Looking Back 199:

Prologue ,1999 *The New Old* Julia Huber,Paul Skidmore,2003 Baby Boomers can rewrite the political agenda on public spending quality of life or even conflict between the generations cover **Scenario Based Strategy** Paul de Ruijter,2016-04-01 We need strategy The world is changing the future uncertain What is required is vision What might the future bring Where is our business going What are our fundamental business values This book is a manual for all those who want to apply strategy in organisations It is intended for everyone who wants to put the future on the agenda to look beyond the short term and beyond mere profit It describes in practical terms the eight questions we must continually discuss in order to pursue a future proof strategy in a dynamic and uncertain world mission trends scenarios options vision roadmap action and monitoring If you are dissatisfied with an approach to strategy based on simple backward looking analysis management controls and problems solving after the fact but would like to make a positive contribution to thinking about the future Scenario based Strategy offers the instruments to turn your intention into practice The text provides examples from commercial to government and trade organizations showing how others have undertaken future explorations and how they used these explorations to create a dynamic strategy Paul de Ruijter has a deep insight into the theory alongside practical experience working with some of the most highly regarded and resilient organizations The result is a rich combination of methodology and practical engaging examples that shows you how to go about creating an agenda for the future **The Christena Disaster Forty-Two Years Later—Looking Backward, Looking Forward** Whitman T. Browne PhD,2013-04-23 On a sunny afternoon in August of 1970 the Eastern Caribbean was without warning confronted with a terrible and tragic event The Christena a well used ferry that regularly crossed the eleven mile expanse between the twin islands of St Kitts and Nevis sank The two British colonial societies were suddenly thrown into turmoil finding themselves unprepared to deal with such sudden tragedy The ferry was registered to carry 155 passengers but it was severely overloaded While ninety nine people survived that afternoon nearly 250 other passengers perished disaster As if their struggle to heal after the tragedy was not taxing enough the islands had yet more adversity to conquer However both societies were determined to overcome that terrible event even as they fought to achieve greater political independence Told from the perspective of Whitman T Browne PhD a native of Nevis who lived on the island at the time of the tragedy The Christena Disaster Forty Two Years Later is a moving firsthand account of how these sister communities banded together not only to win their political autonomy but also to overcome their emotional suffering as a result of greater tragedy *Unmaking Waste* Sarah Newman,2023-05-26 In *Unmaking Waste* Sarah Newman asks what happens when there are disagreements about what constitutes waste and what one should do with it both at singular moments in time for example when ideas about waste collide in emerging colonial contexts and across time such as between those who left things behind in the past and the archaeologists who recover them Newman examines ancient Mesoamerican understandings of waste Euro American perceptions of waste in New Spain and

early modern European ideals of civility and Christian understandings of good and bad expressed metaphorically through cleanliness and filth These differing perceptions Newman argues demands that we rethink centuries of assumptions imposed on other places times and peoples so long as waste remains a category misunderstood to be common sensical and stable archaeological methods will prove unequal to their task Newman instead proposes anamorphic archaeology an approach that emphasizes the possibility that archaeological objects have multiple physical and conceptual lives Treating Sex Offenders Jill D.
