Looking For A Hero Joe Ronnie Hooper

Mark Moyar

Looking For A Hero Joe Ronnie Hooper:

Looking for a Hero Peter Maslowski, Don Winslow, 2020-10-08 Widely acclaimed as the Vietnam War's most highly decorated soldier Joe Ronnie Hooper in many ways serves as a symbol for that conflict. His troubled tempestuous life paralleled the upheavals in American society during the 1960s and 1970s and his desperate quest to prove his manhood was uncomfortably akin to the macho image projected by three successive presidents in their tough policy in Southeast Asia. Looking for a Hero extracts the real Joe Hooper from the welter of lies and myths that swirl around his story. In doing so the book uncovers not only the complicated truth about an American hero but also the story of how Hooper's war was lost in Vietnam, not at home. Extensive interviews with friends, fellow soldiers, and family members reveal Hooper as a complex, gifted, and disturbed man. They also expose the flaws in his most famous and treasured accomplishment: earning the Medal of Honor. In the distortions, half-truths, and outright lies that mar Hooper's medal of honor file, authors Peter Maslowski and Don Winslow find a painful reflection of the army's inability to be honest with itself and the American public with all the dire consequences that this dishonesty ultimately entailed. In the inextricably linked stories of Hooper and the Vietnam War, the nature of that deceit and of America's defeat becomes clear. The Engineer, 2007 America's Heroes James H. Willbanks, 2011-03-11 This book features the stories of 200 heroic individuals awarded the Medal of Honor for their distinguished military service while fighting for their country from the Civil War to the conflicts in Iraq and Afghanistan. America's Heroes: Medal of Honor Recipients from the Civil War to Afghanistan pays tribute to Americans who have demonstrated uncommon valor in the face of great danger. The Medal of Honor recipients featured in this book all acted heroically to earn this highly coveted award; many of them by risking or sacrificing their lives to save the lives of others. The stories of these individuals, chosen to reflect the wide diversity of ethnic and cultural backgrounds, branches of service, and conflicts of the recipients, will broaden readers' understanding and appreciation of the Medal of Honor and the distinguished Americans who have received it. In addition to the gripping stories of these heroic Americans, this unique encyclopedia includes an introduction that chronicles the evolution in the award's significance. The Medal of Honor has changed greatly over the last 150 years, not only in the design of the physical decoration itself but also in terms of the qualifying criteria for the award's recipients. Phoenix and the Birds of Prey Mark Moyar, 2007-12-01 This study explodes prevailing myths about the Phoenix Program, the CIA's top secret effort to destroy the Viet Cong by neutralizing its civilian leaders. Drawing on recently declassified documents and interviews with American, South Vietnamese, and North Vietnamese sources, Mark Moyar examines the attempts to eradicate the Viet Cong infrastructure and analyzes their effectiveness. He addresses misconceptions about these efforts and provides an accurate, complete picture of the allies' decapitation of the Viet Cong shadow government. Combining social and political history with a study of military operations, Moyar offers a fresh interpretation of the crucial role the shadow government played in the Viet Cong's ascent. Detailed accounts of intelligence

operations provide an insider's view of their development and reveal what really happened in the safe havens of the Viet Cong. Filled with new information, Moyer's study sets the record straight about one of the last secrets of the Vietnam War and offers poignant lessons for dealing with future Third World insurgencies. This Bison Books edition includes a new preface and chapter by the author.

African American War Heroes James B. Martin, 2014-05-12 Detailed profiles bring stories of African American heroism in the U.S. armed forces to life from the American Revolution through the conflict in Afghanistan. African American war heroes remain largely unsung; their courage and valor relegated to the less traveled corners of history. This work seeks out those heroes: soldiers, sailors, flyers, and marines who earned their nation's highest medals in defense of freedom and equality. Some of these men and women died on the battlefield. Others returned to civilian life in a segregated country. What they share across time and circumstance is devotion to duty and to the country they defended even in the face of personal and racial prejudice. Entries profile decorated African Americans from all of the U.S. conflicts since the Revolutionary War. In addition to providing basic biographical data, each profile offers a detailed account of the individual's heroic actions. The book also offers sidebars on events and topics relevant to African Americans in the U.S. armed forces, such as histories of the 54th Massachusetts and the Tuskegee Army.

Air Force Magazine, 2005 *The Tet Offensive* James H. Willbanks, 2008 In the Tet Offensive of 1968, Viet Cong and North Vietnamese forces launched a massive countrywide attack on South Vietnam. Though the Communists failed to achieve their tactical and operational objectives, James Willbanks claims Hanoi won a strategic victory. The offensive proved that America's progress was grossly overstated and caused many Americans and key presidential advisors to question the wisdom of prolonging combat. Willbanks also maintains that the Communists laid siege to a Marine combat base two weeks prior to the Tet Offensive, known as the Battle of Khe Sanh, to distract the United States. It is his belief that these two events are intimately linked, and in his concise and compelling history, he presents an engaging portrait of the conflicts and singles out key problems of interpretation. Willbanks divides his study into six sections, beginning with a historical overview of the events leading up to the offensive, the attack itself, and the consequent battles of Saigon, Hue, and Khe Sanh. He continues with a critical assessment of the main themes and issues surrounding the offensive and concludes with excerpts from American and Vietnamese documents, maps, and chronologies, an annotated list of resources, and a short encyclopedia of key people, places, and events. An experienced military historian and scholar of the Vietnam War, Willbanks has written a unique critical reference and guide that enlarges the debate surrounding this important turning point in America's longest war.

A Scientific Way of War Ian C. Hope, 2015-08 While faith in the Enlightenment was waning elsewhere by 1850, at the United States Military Academy at West Point and in the minds of academy graduates serving throughout the country, Enlightenment thinking persisted, asserting that war was governable by a grand theory accessible through the study of military science. Officers of the regular army and instructors at the military academy and their political superiors all believed strongly in the possibility of acquiring a perfect knowledge of war through

the proper curriculum A Scientific Way of War analyzes how the doctrine of military science evolved from teaching specific Napoleonic applications to embracing subjects that were useful for war in North America Drawing from a wide array of materials Ian C Hope refutes earlier charges of a lack of professionalization in the antebellum American army and an overreliance on the teachings of Swiss military theorist Antoine de Jomini Instead Hope shows that inculcation in West Point s American military curriculum eventually came to provide the army with an officer corps that shared a common doctrine and common skill in military problem solving The proliferation of military science ensured that on the eve of the Civil War there existed a distinctly American and scientific way of war

Historical Dictionary of the War in Vietnam Ronald B. Frankum Jr.,2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible Historical Dictionary of the War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War

Vietnam War Almanac James H. Willbanks,2013-09-03 With more than 58 000 casualties and 300 000 wounded at a cost of more than 130 billion the Vietnam War became one of the most divisive conflicts in American history The scars left by the war can still be felt today making it crucial that we have the facts about this watershed event Vietnam War Almanac contains a chronological history of the war in Vietnam with day by day listings of the war on the ground in the air and at sea international and U S events and a biographical dictionary of major military and civilian figures It may be impossible to fully understand such a complicated and horrible struggle but for the families of veterans and for historians the thorough presentation here along with its extensive bibliography and index is an excellent place to start Coverage here includes The Tet Offensive Walter L Cronkite The Battle of Dien Bien Phu Vo Nguyen Giap Ngo Dinh Diem The Battle of Ia Drang Valley Robert S McNamara The Battle of Hamburger Hill Abbie Hoffman The Battle of An Loc And much more President Nixon claimed that the war was misreported then and it is misremembered now This almanac will ensure that it is remembered correctly

Right here, we have countless books **Looking For A Hero Joe Ronnie Hooper** and collections to check out. We additionally pay for variant types and along with type of the books to browse.
