emigre atomic scientists Klaus Fuchs and Rudolf Peierls in the development of British nuclear culture especially the practice of nuclear science and the political implications of the atomic scientists work from the start of the Second World War until 1959

In the Shadow of the Garrison State Aaron L. Friedberg, 2012-01-06 War or the threat of war usually strengthens states as governments tax draft soldiers exert control over industrial production and dampen internal dissent in order to build military might The United States however was founded on the suspicion of state power a suspicion that continued to gird its institutional architecture and inform the sentiments of many of its politicians and citizens through the twentieth century In this comprehensive rethinking of postwar political history Aaron Friedberg convincingly argues that such anti statist inclinations prevented Cold War anxieties from transforming the United States into the garrison state it might have become in their absence Drawing on an array of primary and secondary sources including newly available archival materials Friedberg concludes that the weakness of the American state served as a profound source of national strength that allowed the United States to outperform and outlast its supremely centralized and statist rival the Soviet Union Friedberg s analysis of the U S government s approach to taxation conscription industrial planning scientific research and development and armaments manufacturing reveals that the American state did expand during the early Cold War period But domestic constraints on its expansion including those stemming from mean self interest as well as those guided by a principled belief in the virtues of limiting federal power protected economic vitality technological superiority and public support for Cold War activities The strategic synthesis that emerged by the early 1960s was functional as well as stable enabling the United States to deter contain and ultimately outlive the Soviet Union precisely because the American state did not limit unduly the political personal and economic freedom of its citizens Political scientists historians and general readers interested in Cold War history will value this thoroughly researched volume Friedberg s insightful scholarship will also inspire future policy by contributing to our understanding of how liberal democracy s inherent qualities nurture its survival and spread

Cold War Dixie Kari Frederickson, 2013-06-01 Focusing on the impact of the Savannah River Plant SRP on the communities it created rejuvenated or displaced this book explores the parallel militarization and modernization of the Cold War era South The SRP a scientific and industrial complex near Aiken South Carolina grew out of a 1950 partnership between the Atomic Energy Commission and the DuPont Corporation and was dedicated to producing materials for the hydrogen bomb Kari Frederickson shows how the needs of the expanding national security state in combination with the corporate culture of DuPont transformed the economy landscape social relations and politics of this corner of the South In 1950 the area comprising the SRP and its surrounding communities was primarily poor uneducated rural and staunchly Democratic by the mid 1960s it boasted the most PhDs per capita in the state and had become increasingly middle class

suburban and Republican The SRP's story is notably dramatic however Frederickson argues it is far from unique The influx of new money new workers and new business practices stemming from Cold War era federal initiatives helped drive the emergence of the Sunbelt These factors also shaped local race relations In the case of the SRP DuPont's deeply conservative ethos blunted opportunities for social change but it also helped contain the radical white backlash that was so prominent in places like the Mississippi Delta that received less Cold War investment

In the Shadow of Empire Alicia Volk, 2025-05-19 A pioneering look at an immensely creative period in Japanese art that developed amid the Cold War Alicia Volk brings to light a significant body of postwar Japanese art exploring how it accommodated and resisted the workings of the American empire during the early Cold War Volk's groundbreaking account presents the points of view of Japanese artists and their audiences under American occupation and amid the ruins of war Each chapter reveals how artists embraced new roles for art in the public sphere at times by enacting radical critiques of established institutions values and practices and situates a range of compelling art objects in their intersecting artistic and political worlds Centering on the diverse and divisive terrain of Japanese art between 1945 and 1952 *In the Shadow of Empire* creates a fluid map of relationality that brings multiple Cold War spheres into dialogue stretching beyond US occupied Japan to art from China Europe the Soviet Union and the United States and demonstrates the rich potential of this transnational site of artmaking for rethinking the history of Japanese and global postwar art

A Shadow of Red David Everitt, 2007 Tracing the mayhem caused by a handful of anti Communist watchdogs who in 1950 created the blacklist in radio and TV David Everitt makes clear that the conflict over free speech was not a simplistic morality tale of persecutors and the persecuted as routinely portrayed The blacklists though excessive and destructive were not deluded hunters of an imaginary menace *A Shadow of Red* is a cautionary tale about civil liberties in a time of emergency and a vivid example of the polarized political battle over who controls the media a battle that continues to this day

Man, Medicine, and the State Wolfgang Uwe Eckart, 2006 This anthology unites articles about different aspects of scientific human experiments in the course of World War I to the 1960s The majority of them deals with the development of medicine and life sciences as well as the national research promotion under the Nazi regime and during World War II Studies on human experiments of French Japanese and US American research enlarge the perspective on a problem of obviously international range These empirical studies are supplemented by articles on the legal evaluation of this behaviour of scientists as well as on the resulting movement to formulate binding transnational ethical codes on behalf of human experiments

The Conservative Party and the Creation of the Welfare State Eric Caines, 2022-09-13 This book explores the origins of the post war Welfare State in the UK the creation of which is almost universally considered to an extent which is regarded here as being tantamount to a myth as being solely a Labour Party creation The book examines the various contributions to the development of welfarism across the first half of the twentieth century and in particular those of Winston Churchill Neville Chamberlain and William Beveridge It assesses the effects of two World Wars the daunting

economic challenges of the 1920s and 1930s the stimuli to post war reconstruction the 1945 Labour government's implementation of the wartime Coalition Government's post Beveridge conclusions and the Conservative Party's attitude after 1945 to Labour's legislative programme The book invites the reader to accept that taking developments over the half century as a whole the greater share of the credit for the creation of a welfare state belongs to the Conservative Party

The Cumulative Book Index, 1992 A world list of books in the English language **Shadows of Progress** Patrick Russell, James Piers Taylor, 2019-07-25 Britain emerged from war a changed country facing new social industrial and cultural challenges Its documentary film tradition established in the 1930s and 1940s around legendary figures such as Grierson Rotha and Jennings continued evolving utilising technical advances displaying robust aesthetic concerns and benefiting from the entry into the industry of wealthy commercial sponsors Thousands of films were seen by millions worldwide Received wisdom has been that British documentary went into swift decline after the war resurrected only by Free Cinema and the arrival of television documentary *Shadows of Progress* demolishes these simplistic assumptions presenting instead a complex and nuanced picture of the sponsored documentary in flux Patrick Russell and James Piers Taylor explore the reasons for the period's critical neglect and address the sponsorship production distribution and key themes of British documentary They paint a vivid picture of institutions from public bodies to multinational industries constantly redefining their relationships with film as a form of enlightened public relations Many of the issues that these films addressed could not be more topical today the rise of environmentalism the balance of state and industry individual and community a nation and a world travelling from bust to boom and back again In the second part of the book contributors from the curatorial and academic world provide career biographies of key film makers of the period From Lindsay Anderson's lesser known early career to neglected film makers like John Krish Sarah Erulkar Eric Marquis and Derrick Knight a kaleidoscopic picture is built up of the myriad relationships of artist and sponsor **Transforming the Screen, 1950-1959** Peter Lev, 2003 Covering a tumultuous period of the 1950s this work explores the divorce of movie studios from their theater chains the panic of the blacklist era the explosive emergence of science fiction as the dominant genre and the rise of television and Hollywood's response with widescreen spectacles *Keep Watching the Skies!* Bill Warren, 2009-11-30 Bill Warren's *Keep Watching the Skies* was originally published in two volumes in 1982 and 1986 It was then greatly expanded in what we called the 21st Century Edition with new entries on several films and revisions and expansions of the commentary on every film In addition to a detailed plot synopsis full cast and credit listings and an overview of the critical reception of each film Warren delivers richly informative assessments of the films and a wealth of insights and anecdotes about their making The book contains 273 photographs many rare 35 in color has seven useful appendices and concludes with an enormous index This book is also available in softcover format ISBN 978 1 4766 6618 1 **Shadow of the Atom, 1950-1960**, 1991 **Annual Reports on the Progress of Chemistry** Chemical Society (Great Britain), 1949 *Detectives in the Shadows* Susanna Lee, 2020-08-04 A

century of American history reflected in the iconic private eye Steadfast in fighting crime but operating outside the police force and sometimes even the law is the private detective Driven by his own moral code he is a shadowy figure in a trench coat standing on a street corner his face most likely obscured by a tilted fedora a lit cigarette dangling from his hand The hard boiled detective is known by his dark past private pain and powers of deduction He only asks questions never answers them In his stories he is both the main character and the narrator America has had a love affair with the hard boiled detective since the 1920s when Prohibition called into question who really stood on the right and wrong side of the law And nowhere did this hero shine more than in crime fiction In *Detectives in the Shadows* literary and cultural critic Susanna Lee tracks the evolution of this truly American character type from Race Williams to Philip Marlowe and from Mike Hammer to Jessica Jones Lee explores how this character type morphs to fit an increasingly troubled world offering compelling interpretations of *The Wire* *True Detective* and *Jessica Jones* Suddenly in the present day the hard boiled detective wears his or her fatigue outwardly revealing more vulnerability than ever before But the detective remains resolute in the face of sinister forces ever the person of honor For anyone interested in crime fiction and television or for those wanting to understand America's idolization of the good guy with a gun *Detectives in the Shadows* is essential reading

A History of Twentieth-Century British Women's Poetry Jane Dowson, Alice Entwistle, 2005-05-19 Publisher Description

Horrors of War Cynthia J. Miller, A. Bowdoin Van Riper, 2015-05-14 Battlefields have traditionally been considered places where the spirits of the dead linger and popular culture brings those thoughts to life Supernatural tales of war told in print on screen and in other media depict angels demons and legions of the undead fighting against or alongside human soldiers Ghostly war ships and phantom aircraft carry on their never to be completed missions and the spirits sometimes corpses of dead soldiers return to confront the enemies who killed them comrades who betrayed them or leaders who sacrificed them In *Horrors of War: The Undead on the Battlefield* Cynthia J. Miller and A. Bowdoin Van Riper have assembled essays that explore the meaning and significance of these tales Among the questions that the volume seeks to answer are How do supernatural stories engage with cultural attitudes toward war In what ways do these stories reflect or challenge the popular memories of particular wars How do they ask us to think again about battlefield heroism military ethics and the politics of sacrifice Divided into four sections chapters examine undead war stories in film *Carol for Another Christmas* *The Devil's Backbone* television *The Twilight Zone* literature *The Bloody Red Baron* *Devils of D-Day* comics *Weird War Tales* *The Haunted Tank* graphic novels *The War of the Trenches* and gaming *Call of Duty: World at War* Featuring contributions from a diverse group of international scholars these essays address such themes as monstrous enemies and enemies made monstrous legacies and memories of war and the war dead who refuse to rest Drawing together stories from across wars branches of service and generations of soldiers and featuring more than fifty illustrations *Horrors of War* will be of interest to scholars of film popular culture military history and cultural history

Marian Devotions, Political Mobilization, and Nationalism in Europe and

America Roberto Di Stefano, Francisco Javier Ramón Solans, 2016-11-23 This volume examines the changing role of Marian devotion in politics public life and popular culture in Western Europe and America during the nineteenth and twentieth centuries The book brings together for the first time studies on Marian devotions across the Atlantic tracing their role as a rallying point to fight secularization adversarial ideologies and rival religions This transnational approach illuminates the deep transformations of devotional cultures across the world Catholics adopted modern means and new types of religious expression to foster mass devotions that epitomized the catholic essence of the nation In many ways the development of Marian devotions across the world is also a response to the questioning of Pope Sovereignty These devotional transformations followed an Ultramontane pattern inspired not only by Rome but also by other successful models approved by the Vatican such as Lourdes Collectively they shed new light on the process of globalization and centralization of Catholicism *Hearings [and Reports] 81st Congress, 2nd Session: Hearings regarding shipment of atomic material to the Soviet Union during World War II. Exposé of the Communist Party of western Pennsylvania. Hearings regarding communist United States. Congress. House. Committee on Un-American Activities, 1950* The Measurement of Thickness George Keinath, 1958 Precision Measurement and Calibration Sherman F. Booth, 1961

Shadow Of The Atom 1950 196 Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and

manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Shadow Of The Atom 1950 196 PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Shadow Of The Atom 1950 196 PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Shadow Of The Atom 1950 196 free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Shadow Of The Atom 1950 196 Books

1. Where can I buy Shadow Of The Atom 1950 196 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
