Shadows Over My Berlin:

Shadows Over My Berlin Heidi Scriba Vance, Janet Barton Speer, 1996 **The Berlin Shadow** Jonathan Lichtenstein, 2020-12-15 A deeply moving memoir that confronts the defining trauma of the twentieth century and its effects on a father and son In 1939 Jonathan Lichtenstein's father Hans escaped Nazi occupied Berlin as a child refugee on the Kindertransport Almost every member of his family died after Kristallnacht and upon arriving in England to make his way in the world alone Hans turned his back on his German Jewish culture Growing up in post war rural Wales where the conflict was never spoken of Jonathan and his siblings were at a loss to understand their father's relentless drive and sometimes eccentric behavior As Hans enters old age he and Jonathan set out to retrace his journey back to Berlin Written with tenderness and grace *The Berlin Shadow* is a highly compelling story about time trauma family and a father and son's attempt to emerge from the shadows of history *In The Shadow of Giants* Leandro Vignoli, 2021-05-10 What is it like to support a small team in a city where a footballing giant lurks Leandro Vignoli spent 50 days on the road getting up close and personal with the fans of 13 football clubs from ten of Europe's big cities to bring you the inside story This book isn't about glitz and glamour it's a celebration of each club's identity peppered with a sprinkling of history From St Pauli's social activism to Millwall's struggle with hooliganism from Rayo Vallecano's working class roots to Torino's glory and tragedy from the Catalan identity to East Germany's socialist past no stone is left unturned as Vignoli visits teams in Barcelona Madrid Munich Berlin Hamburg Lisbon Paris Turin Glasgow and London Each chapter has a game as a backdrop alongside interviews with fans A football fanatic himself Vignoli weaves a narrative filled with passion and understanding that gets to the root of what it's really like to support an underdog side dwarfed by a footballing giant **In Babel's Shadow** Tuska Benes, 2008 A comprehensive cultural history of the language sciences in nineteenth century Germany In contrast to fields like anthropology the history of linguistics has received remarkably little attention outside of its own discipline despite the undeniable impact language study has had on the modern period In *Babel's Shadow* situates German language scholarship in relation to European nationalism nineteenth century notions of race and ethnicity the methodologies of humanistic inquiry and debates over the interpretation of scripture Author Tuska Benes investigates how the German nation came to be defined as a linguistic community and argues that the linguistic turn in today's social sciences and humanities can be traced to the late eighteenth century emerging within a German tradition of using language to critique the production of knowledge In this volume Benes suggests that nineteenth century philologists interpreted language as evidence of ethnic descent and created influential myths of cultural origin around the perceived starting points of their mother tongue She argues that the origin paradigm so prevalent in German linguistic thought reinforced the historical and ethnic focus of German nationhood with important implications for German theologians cultural critics philosophers and racial theorists In *Babel's Shadow* also contextualizes the importance of linguistics to modern cultural studies by arguing that the cultural significance attributed to

language in twentieth century French philosophy dates to the late eighteenth century and has clear precedents in theology Benes links the German tradition of reflecting on the autonomous powers of language to the work of the fathers of structuralist and poststructuralist thought Ferdinand de Saussure and Friedrich Nietzsche In *Babel's Shadow* makes clear that comparative philology helped make language an important model and informing metaphor for other modes of thinking in the modern human sciences Cultural and intellectual historians scholars of German language and literature and linguists will enjoy this illuminating volume

Bismarck's Shadow Richard Frankel, 2004-12-01 History is a tale often told by ghosts and demi gods and our relationship to these figures often determines the shape of the narratives we weave about the past *Bismarck's Shadow* targets this idea as it is a book that unearths a fascinating phenomenon of German political culture the elevation of a dead political figure Otto von Bismarck to the level of a demi god and the effects of such deification on the course of German politics during the first half of the 20th century Already a central national symbol during his lifetime after his death Bismarck became the object of a political religion what Frankel regards as a Bismarck Cult This book examines how certain ritual practices and a particular historical understanding a Bismarckian gospel provided its followers meaning and direction Extending beyond the cultural as well *Bismarck's Shadow* also looks at how the cult of Bismarck translated into political practice In Frankel's estimation the logic of the Bismarckian political religion contributed to the right's progressive radicalization from the turn of the century to the triumph of the Nazis The image of the deceased figure of Bismarck serves as a tool to investigate the transformation of the German right from a traditional state supporting group to a populist radical nationalist movement like Nazism Timely and compelling *Bismarck's Shadow* raises long overdue questions about the political religion of National Socialism Germans perceptions about Bismarck and the relationship between Otto von Bismarck and Adolf Hitler

In Quisling's Shadow Alexandra Yourieff, W. George Yourieff, 2013-09-01 Alexandra Andreevna Voronine Yourieff wife of Vidkun Quisling reveals firsthand in this detailed memoir the tragedy betrayals misunderstandings and happiness of her fascinating life Not just a tale of saints and sinners but of three people Alexandra Quisling and his second wife Maria whose fates were intertwined under the extreme conditions created by revolution war and famine in Russia She discloses every particular of her long and tumultuous life from her happy early childhood on the Crimean peninsula thorough the horrors of the revolution her marriage to Quisling and his ultimate betrayals of both her and his country to her later life in France and California

Sisters of Providence Allen Paul Speer, Janet Barton Speer, 2000 The lives and writings of these two sisters Jennie and Ann Speer provide us a window on a world that for a long time was rarely seen and only recently has been exposed The life of neither sister is an altogether happy one The writings of both Jennie in particular are full of a kind of yearning of sadness of possibilities not realized One feels both a vast sympathy and strong admiration for these sisters who dwelled in obscurity and wanted to be heard Now with the publication of their writings unread for nearly a century and a half past they are no longer silenced

Child Survivors in the Shadows Lilo L.

Cohn-Sharon, 2013 The first part of the book was published as A Shadow over My Life Jerusalem Gefen 1994 Pt 2 of the book p 59 115 contains poems by the author **Where Light and Shadow Meet** Emilie Schindler, Erika Rosenberg, 1997 The woman who married Oskar Schindler tells the true story of their life together what they did to save the Jews in their factories and how this led to Schindler's List Where Light and Shadow Meet tells the story of a woman's daily acts of bravery during Hitler's reign and why they mattered Photos Maps **In the Shadow of the Holocaust** James F. Tent, 2003 James Tent recounts how these men and women from all over Germany and from all walks of life struggled to survive in an increasingly hostile society even as their Jewish relatives were disappearing into the East It draws on extensive interviews with twenty survivors many of whom were teenagers when Hitler came to power to show how half Jews coped with conditions on a day to day basis and how the legacy of the hatred they suffered still lingers in their minds **From the Shadow of the Blues** John Lee Hooker Jr., 2025-02-04 A powerful memoir of redemption from the son of blues legend John Lee Hooker Born in Detroit and exposed to the music world from an early age John Lee Hooker Jr began singing as a featured attraction in his father's shows as a teenager His father was a sharecropper's son who became known for hit songs like Boogie Chillen I'm in the Mood and Boom Boom and in 1972 he and his father performed live and recorded an album in Soledad Prison Junior seemed to have a golden ticket to a successful music career as a child but trouble brewed as his father's marriage was in trouble and ripped apart the family Drug addiction and a series of related crimes including as a con player landed Junior in and out of jails prisons for several decades An early brush with the law led to a sentence at Synanon the infamous drug rehabilitation program turned religious cult Later arrests resulted in time served in prisons including at Soledad San Quentin and Avenal Shot stabbed and convicted multiple times Junior was at his lowest point doing time at a Santa Rita jail but it was at that moment that he found the Lord He emerged clean and sober and began a successful career as a blues singer earning two Grammy nominations as well as the Bobby Blue Bland Lifetime Achievement Award He eventually devoted himself fully to his faith Reverend John Lee Hooker Jr testifies preaches and performs gospel music in churches and prisons in both Germany and America **Race in the Shadow of Law** Eddie Bruce-Jones, 2016-12-01 Race in the Shadow of Law offers a critical legal analysis of European responses to institutional racism It draws connections between contemporary legal knowledge practices and colonial systems of thought arguing that many people of colour experience the law as a part of a racial problem rather than a solution to racial injustice Based on a critical legal ethnography of anti racism work in Europe and with an emphasis on the German context the book positions Black and anti racist perspectives at the centre rather than the margins of critically thinking through the intersection of race and law Combining this ethnography with comparative legal analysis discourse analysis and critical race theory the book develops a critical discussion of the European legal frameworks aimed at regulating racism and particularly institutional racism in policy and policing In linking this critique to the transformative potential of social movements however it goes on to examine the strategic and creative possibility of disrupting conventional
