The Long View of History

Long View Of History

Markus D. Dubber, Christopher Tomlins

Long View Of History:

The Long View Richard Fisher,2023-03-30 A wide ranging and thought provoking exploration of the importance of long term thinking Humans are unique in our ability to understand time able to comprehend the past and future like no other species Yet modern day technology and capitalism have supercharged our short termist tendencies and trapped us in the present at the mercy of reactive politics quarterly business targets and 24 hour news cycles It wasn't always so In medieval times craftsmen worked on cathedrals that would be unfinished in their lifetime Indigenous leaders fostered intergenerational reciprocity And in the early twentieth century writers dreamed of worlds thousands of years hence Now as we face long term challenges on an unprecedented scale how do we recapture that far sighted vision Richard Fisher takes us from the boardrooms of Japan home to some of the world's oldest businesses to European laboratories where scientists work as custodians on centuries long experiments He examines the psychological biases that discourage the long view and talks to the growing number of people from the worlds of philosophy technology science and the arts who are exploring smart ways to overcome them How can we learn to widen our perception of time and honour our obligations to the lives of those not yet born

Taking the Long View David Steinmetz,2011-10-05 Taking the Long View argues in a series of engagingly written essays that remembering the past is essential for men and women who want to function effectively in the present for without some knowledge of their own past neither individuals nor institutions know where they have been or where they are going The book illustrates its thesis with tough minded examples from the Church's life and thought ranging from more abstract problems like the theoretical role of historical criticism to such painfully concrete issues as the commandment of Jesus to forgive unforgivable wrongs

The Super Summary of World History Revised Alan Dale Daniel BA MBA JD,2008-10-20 The Super Summary of World History is a very compact history of the world emphasizing western culture and political processes The Super Summary is for the thinking person This new history raises exciting questions and puts events into new perspectives to stimulate real thinking about history rather than accepting that the past is set in stone History isn't just names and dates but a range of decisions and actions that often turn on the smallest circumstance The Super Summary analyzes a few events in depth but most are put into their historical framework so the reader can discern where and how all of this action escorts us to the present day If history seems dull pick up The Super Summary to discover that Western History is alive with controversy and consequence

Economics in the Long View Charles Poor Kindleberger,Guido Di Tella,Guide di Tella,2016-01-18 The Long View Hans Tendam,2010-01-27 Strategic thinking rather than strategic planning is the key to sustainable success Strategy involves a broader look a deeper analysis and a longer time frame Strategic thinking is about considering the consequences of developments and possible developments of actions and possible actions on the success prosperity and continuity of people organizations or communities And it is about the kind of success prosperity and continuity that we seek This study explores strategic thinking on the basis of strategy literature and cognitive

psychology It reviews studies of how strategic decision makers operate including the military It helps to recognize strategic thinking ability in individuals to teach strategic thinking and to foster it in those at the helm directors executives commanders and public administrators The Oxford Handbook of Legal History Markus D. Dubber, Christopher Tomlins, 2018-07-26 Some of the most exciting and innovative legal scholarship has been driven by historical curiosity Legal history today comes in a fascinating array of shapes and sizes from microhistory to global intellectual history Legal history has expanded beyond traditional parochial boundaries to become increasingly international and comparative in scope and orientation Drawing on scholarship from around the world and representing a variety of methodological approaches areas of expertise and research agendas this timely compendium takes stock of legal history and methodology and reflects on the various modes of the historical analysis of law past present and future Part I explores the relationship between legal history and other disciplinary perspectives including economic philosophical comparative literary and rhetorical analysis of law Part II considers various approaches to legal history including legal history as doctrinal intellectual or social history Part III focuses on the interrelation between legal history and jurisprudence by investigating the role and conception of historical inquiry in various models schools and movements of legal thought Part IV traces the place and pursuit of historical analysis in various legal systems and traditions across time cultures and space Finally Part V narrows the Handbooks focus to explore several examples of legal history in action including its use in various legal doctrinal contexts Cincinnati Magazine ,1975-06 Cincinnati Magazine taps into the DNA of the city exploring shopping dining living and culture and giving readers a ringside seat on the issues shaping the region **Marxist Writings on History & Philosophy** George Novack, 2002

Poor's ,1925 **Deep History** David Laibman, 2008-01-03 Blends insights from several disciplines to offer a general theory of social evolution

Unveiling the Energy of Verbal Beauty: An Emotional Sojourn through **Long View Of History**

In a world inundated with monitors and the cacophony of quick interaction, the profound power and mental resonance of verbal beauty usually fade in to obscurity, eclipsed by the continuous barrage of noise and distractions. Yet, situated within the musical pages of **Long View Of History**, a fascinating work of fictional elegance that impulses with fresh emotions, lies an unique trip waiting to be embarked upon. Composed by a virtuoso wordsmith, this enchanting opus courses visitors on a mental odyssey, delicately exposing the latent potential and profound affect stuck within the complex internet of language. Within the heart-wrenching expanse of this evocative evaluation, we will embark upon an introspective exploration of the book is main themes, dissect their fascinating publishing model, and immerse ourselves in the indelible impact it leaves upon the depths of readers souls.
