The Shakespeare Circle C. Martin Mitchell,1977 A life of Dr John Hall Shakespeare s son in law with glimpses of their intimate friends relations **John Hall, Master of Physicke** Paul Edmondson,Greg Wells,2020-02-12 The Shakespeare Circle Paul Edmondson,Stanley Wells,2015-10-22 This collection tells the life stories of the people whom we know Shakespeare encountered shedding new light on Shakespeare s life and times **The Shakespeare Circle** C. Martin Mitchell,2015 *Shakespeare's Lives* Samuel Schoenbaum,1991 This volume presents a study of the changing images and differing ways that the life of English poet and playwright William Shakespeare 1564 1616 has been interpreted throughout history The author takes readers on a tour of the countless myths and legends which have arisen to explain the great dramatist s life and work bringing the story right up to 1989 He reconstructs as much of the elusive author s life as possible considering his family history his economic standing and his reputation with his peers the Shakespeare who emerges may not always be the familiar one Early Shakespeare, 1588-1594 Rory Loughnane,Andrew J. Power,2020-04-30 Early Shakespeare 1588 1594 draws together leading scholars of text performance and theatre history to offer a rigorous re appraisal of Shakespeare s early career The contributors offer rich new critical insights into the theatrical and poetic context in which Shakespeare first wrote and his emergence as an author of note while challenging traditional readings of his beginnings in the burgeoning theatre industry Shakespeare s earliest works are treated on their own merit and in their own time without looking forward to Shakespeare s later achievements contributors situate Shakespeare in his twenties in a very specific time place and cultural moment The volume features essays about Shakespeare s early style characterisation and dramaturgy together with analysis of his early co authors rivals and influences including Lyly Spenser and Marlowe This collection provides essential entry points to and original readings of the poet dramatist s earliest extant writings and shines new light on his first activities as a professional author Historical Dictionary of the Elizabethan World John Wagner,2013-04-03 No period of British history generates such deep interest as the reign of Elizabeth I from 1558 to 1603 The individuals and events of that era continue to be popular topics for contemporary literature and film and Elizabethan drama poetry and music are studied and enjoyed everywhere by students scholars and the general public The Historical Dictionary of the Elizabeth World provides clear definitions and descriptions of people events institutions ideas and terminology relating in some significant way to the Elizabethan period The first dictionary of history to focus exclusively on the reign of Elizabeth I the Dictionary is also the first to take a broad trans Atlantic approach to the period by including relevant individuals and terms from Irish Scottish Welsh American and Western European history Editors Choice Reference **The New Cambridge Bibliography of English Literature: Volume 1, 600-1660** George Watson,Ian Roy Willison,1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to

the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries Women of Will Tina Packer,2016-03-08 Women of Will is a fierce and funny exploration of Shakespeare s understanding of the feminine Tina Packer one of our foremost Shakespeare experts shows that Shakespeare began in his early comedies by writing women as shrews to be tamed or as sweet little things with no independence of thought The women of the history plays are much more interesting beginning with Joan of Arc Then with the extraordinary Juliet there is a dramatic shift suddenly Shakespeare s women have depth motivation and understanding of life more than equal to that of the men As Shakespeare ceases to write women as predictable caricatures and starts writing them from the inside his women become as dimensional spirited spiritual active and sexual as any of his male characters Wondering if Shakespeare had fallen in love Packer considers with whom and what she may have been like the author observes that from Juliet on Shakespeare s characters demonstrate that when women and men are equal in status and passion they can and do change the world National Library of Medicine Current Catalog National Library of Medicine (U.S.),1993 *ANNUAL BIBLIOGRAPHY OF ENGLISH LANGUAGE AND LITERATURE.
