Shadows on Our Skin, Jennifer Johnston Linda Flynn, Sally West, 1989 *Twentieth-century Fiction by Irish Women* Heather Ingman, 2007 Heather Ingman's study argues that reading twentieth century Irish women's fiction in the light of Kristeva's theories of nationhood places Irish women at the heart of writing about the nation and demonstrates that the political dimension of their fiction has often been underestimated Her book is an important contribution to the study of gender in Irish writing that changes the way we view Irish women's writing **Demons, Hamlets and Femmes Fatales**

Jayne Steel, 2007 The book provides a lively discussion of the ways in which popular fiction appropriates the figure of the Provisional IRA activist and the political conflict within the north of Ireland It looks at how authors recreations or transformations of Irish republicanism might reveal self referential images that are ultimately a product of national identity and or gender identity An important focus of the book interrogates British fascination and fixation with the Provisional IRA and its terrors The many novels discussed in this study include Gerald Seymour Harry's Game Campbell Armstrong Jig Bernard MacLaverty Cal Mary Costello Titanic Town Jennifer Johnston *Shadows on our Skin* Deidre Madden *One by One through the Darkness* Irish Writing in the Twentieth Century David Pierce, 2000 With five Nobel Prize winners seven Pulitzer Prize winners and two Booker Prize winning novelists modern Irish writing has contributed something special and permanent to our understanding of the twentieth century Irish Writing in the Twentieth Century provides a useful comprehensive and pleasurable introduction to modern Irish literature in a single volume Organized chronologically by decade this anthology provides the reader with a unique sense of the development and richness of Irish writing and of the

society it reflected It embraces all forms of writing not only the major forms of drama fiction and verse but such material as travel writing personal memoirs journalism interviews and radio plays to offer the reader a complete and wonderfully varied sense of Ireland's contribution our literary heritage David Pierce has selected major literary figures as well as neglected ones and includes many writers from the Irish diaspora The range of material is enormous and ensures that work that is inaccessible or out of print is now easily available The book is a delightful compilation including many well known pieces and captivating discoveries which anyone interested in literature will long enjoy browsing and dipping into Troubled Histories, Troubled Fictions International Association for the Study of Anglo-Irish Literature. International Congress, 1995 Twentieth century Irish fiction powerfully reflects the intensely political nature of the Irish experience for the last hundred years and earlier The essays in Troubled Histories Troubled Fictions Twentieth Century Anglo Irish Prose focus upon the various ways in which the work of authors otherwise as diverse as James Joyce James Stephens Elizabeth Bowen Molly Keane Eimar O Duffy Jennifer Johnston William Trevor Julia O Faolain and a number of recent women writers synchronizes with items that are or were high on the agenda of Irish politics Discussion ranges from the political and ideological use to which Joyce puts etymology sex and early Irish history the symbolical importance of the Big House and the politics of sexuality in the immediate post independence period to representations of the recent Troubles **It Occurred to Me** Carol Swarbrick Dries, 2002-11 IT OCCURRED TO ME A Guide to a Happy Self is an easy read and an easy guide to alter your attitudes about your place in this world The point is made in different sometimes amusing sometimes touching and sometimes tough ways that we all have a place in this universe and we are at that right place right now Through the journey of these essays you can find simple solutions to everyday misconceptions and challenges We all have had some flawed concepts presented to us about ourselves and about our impact on others Here's a sort of Treasure Map out of depression and self doubt The author shares some very personal stories about how her map got smeared folded and mutilated and then how she has been able to straighten out the wrinkles and decipher her path The next step or turn is continually revealed so long as one is ready and willing to take it The thoughts and ideas expressed in these essays can help anyone out of their self esteem deficit Because they are simply stated they are profound in their universal benefits Try to look for similarities in your own heart in your own experiences Have you felt the same way the author has felt about these issues Can you see a way out Keep reading and thinking and feeling Open your mind to change At the conclusion of the book there is a Certificate of Sufficiency suitable for framing Write your name on it and keep it where you can see it You are ENOUGH right where you are just because you are

Goossen,Anindo Hazra,2014-10-23 This anthology of literary and dramatic works introduces writers from across Asia and the Asian diaspora The landscapes and time periods it describes are rich and varied a fishing village on the Padma River in Bangladesh in the early twentieth century the slums of prewar Tokyo Indonesia during the anti leftist purge of the 1960s and contemporary Tibet Even more varied are the voices these works bring to life which serve as testimony to the lives of those adversely impacted by poverty rapid social change political suppression and armed conflict In the end the works in this anthology convey an attitude of spiritual and communal survival and even of hope This anthology presents the complex dynamic between a diversity of Asian lives and the universalized concept of the individual human entitled to clearly specified rights It also asks us to think about what standards of analysis we should employ when considering a historical period in which universal human rights and civil liberties are considered secondary to the collective good as has so often been the case when nation states are undergoing revolutionary change waging war or championing so called Asian values This book s use of the term Global Asia reflects an interest in rethinking Asia as more than an area determined by national borders and geography Rather this book portrays it as a space of movement and fluidity where societies and individuals respond not only to their local frames of reference but also to broader ideas and ideals Many of the works anthologized here are the subject of scholarly analysis in the companion volume Human Rights and the Arts Perspectives on Global Asia also published by Lexington Books
