REPRINT OF THE 1971 EDITION, ALSO AVAILABLE IN

Shakespeare Richard Ii A Casebook

Margaret Shewring

Shakespeare Richard II A Casebook:

Shakespeare: Richard II Nicholas Brooke, 1973 Contains a selection of early criticism and of modern commentaries
Symphonic imagery Word play Linked analogies **Shakespeare** William Shakespeare, 1973 *Shakespeare: Richard II. A Casebook* Ed. by Nicholas Brooke Nicholas Brooke, 1973 **Shakespeare** Nicholas Brooke, 1982 Shakespeare's History Plays Graham Holderness, 1992 The New Casebook on Shakespeare's second historical tetralogy is an anthology of contemporary criticism all produced within the last twenty years most within the last ten It aims to problematize rather than merely reflect traditional methods and assumptions **William Shakespeare, Richard II** Martin Coyle, 1999 This Columbia Critical Guide steers a clear path through the huge body of critical material on Richard II that has accrued over the past three centuries elucidating the play's reception by audiences critics and scholars since its first production Beginning with a discussion of early commentaries the book presents and addresses the most significant critical arguments to give the reader a clear understanding of the ways in which each generation has sought to invest Richard II with new meaning The final section considers the radical new reading of Shakespeare's work provided by contemporary critics **Screening Shakespeare from Richard II to Henry V** Ace G. Pilkington, 1991 This book applies the videocassette to the study of Shakespeare on television and film The result is that the films become texts and Shakespeare in performance can be examined with the scholarly care that has been reserved for printed books Shakespeare: Henry IV, Parts I and II G. K. Hunter, 1970 **Richard II: A Critical Reader** Michael Davies, Andrew Duxfield, 2020-09-17 Arden Early Modern Drama Guides offer students and academics practical and accessible introductions to the critical and performance contexts of key Elizabethan and Jacobean plays Contributions from leading international scholars give invaluable insight into the text by presenting a range of critical perspectives making these books ideal companions for study and research Key features include Essays on the play's critical and performance histories A keynote chapter reviewing current research and recent criticism of the play A selection of new essays by leading scholars A survey of learning and teaching resources for both instructors and students This volume offers a thought provoking guide to Shakespeare's Richard II surveying its critical heritage and the ways in which scholars critics and historians have approached the play from the 17th to the 21st century It provides a detailed up to date account of the play's rich performance history on stage and screen looking closely at some major British productions as well as a guide to learning and teaching resources and how these might be integrated into effective pedagogic strategies in the classroom Presenting four new critical essays this collection opens up fresh perspectives on this much studied drama including explorations of the play's profound preoccupation with earth ground and land Shakespeare's engagement with early modern sermon culture mockery and religion a complex network of intertextual and cultural references activated by Richard's famous address to the looking glass and the long overlooked importance to this profoundly philosophical drama of that most material of things money **Richard II** William Shakespeare, 1998 New Shakespeare long

since out of print is now reissued Each work contains a lengthy and lively introduction main text and substantial notes and glossary

King Richard II William Shakespeare, 2003-04-28 The New Cambridge Shakespeare appeals to students worldwide for its up to date scholarship and emphasis on performance The series features line by line commentaries and textual notes on the plays and poems Introductions are regularly refreshed with accounts of new critical stage and screen interpretations For this second edition of King Richard II Andrew Gurr has added a new section to the introduction in which he discusses a number of important theatrical productions as well as the scholarly criticism of recent years Gurr foregrounds the growing interest in re historicising and re politicising the play emphasising that to Shakespeare s contemporaries King Richard II was a balanced dramatisation of the central political and constitutional issue of the day how to reign in an unjust ruler The Introduction provides a full context for both contemporaneous and modern views of King Richard s fall An updated reading list completes the edition

King Richard II William Shakespeare, 2018-12-06 In this updated edition of King Richard II Claire McEachern provides a fresh introductory section in which she discusses the most important productions and scholarly criticism of recent years Paying particular attention to the focus on religion in contemporary interpretations of the play McEachern also analyses the increasing number of performances on stage and screen Andrew Gurr s acclaimed introduction guides the reader through the play s action and politics providing a thorough and engaging grounding in its structure language and staging An updated reading list completes the edition

Shakespeare's Pluralistic Concepts of Character Imtiaz H. Habib, 1993 The presentation of a complex character such as Shylock bears resemblance to the technique of anamorphic portraiture and trick perspective in the sense that seen one way he appears a villain but seen another way he appears a persecuted victim The clashing and merging of opposed frames of ideological reference that cannot be held apart or resolved and that remain in a kind of uneasy balance may be a technique of comic characterization that exploits relativism and ambiguity in the presentation of human personality and self on stage A similar technique can be seen at work in the Histories in the characters of Richard and Bolingbroke who as has long been noted compete contrarily for the audience s ideological sympathies over the course of the play

King Richard II Margaret Shewring, 1998 Considers the theatrical fortunes of Richard II from its politically controversial beginnings on the Elizabethan and Restoration stage to its various later interpretations responding to 19th and 20th century tastes and attitudes A wide range of performances is documented and discussed These illustrate the ways in which different theatres and companies have staged the play by cutting restructuring or adding to Shakespeare s script to highlight spectacle the personality of the King the nature of authority and the place of Richard in the overall sweep of English history

Shakespeare's Dramatic Transactions Michael Mooney, 1991-07-31 Shakespeare s Dramatic Transactions uses conventions of performance criticism staging and theatrical presentation to analyze seven major Shakespearean tragedies Hamlet Othello King Lear Macbeth Antony and Cleopatra Richard II and Richard III As scholars and readers increasingly question the theoretical models used to describe the concepts

of mimesis and representation this book describes how the actor's stage presentation affects the actor's representational role and the ways in which viewers experience Shakespearean tragedy Michael Mooney draws on the work of East German critic Robert Weimann and his concept of figurenposition the correlation between an actor's stage location and the speech action and stylization associated with that position to understand the actor stage location relationship in Shakespeare's plays In his examination of the original staging of Shakespeare's tragedies Mooney looks at the traditional interplay between a downstage place and upstage location to describe the difference between non illusionistic action often staged near the audience and the illusionistic localized action that characterizes mimetic art The innovative and insightful approach of Shakespeare's Dramatic Transactions brings together the techniques of performance criticism and the traditional literary study of Shakespearean tragedy In showing how the distinctions of stage location illuminate the interaction among language representation Mooney's compelling argument enhances our understanding of Shakespeare and the theater **The**

Renaissance of emotion Richard Meek, Erin Sullivan, 2015-08-01 This collection of essays offers a major reassessment of the meaning and significance of emotional experience in the work of Shakespeare and his contemporaries Recent scholarship on early modern emotion has relied on a medical historical approach resulting in a picture of emotional experience that stresses the dominance of the material humoral body The Renaissance of emotion seeks to redress this balance by examining the ways in which early modern texts explore emotional experience from perspectives other than humoral medicine The chapters in the book seek to demonstrate how open creative and agency ridden the experience and interpretation of emotion could be Taken individually the chapters offer much needed investigations into previously overlooked areas of emotional experience and signification taken together they offer a thorough re evaluation of the cultural priorities and phenomenological principles that shaped the understanding of the emotive self in the early modern period The Renaissance of emotion will be of particular interest to students and scholars of Shakespeare and Renaissance literature the history of emotion theatre and cultural history and the history of ideas *Shakespeare's English Kings, the People, and the Law* Edna

Zwick Boris, 1978 Demonstrates that knowledge of constitutional history can add to our understanding of the politics of the English history plays and suggests that the nine historical plays that Shakespeare wrote before Elizabeth's death record a transformation in constitutional organization *The Cambridge Companion to Shakespeare's History Plays* Michael Hattaway, 2002-12-05 Shakespeare's history plays have been performed more in recent years than ever before in Britain North America and in Europe This 2002 volume provides an accessible wide ranging and informed introduction to Shakespeare's history and Roman plays It is attentive throughout to the plays as they have been performed over the centuries since they were written The first part offers accounts of the genre of the history play of Renaissance historiography of pageants and masques and of women's roles as well as comparisons with history plays in Spain and the Netherlands Chapters in the second part look at individual plays as well as other Shakespearean texts which are closely related to the

histories The Companion offers a full bibliography genealogical tables and a list of principal and recurrent characters It is a comprehensive guide for students researchers and theatre goers alike **Shakespeare's Greek Drama Secret** Myron Stagman, 2010-08-11 To begin with Shakespeare had a complete grammar school education and Euripides Sophocles and Aristophanes were assigned reading This book presents voluminous striking unmediated textual correspondences between the Greek and Shakespearean plays and illuminating historical background Not only should this prove the Shakespeare Greek Drama connection but that William Shakespeare became Shakespeare because of his mastery of the ancient Greek treasury of Drama 3 Pluck d my nipple from his boneless gums Many of us associate Lady Macbeth s special temper with some of the most blood curdling lines in literature I have given suck and know How tender tis to love the babe that milks me I would while it was smiling in my face Have pluck d my nipple from his boneless gums And dash d the brains out had I so sworn As you have done to this Shakespeare s precise action image appears in Euripides Iphigenia in Aulis from verses spoken by Clytemnestra She says to Agamemnon It was not of my own free will but by force that Thou didst take and wed me after slaying Tantalus My former husband and dashing my babe on the ground alive When thou hadst torn him from my breast with brutal violence The derivation of Lady Macbeth s dashing image cannot be in doubt **Shakespeare on screen : The Henriad** Nathalie Vienne-Guerrin (éd.), Sarah Hatchuel (éd.), Filming plays from a tetralogy of history plays implies specific problems and strategies The papers in this volume show that the plays are parts of a series and can hardly be staged or filmed without referring to one another What does the big screen bring to the representation of history battles and national issues When do ideological interpretations stop being triggered by the text itself By deciphering the different ways in which meaning is created and ideology is conveyed whether it be through specific aesthetics performances intertextuality or cultural codes the papers in this volume all take part in the on going exploration of what Shakespeare s contrasting afterlives keep saying not only about the dramatic texts but also about ourselves
