Queen

O Macbeth, speak no more!

Thou hast made me cruel even to my wife,

And there I see such blood and gashed open

As will not leave their scars.

Macbeth

Mayhap so be it

In the cruel realm of an immortal hell.

For I'm a corrupted, bloody and murdering lion

Over my many prey

Queen

A good to me as more

There would be lightning when it rains very

No more more Macbeth

Shakespeare after Theory

Macbeth.

Whence is that knocking?
How late is't with me when even
Than Friends are here? HAD I
Will all great Neptune's own
Clean from my hand? No. 'Tis
The multitudinous seas
Making the green one red.

Enter Lady Macbeth.

Lady.

My hands are of your colour;
To wear a heart so white. I
A little water clears us of this
How easy is it then! Your up
Black like your countenance. It
Gleam on your nightgown. See
And show us to be watchers
So poorly in your thoughts.

Macbeth.

To know my deed, 'twere like
Water Thence with my knife

Criticism After Theory from Shakespeare to Virginia Woolf Perry Meisel, 2022-05-30 The argument of this book is a simple one that criticism after theory is a single movement of thought defined by synthesis and continuity rather than by conflict and change The most influential figures in criticism since Saussure Bakhtin Derrida and Foucault are wholly consistent with Saussure's foundational *Course in General Linguistics* 1916 no matter the traditions of complaint that have followed in Saussure's wake from Bakhtin forward These complaints vitiate despite themselves and often hilariously so the misconceptions that have made cottage industries out of quarrels with Saussurean semiology that are based on notions of Saussure that are incorrect The materialist criticism dominant today is actually dependent upon on the legacy of a presumably formalist structuralism rather than a step beyond it New Historicism postcolonialism gender studies environmental criticism archive studies even shared and surface reading are like deconstruction the by products of Saussure's structuralism not its foils Saussure's sign is sensory and concrete Language and materiality are not distinct but one and the same history society the psychological subject even the environment are systems of signs material archives read and reread by futures that produce the past after the fact Without Saussure contemporary criticism would have no identifiable or effective source The book begins with chapters on Saussure and Derrida Bakhtin and Shakespeare and Freud and Foucault followed by chapters on Victorian and American fiction D H Lawrence and modern poetry Virginia Woolf and Melanie Klein and the historicist tropology of psychoanalysis It concludes with a coda in life writing on the author's epileptic disability
