Shadows On The Sand The Memoirs Of Sir Gawain Bell:

Shadows on the Sand Sir Gawain Bell, 1983-01-01 *Images of Empire* Martin W. Daly, Jane R. Hogan, 2005 This book combines important and often historic photographs with text to illustrate the value of photographs for the study of modern African history in general and of the Sudan Africa's largest country and one of its most varied **Slavery and Manumission** Jerzy Zdanowski, 2013 I am a free born woman and not a slave of anyone Manuy bint Khalfan Speaking to a British Agency in Sharjah on 24th October 1938 Manuy bint Khalfan was a female slave who was sold and mortgaged several times before she finally escaped from her master **Imperial Culture and the Sudan** Lia Paradis, 2020-05-14 General Gordon's death in the Sudan marks the height of imperial cultural fever Even in the late nineteen seventies the themes of Khartoum were still the basis for children's stories comic books and depictions of masculinity Imperial Culture in the Sudan seeks to examine the cultural impact of Sudan on the popular image of the British empire why were these colonial administrators characterized as adventurers Why was Sudan and the story of General Gordon so popular The author argues it coincided with the mass production of popular journalism the height of Jingoism as a cultural product and therefore a study of Sudan's experience tells us a lot about the British Empire how it was made consumed and remembered *Albion*, 1985 Vols for 1969 1970 consist of the proceedings of the Conference on British Studies Pacific Northwest Section summer 1971 winter 1972 consists of the proceedings of the Conference on British Studies at its Regional and National Meetings spring 1979 winter 1980 includes proceedings of the Conference on British Studies at its Regional and National Meetings spring 1983 includes proceedings of the North American Conference on British Studies **Living with Colonialism** Heather J. Sharkey, 2003-03-18 Histories written in the aftermath of empire have often featured conquerors and peasant rebels but have said little about the vast staffs of locally recruited clerks technicians teachers and medics who made colonialism work day to day Even as these workers maintained the colonial state they dreamed of displacing imperial power This book examines the history of the Anglo Egyptian Sudan 1898 1956 and the Republic of Sudan that followed in order to understand how colonialism worked on the ground affected local cultures influenced the rise of nationalism and shaped the postcolonial nation state Relying on a rich cache of Sudanese Arabic literary sources including poetry essays and memoirs as well as on colonial documents and photographs this perceptive study examines colonialism from the viewpoint of those who lived and worked in its midst By integrating the case of Sudan with material on other countries particularly India Sharkey gives her book broad comparative appeal She shows that colonial legacies such as inflexible borders atomized multi ethnic populations and autocratic governing structures have persisted hobbling postcolonial nation states Thus countries like Sudan are still living with colonialism struggling to achieve consensus and stability within borders that a fallen empire has left behind **American Ascendancy and British Retreat in the Persian Gulf Region** W. Fain, 2008-07-07 This book critically examines the origins of American diplomacy in the greater Persian Gulf region arguing that it was the inability of the United States to

contend effectively with the disintegration of British imperial authority in the Gulf that eventually led it to assume its current role in the region **Colonial Effects** Joseph Andoni Massad,2001 This text analyses how modern Jordanian identity was created and defined The author studies two key institutions the law and the military and uses them to create an analysis of the making of modern Jordanian identity **West Africa** ,1984 **Al-Sabah** Alan Rush,Alan de Lacy Rush,1987 *Africa* ,1986 Includes Proceedings of the Executive council and List of members also section Review of books **Darfur's Sorrow** M. W. Daly,2010-05-24 Darfur s Sorrow is the first general history of Darfur to be published in any language The book surveys events from before the founding of the Fur sultanate in the sixteenth century through the rise and establishment of the Fur state and its incorporation into the Anglo Egyptian Sudan in 1916 The narrative continues with detailed coverage of the brief but all important colonial period 1916 1956 and Darfur s history as a neglected peripheral region since independence The political economic environmental and social factors that gave rise to the current humanitarian crisis are discussed in detail as are the course of Darfur s rebellion its brutal suppression by the Sudanese government and the lawless brigands known as janjawid The second edition of the book brings the story up to date and includes an analysis of attempts to save Darfur s embattled people and to bring an end to the fighting *Islam, Sectarianism, and Politics in Sudan Since the Mahdiyya* Gabriel Warburg,2003 Gabriel Warburg contends that efforts in Sudan to enforce an Islamic state and an Islamic constitution on a multi religious and multi ethnic society have led to prolonged civil war endless military coups and political social and economic bankruptcy He analyzes the history of Sudan s Islamic politics to illuminate current conflicts in the region The revolt in 1881 was led by a Mahdi who came to renew and purify Islam It was in effect an uprising against a corrupt Islamic regime the largely alien Turco Egyptian ruling elite The Mahdiyya was therefore an anti colonial movement seeking to liberate Sudan from alien rule and to unify the Muslim Umma and it later evolved into the first expression of Sudanese nationalism and statehood Post independence Islamic radicalism in turn can be viewed against the background of the Anglo Egyptian Condominium 1899 1956 It also thrived as a result of the resurgence of Islam since the mid 1960s when Nasserism and other popular ideologies were swept aside Finally Sudan has emerged as the center of militancy in Sunni Islam since June 1989 when a group of radical Islamic officers under the guidance of Dr Hassan al Turabi and the NIF assumed power *Concise Biographical Companion to Index Islamicus* Wolfgang Behn,2004-09-01 This first of the ultimately three volume Who s Who in Islamic Studies presents the scholarly world at long last with its own biographical encyclopaedia Taking as a starting point the inventory of authors from the renowned Index Islamicus the author Wolfgang Behn Berlin has systematically collected numerous data on the lives and works of the tens of thousands of authors listed in the Index Islamicus from 1665 to 1980 This Biographical Companion will be an indispensable reference tool for the serious student and scholar of Islamic Studies It enables the user to quickly gain knowledge on the life work and professional background of almost every major and minor author and thus to place each author in his her proper perspective A

tremendous achievement and a true must for every library *Palestine 1936* Oren Kessler, 2023-02-15 2024 Winner Sami Rohr Prize for Jewish Literature The Sami Rohr Jewish Literary Institute One of the Wall Street Journal's 10 Best Books of 2023 Named a Booklist Editors Choice in History Adult Books 2023 Finalist Writing Based on Archival Material National Jewish Book Awards Finalist Sophie Brody Medal American Library Association Kessler has done an exceptional job and opened new vistas on troubles past and present Wall Street Journal Kessler's history is key to understanding the current situation between Israelis and Palestinians Booklist Starred Review A gripping profoundly human yet even handed narrative of the origins of the Middle East conflict with enduring resonance and relevance for our time In spring 1936 the Holy Land erupted in a rebellion that targeted both the local Jewish community and the British Mandate authorities that for two decades had midwived the Zionist project The Great Arab Revolt would last three years cost thousands of lives Jewish British and Arab and cast the trajectory for the Middle East conflict ever since Yet incredibly no history of this seminal formative first Intifada has ever been published for a general audience The 1936 1939 revolt was the crucible in which Palestinian identity coalesced uniting rival families city and country rich and poor in a single struggle for independence Yet the rebellion would ultimately turn on itself shredding the social fabric sidelining pragmatists in favor of extremists and propelling waves of refugees from their homes British forces aggressive counterinsurgency took care of the rest finally quashing the uprising on the eve of World War II The revolt to end Zionism had instead crushed the Arabs themselves leaving them crippled in facing the Jews own drive for statehood a decade later To the Jews the insurgency would leave a very different legacy It was then that Zionist leaders began to abandon illusions over Arab acquiescence to face the unnerving prospect that fulfilling their dream of sovereignty might mean forever clinging to the sword The revolt saw thousands of Jews trained and armed by Britain the world's supreme military power turning their ramshackle guard units into the seed of a formidable Jewish army And it was then amid carnage in Palestine and the Hitler menace in Europe that portentous words like partition and Jewish state first appeared on the international diplomatic agenda This is the story of two national movements and the first sustained confrontation between them The rebellion was Arab but the Zionist counter rebellion the Jews military economic and psychological transformation is a vital overlooked element in the chronicle of how Palestine became Israel Today eight decades on the revolt's legacy endures Hamas's armed wing and rockets carry the name of the fighter preacher whose death sparked the 1936 rebellion When Israel builds security barriers sets up checkpoints or razes homes it is evoking laws and methods inherited from its British predecessor And when Washington promotes a two state solution it is invoking a plan with roots in this same pivotal period Based on extensive archival research on three continents and in three languages *Palestine 1936* is the origin story of the world's most intractable conflict but it is also more than that In Oren Kessler's engaging journalistic voice it reveals world changing events through extraordinary individuals on all sides their loves and their hatreds their deepest fears and profoundest hopes *The Poisoned Well* Roger Hardy, 2019 In *The Poisoned Well* veteran BBC

journalist Roger Hardy presents a realist s history of the Middle East by weaving together stories of political strife and vivid firsthand accounts to illustrate that the current conflicts and crises of the Middle East are borne out of the troubled legacy of Western imperialism in the region Sudan M. W. Daly,1992 **The International Journal of African Historical Studies** ,1986 *Britain's Imperial Administrators, 1858-1966* A. Kirk-Greene,2000-02-24 Britain s famous overseas civil services the Colonial Administrative Service the Indian Civil Service and the Sudan Political Service no longer exist as a major and sought after career for Britain s graduates In this detailed study the history of each service is presented within the framework of the need to administer an expanding empire Close attention is paid to the methods of recruitment and training and to the socio educational background of the overseas administrators as well as to the nature of their work The prestigious incumbents of Government House are revealingly examined The impact of decolonisation on overseas officials and the kinds of second careers which they took up are documented This authoritative narrative history is enlivened by recourse to Service lore and anecdotes **European Decolonization** Martin Thomas,2017-05-15 This collection brings together twenty one key articles that explore the nature and impact of colonial withdrawal Ranging across all the European colonial powers the articles discuss various aspects of decolonization including the role of political violence changing popular attitudes to empire and the inter actions between colonial conflict and Cold War
