In the Shadow of Descartes G.H. Von Wright,2013-03-09 Descartes made a sharp distinction between matter and mind But he also thought that the two interact with one another Is such interaction possible however without either a materialist reduction of mind to matter or an idealist phenomenalist reduction of matter to mind These questions overshadow the Western tradition in metaphysics from the time of Descartes to present times The book makes an effort to stay clear of reductivist views of the two Cartesian substances It defends a dualistic psycho physical parallel theory which reconciles freedom of action with determinism in nature Basic problems in perception theory are also discussed with special emphasis on hearing and sound Because of the intrinsic interest of the subject and the author s non technical presentation of it the book should appeal to all readers with a serious interest in philosophy and psychology *Reclaiming the Shadow Self* Christine Breese,1997-07-01 Did you have a tougher life than most This book is Taking Back Your Power 101 Anwan a group energy helps you understand the soul s reasons for choosing the difficult path why you have a dark side what causes it and how to integrate it Most importantly Anwan advises you on facing deep fear and releasing it once and for all You are concluding the reincarnational cycle in this lifetime This is the first task you have come here to complete Anwan will show you how to sum up your past and present life experiences which many of you are doing now The second task is to lead others to enlightenment This presents the new challenge of becoming a guide to others Anwan is a collective of souls offering great experience and wisdom They are amazingly compassionate and will touch your heart and mind Each Chapter Includes Affirmations Exercises and Beautiful Illustrations
