The Balkans in Travel Writing Marija Knežević, 2015-09-18 This book revisits images of the Balkans in twentieth century travel writing that vividly mirrors the turbulent changes that the region went through As such it provides a vital basis for research into the variety of possibilities or obstacles present on the region's path to accession when its unique heritage will have to be reconciled with a more European identity This volume explores the work of well known authors such as Rebecca West Paul Theroux Robert D Kaplan and also contributes to travel writing theory by addressing less known travellers who recorded their thoughts on the social dynamics of the region The corpus offers divergent and often contradictory views ranging from moral and political criticism to a delight in the rich heritage and the still undiscovered Balkan paths More importantly its generic potentials prove to overcome both the discourse of power and the discourse of apology Its narrative style also comprises striking variations from the objective and well researched approaches to quick impressionist sketches Being a multi generic form travel writing is observed from a multidisciplinary perspective encompassing fields such as literature linguistics history sociology anthropology ethnology political sciences and geography

Central and South-Eastern Europe 2004 Europa Publications, 2003 Comprises a general survey of the region country surveys political profiles of the region and information on international and regional organizations and research institutes

Historical Dictionary of Albania Robert Elsie, 2010-03-19 Albania is not well known by outsiders it was deliberately closed to the outside world during the communist era Now it has thankfully become free again its borders are open and it can be visited and it is increasingly integrating with the rest of Europe and beyond Unfortunately Albania has had its share of problems in the post communist era it's a land of destitution and despair thanks in part to the Albanian mafia which has turned the country into one of blood feuds kalashnikovs and eternal crises Yet Albania is in essence a European nation like any other and will soon it is to be hoped advance and take its proper place in Europe and the world The second edition of the Historical Dictionary of Albania relates the history of this little known country through a detailed chronology an introduction a bibliography appendixes and over 700 cross referenced dictionary entries on significant persons places and events institutions and organizations and political economic social cultural and religious facets

The Shape of Content Chandler Davis, Marjorie Senechal, Jan Zwicky, 2008-10-28 This book is a collection of creative pieces poems short stories essays play excerpts that give shape to mathematical and scientific content This book portrays by example how various

people work creatively with ideas from mathematics and other sciences Creative writing about the content of mathematics and science is rare and creative writing *Changing Sex and Bending Gender* Alison Shaw, Shirley Ardener, 2005-10-01 Anthropologists and historians have shown us that male and female are variously defined historically and cross culturally The contributions to this volume focus on the voluntary and involuntary temporary or permanent transformation of gender identity Overall this volume provides powerful and compelling illustrations of how across a wide range of cultures processes of gender transformation are shaped within and ultimately constrained by social and political context From medical responses to biological ambiguity legal responses to cases brought by transsexuals the historical role of the eunuch in Byzantium the social transformation of gender in Northern Albania and in the Southern Philippines to North American drag shows English pantomime and Japanese kabuki theatre this volume offers revealing insights into the ambiguities and limitations of gender transformation **Ethnobotany in the New Europe** Manuel Pardo de Santayana, Andrea Pieroni, Rajindra K.
