**Dante in Love** Harriet Rubin, 2005-05-27. Dante in Love is the story of the most famous journey in literature. Dante Alighieri exiled from his home in Florence, a fugitive from justice, followed a road in 1302 that took him first to the labyrinths of hell, then up the healing mountain of purgatory and finally to paradise. He found a vision and a language that made him immortal. Author Harriet Rubin follows Dante's path along the old Jubilee routes that linked monasteries and all roads to Rome. It is a path followed by generations of seekers from T.S. Eliot, Sigmund Freud, Primo Levi to Bruce Springsteen. After the poet fled Rome for Siena, he walked along the upper Arno past La Verna to Bibiena to Cesena and to the Po plain. During his nineteen-year journey, Dante wrote his unfathomable heart song as Thomas Carlyle called *The Divine Comedy*, a poem that explores the three states of the psyche. Eliot, a lifelong student of the Comedy, said Dante and Shakespeare divide the modern world between them; there is no third. Dante in Love tells the story of the High Middle Ages, a time during which the artist Giotto was the first to paint the sky blue, Francis of Assisi discovered knowledge in humility and the great doctors of the church mapped the soul and stood back to admire their cathedrals. Dante's medieval world gave birth to the foundation of modern art, faith and commerce. Dante and his fellow artists were trying to decode God's art and in so doing unravel the double helix of creativity. We meet the painters, church builders and pilgrims from Florence to Rome to Venice and Verona who made the roads the center of the medieval world. Following Dante's route, we are inspired to undertake journeys of discovering ourselves. In the vein of Brunelleschi's Dome, Galileo's Daughter and Wittgenstein's Poker, *Dante in Love* is a worldly and spiritual travelogue of the poet's travels and the journey of creativity that produced the greatest poem ever written.

**Shakespearean Adaptation, Race and Memory in the New World** Joyce Green MacDonald, 2020-08-24. As readers head into the second fifty years of the modern critical study of blackness and black characters in Renaissance drama, it has become a critical commonplace to note the black female characters' almost complete absence from Shakespeare's plays. Despite this physical absence, however, they still play central symbolic roles in articulating definitions of love, beauty, chastity, femininity and civic and social standing, invoked as the opposite and foil of women who are fair. Beginning from this recognition of black women's simultaneous physical absence and imaginative presence, this book argues that modern Shakespearean adaptation is a primary means for materializing black women's often elusive presence in the plays, serving as a vital staging place for historical and political inquiry into racial formation in Shakespeare's world and our own. Ranging

geographically across North America and the Caribbean and including film and fiction as well as drama as it discusses remade versions of Othello Romeo and Juliet Antony and Cleopatra and The Taming of the Shrew Shakespearean Adaptation Race and Memory in the New World will attract scholars of early modern race studies gender and performance and women in Renaissance drama
