Shakespeare His World

Subha Mukherji

Shakespeare His World:

Blind Spots of Knowledge in Shakespeare and His World Subha Mukherji, 2019-04-01 A blind spot suggests an obstructed view or partisan perception or a localized lack of understanding Just as the brain reads the blind spot of the visual field by a curious process of readjustment Shakespearean drama disorients us with moments of unmastered and unmasterable knowledge recasting the way we see know and think about knowing Focusing on such moments of apparent obscurity this volume puts methods and motives of knowing under the spotlight and responds both to inscribed acts of blind sighting and to the text or action blind sighting the reader or spectator While tracing the hermeneutic yield of such occlusion is its main conceptual aim it also embodies a methodological innovation structured as an internal dialogue it aims to capture and stake out a place for a processive intellectual energy that enables a distinctive way of knowing in academic life and to translate a sense of intellectual community into print William Shakespeare John F. Andrews, 1985 **William Shakespeare**, 1985 Shakespeare, His World and His Work Max Meredith Reese, 1964 **Mendelssohn and His World** R. Larry Todd, 2005 In the first major Mendelssohn biography to appear in decades R Larry Todd offers a remarkably fresh account of this musical giant based upon painstaking research in autograph manuscripts correspondence diaries and paintings Todd reexamines the composer's entire oeuvre including many unpublished and little known works and explores how the composer's personal life affected his work Mendelssohn A Life offers a masterful blend of biography and musical analysis Readers will discover many new facets of the familiar but misunderstood composer and gain new perspectives on one of the most formidable musical geniuses of all time Shakespeare's Auditory Worlds Walter W. Cannon, Laury Magnus, 2020-10-27 Inspired by the verbal exuberance and richness of all that can be heard by audiences both on and off Shakespeare's stages Shakespeare's Auditory Worlds examines such special listening situations as overhearing eavesdropping and asides It breaks new ground by exploring the complex relationships between sound and sight dialogue and blocking dialects and other languages re voicings and finally nonverbal or metaverbal relationships inherent in noise sounds and music staging interstices that have been largely overlooked in the critical literature on aurality in Shakespeare Its contributors include David Bevington Ralph Alan Cohen Steve Urkowitz and Leslie Dunn and in a concluding Virtual Roundtable section six seasoned repertory actors of the American Shakespeare Center as well who discuss their nuanced hearing experiences on stage Their hearing invites us to understand the multiple dimensions of Shakespeare's auditory world from the vantage point of actors who are listening in the round to what they hear from their onstage interlocutors from offstage and backstage cues from the musicians galleries and often most interestingly from their audiences William Shakespeare, 1985 **William Shakespeare: His world** John Frank Andrews, 1985 Contains sixty original essays by historians scholars critics writers and actors which provide a variety of perspectives on the world work and influence of sixteenth century playwright and poet William Shakespeare **Shakespeare, His World & His Work** Max Meredith

Reese,1953 **William Shakespeare: His work** John Frank Andrews,1985 Contains sixty original essays by historians scholars critics writers and actors which provide a variety of perspectives on the world work and influence of sixteenth century playwright and poet William Shakespeare **Shakespeare's Possible Worlds** Simon Palfrey,2014-05-22 New methods are needed to do justice to Shakespeare His work exceeds conventional models past and present for understanding playworlds In this book Simon Palfrey goes right to the heart of early modern popular drama revealing both how it works and why it matters Unlike his contemporaries Shakespeare gives independent life to all his instruments and to every fraction and fragment of the plays Palfrey terms these particles formations theatre specific forms that move with their own action and passion Palfrey's book is critically daring in both substance and format Its unique mix of imaginative gusto thought experiments and virtuosic technique generates piercing close readings of the plays There is far more to playlife than meets the eye Influenced by Leibniz's visionary original model of possible worlds Palfrey opens up the multiple worlds of Shakespeare's language scenes and characters as never before **Shakespeare: His World and His Work** Reese M M,1991 The Shakespeare First Folio: A new worldwide census of first folios Anthony James West,2001 Existing copies of the Shakespeare First Folio 1623 were surveyed and counted a hundred years ago in Sidney Lee's Census of 1902 Since then some seventy copies have come to light some of which are only now identified as First Folios This new Census lists 229 copies giving concise descriptions of each The entries cover condition including the number of original leaves items of special interest provenance and binding A concordance of Lee and West numbers is also provided To set the stage the volume tells the story of the search for copies and the detective work involved in dealing with doubtful identifications Because Folios survive in such a wide variety of condition the tests for defining what to count as a copy are described then demonstrated with three unnumbered unrecognized copies at the Folger Shakespeare Library Finally details of missing copies are given to increase the likelihood of their rediscovery **Giacomo Puccini and His World** Arman Schwartz,Emanuele Senici,2016-08-09 Giacomo Puccini 1858 1924 is the world's most frequently performed operatic composer yet he is only beginning to receive serious scholarly attention In *Giacomo Puccini and His World* an international roster of music specialists several writing on Puccini for the first time offers a variety of new critical perspectives on the composer and his works Containing discussions of all of Puccini's operas from *Manon Lescaut* 1893 to *Turandot* 1926 this volume aims to move beyond clichés of the composer as a Romantic epigone and to resituate him at the heart of early twentieth century musical modernity This collection's essays explore Puccini's engagement with spoken theater and operetta and with new technologies like photography and cinema Other essays consider the philosophical problems raised by realist opera discuss the composer's place in a variety of cosmopolitan formations and reevaluate Puccini's orientalism and his complex interactions with the Italian fascist state A rich array of primary source material including previously unpublished letters and documents provides vital information on Puccini's interactions with singers conductors and stage directors and on the early reception of the

verismo movement Excerpts from Fausto Torrefranca's notorious Giacomo Puccini and International Opera perhaps the most vicious diatribe ever directed against the composer appear here in English for the first time The contributors are Micaela Baranello Leon Botstein Alessandra Campana Delia Casadei Ben Earle Elaine Fitz Gibbon Walter Frisch Michele Girardi Arthur Groos Steven Huebner Ellen Lockhart Christopher Morris Arman Schwartz Emanuele Senici and Alexandra Wilson

Shakespeare as Literary Dramatist Lukas Erne, 2013-04-25 This second edition of Erne's groundbreaking study includes a new preface that reviews the controversy the book has triggered *Shakespeare's Lives* Samuel Schoenbaum, 1991 This volume presents a study of the changing images and differing ways that the life of English poet and playwright William Shakespeare 1564-1616 has been interpreted throughout history The author takes readers on a tour of the countless myths and legends which have arisen to explain the great dramatist's life and work bringing the story right up to 1989 He reconstructs as much of the elusive author's life as possible considering his family history his economic standing and his reputation with his peers the Shakespeare who emerges may not always be the familiar one **The Millionaire and the Bard** Andrea Mays, 2015 Today it is the most valuable book in the world Recently one sold for over five million dollars It is the book that rescued the name of William Shakespeare and half of his plays from oblivion The Millionaire and the Bard tells the miraculous and romantic story of the making of the First Folio and of the American industrialist whose thrilling pursuit of the book became a lifelong obsession *Defining Shakespeare* MacDonald Pairman Jackson, 2003 That very great play *Pericles* as T. S. Eliot called it poses formidable problems of text and authorship The first of the Late Romances it was ascribed to Shakespeare when printed in a quarto of 1609 but was not included in the First Folio 1623 collection of his plays This book examines rival theories about the quarto's origins and offers compelling evidence that *Pericles* is the product of collaboration between Shakespeare and the minor dramatist George Wilkins who was responsible for the first two acts and for portions of the brothel scenes in Act 4 *Pericles* serves as a test case for methodologies that seek to define the limits of the Shakespeare canon and to identify co-authors A wide range of metrical lexical and other data is analysed Computerized stylometric texts are explained and their findings assessed A concluding chapter introduces a new technique that has the potential to answer many of the remaining questions of attribution associated with Shakespeare and his contemporaries

The Interpersonal Idiom in Shakespeare, Donne, and Early Modern Culture N. Selleck, 2008-05-29 The Interpersonal Idiom offers a timely reformulation of identity in the age of Shakespeare recovering a rich and now obsolete language that casts selfhood not as subjective experience but as the experience of others **Twelfth Night** William Shakespeare, 1998-04-01 The Signet Classics edition of William Shakespeare's comedy of lovers misled Romantic folly and false identities abound as an unusual love triangle takes the stage in this play about Orsino the infatuated Duke of Illyria Olivia the countess he pursues and Viola the woman disguised as a man who comes between them This revised Signet Classics edition includes unique features such as An overview of Shakespeare's life world and theater A special introduction

to the play by the editor Herschel Baker Selections from Barnabe Rich Of Apolonius and Silla the source from which Shakespeare derived Twelfth Night Dramatic criticism from Samuel Johnson William Hazlitt Charles Lamb and others A comprehensive stage and screen history of notable actors directors and productions Text notes and commentaries printed in the clearest most readable text And more

Reviewing **Shakespeare His World**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence.
