Shakespeare And Religion:

A Will to Believe David Scott Kastan, 2014-01-16 On 19 December 1601 John Croke then Speaker of the House of Commons addressed his colleagues If a question should be asked What is the first and chief thing in a Commonwealth to be regarded I should say religion If What is the second I should say religion If What the third I should still say religion But if religion was recognized as the chief thing in a Commonwealth we have been less certain what it does in Shakespeare's plays Written and performed in a culture in which religion was indeed inescapable the plays have usually been seen either as evidence of Shakespeare's own disinterested secularism or more recently as coded signposts to his own sectarian commitments Based upon the inaugural series of the Oxford Wells Shakespeare Lectures in 2008 *A Will to Believe* offers a thoughtful surprising and often moving consideration of how religion actually functions in them not as keys to Shakespeare's own faith but as remarkably sensitive registers of the various ways in which religion charged the world in which he lived The book shows what we know and can't know about Shakespeare's own beliefs and demonstrates in a series of wonderfully alert and agile readings how the often fraught and vertiginous religious environment of Post Reformation England gets refracted by the lens of Shakespeare's imagination

Religions in Shakespeare's Writings David V. Urban, 2020-12-10 Offering a wide range of scholarly perspectives *Religions in Shakespeare's Writings* explores Shakespeare's depictions throughout his canon of various religions and matters related to them This collection's fifteen essays explore matters pertaining to Catholic Anglican and Puritan Christianity the Albigensian heresy of the high middle ages Islam Judaism Roman religion different manifestations of religious paganism and even the religion of Shakespeare practiced by Shakespeare's nineteenth century admirers These essays analyze how Shakespeare depicts both tensions between religions and the syntheses of different religious expressions on topics as diverse as Shakespeare's varied portrayals of the afterlife religious experience in *Measure for Measure* and *Black natural law* and *The Tempest* This collection also explores the political ramifications of religion within Shakespeare's works as well as Shakespeare's multifaceted uses of the Bible Additionally while this collection does not present a Shakespeare whose particular religious beliefs can definitely be known or are displayed uniformly throughout his canon various essays consider to what extent Shakespeare's individual works demonstrate a Christian foundation Contributors include John D Cox Cyndia Susan Clegg Grace Tiffany Matthew J Smith Bethany C Besteman Sarah Skwire Feisal Mohamed Benedict J Whalen Benjamin Lockerd Bryan Adams Hampton Debra Johanyak John E Curran Emily E Stelzer David V Urban and Julia Reinhard Lupton

The Cambridge Companion to Shakespeare and Religion Hannibal Hamlin, 2019-03-28 A wide ranging yet accessible investigation into the importance of religion in Shakespeare's works from a team of eminent international scholars

The Religion of Shakespeare Richard Simpson, Henry Sebastian Bowden, 1899

Religion in the Age of Shakespeare Christopher Baker, 2007-09-30 Shakespeare's plays were the product of his culture and reflect the daily life of Elizabethans This book examines the religious background of his works and helps students use his

plays to understand religion in Elizabethan England The initial chapters survey the role of religion in Shakespeare s world The volume then looks at religion in his plays and how productions from different periods have addressed the religious issues of his drama A chapter then overviews criticism on Shakespeare and religion while a selection of primary documents illuminates his religious milieu Students often find the Elizabethan world fascinating yet challenging The same can be said of Shakespeare s plays which reflect the daily life and concerns of Elizabethan England and grew out of his milieu Written for students this book illuminates the religious life of Elizabethan England promotes a greater understanding of Shakespeare s plays and uses Shakespeare s works to examine Early Modern religious culture The volume begins with a quick overview of the origins of Elizabethan religious traditions followed by a more detailed consideration of the chief religious beliefs and concerns of Shakespeare s world It then discusses the role of religion in Shakespeare s plays This is followed by a look at how various productions have interpreted his religious concerns A review of criticism on Shakespeare and religion follows along with a selection of primary documents related to religion in his world A glossary defines key terms and concepts and a bibliography cites print and electronic resources for further study Literature students will welcome this book as a guide to Shakespeare s plays while history students will value it for using his plays to examine religion in the Early Modern era

Texts and Traditions Beatrice Groves,2006-11-30 Texts and Traditions explores Shakespeare s thoroughgoing engagement with the religious culture of his time In the wake of the recent resurgence of interest in Shakespeare s Catholicism Groves eschews a reductively biographical approach and considers instead the ways in which Shakespeare s borrowing from both the visual culture of Catholicism and the linguistic wealth of the Protestant English Bible enriched his drama Through close readings of a number of plays Romeo and Juliet King John 1 Henry IV Henry V and Measure for Measure Groves unearths and explains previously unrecognised allusions to the Bible the Church s liturgy and to the mystery plays performed in England in Shakespeare s boyhood Texts and Traditions provides new evidence of the way in which Shakespeare exploited his audience s cultural memory and biblical knowledge in order to enrich his ostensibly secular drama and argues that we need to unravel the interpretative possibilities of these religious nuances in order fully to grasp the implications of his plays

Religion Around Shakespeare Peter Iver Kaufman,2015-06-26 For years scholars and others have been trying to out Shakespeare as an ardent Calvinist a crypto Catholic a Puritan baiter a secularist or a devotee of some hybrid faith In Religion Around Shakespeare Peter Kaufman sets aside such speculation in favor of considering the historical and religious context surrounding his work Employing extensive archival research he aims to assist literary historians who probe the religious discourses characters and events that seem to have found places in Shakespeare s plays and to aid general readers or playgoers developing an interest in the plays and playwright s religious contexts Catholic conformist and reformist Kaufman argues that sermons preached around Shakespeare and conflicts that left their marks on literature law municipal chronicles and vestry minutes enlivened the world in which and with which he worked and can enrich our

understanding of the playwright and his plays **Shakespeare and Religion** Alison Shell, 2014-09-26 This book sets Shakespeare in the religious context of his times presenting a balanced up to date account of current biographical and critical debates and addressing the fascinating under studied topic of how Shakespeare's writing was perceived by literary contemporaries both Catholic and Protestant whose priorities were more obviously religious than his own It advances new readings of several plays especially Hamlet King Lear and The Winter's Tale these draw in many cases on new and under exploited contemporary analogues ranging from conversion narratives books of devotion and polemical pamphlets to manuscript drama and emblems Shakespeare's writing has been seen both as profoundly religious giving everyday human life a sacramental quality and as profoundly secular foreshadowing the kind of humanism that sees no necessity for God This study attempts to reconcile these two points of view describing a writer whose language is saturated in religious discourse and whose dramaturgy is highly attentive to religious precedent but whose invariable practice is to subordinate religious matter to the particular aesthetic demands of the work in hand For Shakespeare as for few of his contemporaries the Judaeo Christian story is something less than a master narrative **Shakespeare and Religion** Margie Burns, 2025-04-08 Twelve research articles deal with aspects of religion in the plays of William Shakespeare from early in the dramatist's career to the end Ordered by chronology two chapters focus on history plays three chapters focus on comedies and three on tragedies one deals with Troilus and Cressida and three chapters deal with the late romances The anthology does not cover all of Shakespeare's plays and collaborations or the lyric poems The collection is ecumenical and transnational While the contributors all recognize that Shakespeare wrote in a Renaissance Christian universe Christianity is not the only world religion dealt with Approaches involve history and philosophy as well as theology and individual perspectives vary One thing the collection makes clear is that religion in some sense operates in every Shakespearean work and its large spectrum ranges through plot and character from shallow to deep self interested to elevated bloody to harmonious Religion and religious differences were also part of the fabric and history of the playwright's world manifesting in the plays in situation language and iconography From various perspectives a common denominator is that the authors approach aspects of religion as one element in an informed analysis of the works Shakespeare and Religion G. Wilson Knight, 2013-10-08 First Published in 2002 Part of the G Wilson Knight collection the essays included in this volume constitute a fairly consistent record of his attempts over a period of some forty years to explore the deeper significances of Shakespearean poetry and drama

Christian Humanism in Shakespeare Lee Oser, 2022-05-06 Shakespeare Lee Oser argues is a Christian literary artist who criticizes and challenges Christians but who does so on Christian grounds Stressing Shakespeare's theological sensitivity Oser places Shakespeare's work in the radical middle the dialectical opening between the sacred and the secular where great writing can flourish According to Oser the radical middle was and remains a site of cultural originality as expressed through mimetic works of art intended for a catholic small c audience It describes the conceptual space where

Shakespeare was free to engage theological questions and where his Christian skepticism could serve his literary purposes Oser reviews the rival cases for a Protestant Shakespeare and for a Catholic Shakespeare but leaves the issue open focusing instead on how Shakespeare exploits artistic resources that are specific to Christianity including the classical Christian rhetorical tradition The scope of the book ranges from an introductory survey of the critical field as it now stands to individual chapters on *A Midsummer Night's Dream* *The Merchant of Venice* *The Henriad* *Hamlet* and *King Lear* Writing with a deep sense of literary history Oser holds that mainstream literary criticism has created a false picture of Shakespeare by secularizing him and misconstruing the nature of his art Through careful study of the plays Oser recovers a Shakespeare who is less vulnerable to the winds of academic and political fashion and who is a friend to the enduring project of humanistic education

Christian Humanism in Shakespeare A Study in Religion and Literature is both eminently readable and a work of consequence

Shakespeare and Religious Change K. Graham, P. Collington, 2009-07-16 This balanced and innovative collection explores the relationship of Shakespeare's plays to the changing face of early modern religion considering the connections between Shakespeare's theatre and the religious past the religious identities of the present and the deep cultural changes that would shape the future of religion in the modern world

Shakespeare and Early Modern Religion David Loewenstein, Michael Witmore, 2015-01-22 This volume freshly illuminates the diversity of early modern religious beliefs practices and issues and their representation in Shakespeare's plays

Shakespeare and religion George Wilson Knight, 2002

Shakespeare, Religion and Beyond Robert F. Fleissner, 2010-10-19 A daring look into the art and technique of one of history's most celebrated literary scholars Shakespeare Religion and Beyond is a detailed documentation on that attempt to shed light on a missing piece in a cryptic puzzle As described by Robin L Inboden Ph D Wittenberg University Fleissner's book summarized interrogates and extends both long held assumptions about Shakespeare's work and newer claims alike His speculative web of connections among plays the life the religion and the literary inspirations of Shakespeare links the unexpected and thus suggests potentially fruitful avenues for further study

Shakespeare and Religion Kenneth S. Jackson, Arthur F. Marotti, 2011 Shakespeare and Religion examines the topic of religion in Shakespearean drama from two points of view the historical and that of postmodern philosophy and theology

Studies in Religion from Shakespeare Ambrose N. Blatchford, 1899

Shakespeare and Religion George Wilson Knight, 1967

Secret Shakespeare Richard Wilson, 2004 Shakespeare's Catholic context was the most important literary discovery of the last century No biography of the Bard is now complete without chapters on the paranoia and persecution in which he was educated or the treason which engulfed his family Whether to suffer outrageous fortune or take up arms in suicidal resistance was as Hamlet says the question that fired Shakespeare's stage In Secret Shakespeare Richard Wilson asks why the dramatist remained so enigmatic about his own beliefs and so silent on the atrocities he survived Shakespeare constructed a drama not of discovery like his rivals but of darkness deferral evasion and disguise where for all his hopes of a golden time of future toleration What's to

come is always unsure Whether or not He died a papist it is because we can never pluck out the heart of his mystery that Shakespeare's plays retain their unique potential to resist This is a fascinating work which will be essential reading for all scholars of Shakespeare and Renaissance studies Shakespeare's Hybrid Faith Jean-Christophe Mayer, 2006 Shakespeare's Hybrid Faith offers a complete review of current scholarship on Shakespeare and religion and a fresh perspective on the vexed question of the dramatist's religious orientation It throws new light on the issue by dismissing sectarian and one-sided theories tackling the problem from the angle of the variegated Elizabethan context which modern historians and theatre scholars have recently uncovered The book which relies to a large extent on primary material including archival material some of which has never been published before argues in particular that faith was more of a quest than a quiet certainty for the playwright Far from being silent on the subject of religion Shakespeare in fact came back to this issue again and again throughout his career as a poet and dramatist primarily to find answers to the religious questions that haunted him and his fellow Elizabethans

Embracing the Tune of Phrase: An Emotional Symphony within **Shakespeare And Religion**

In some sort of consumed by monitors and the ceaseless chatter of immediate connection, the melodic beauty and mental symphony created by the written word often diminish into the backdrop, eclipsed by the persistent noise and distractions that permeate our lives. Nevertheless, located within the pages of **Shakespeare And Religion** a marvelous literary value filled with raw emotions, lies an immersive symphony waiting to be embraced. Constructed by a wonderful composer of language, that captivating masterpiece conducts viewers on a psychological journey, well unraveling the concealed songs and profound impact resonating within each carefully crafted phrase. Within the depths of the emotional assessment, we can explore the book is central harmonies, analyze its enthralling publishing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
