The teaching of a New Medical Astrology is an attempt to bring medicine and astrology closer together again While medicine has continued to develop and gain new insights into the organs classical medical astrology has hardly developed at all in the last 2000 years since the doctrine that Aries begins with the head and Pisces ends with the feet After 40 years of thorough research the New Medical Astrology is now based on 12 vital organ systems within the head and torso which correspond to the 12 signs of the zodiac Unlike in Hippocrates time more than 2000 years ago the arms and legs do not play a major role in the new classification as they do not represent vital organs This work is a new connection between the psychological astrology human anatomy psychosomatics and eye diagnosis This textbook forms the basis for learning astrology New Medical Astrology and at the same time forms a bridge to the psychosomatic explanations of illnesses in relation to the individual zodiac signs The intention was to write a textbook in an easily understandable way and to avoid confusing foreign or technical terms that too difficult to understand This makes it equally suitable for learning teaching or just exploring for both young and old explorers of astrology **Important Yogas in Vedic Astrology : Revised Edition 2020** Himanshu Shangari,

This book is an attempt to create awareness about true nature of a number of important Yogas mentioned in Vedic astrology These Yogas include benefic Yogas like Hamsa Yoga Malavya Yoga Ruchaka Yoga and Vipreet Rajyoga and they include malefic Yogas like Guru Chandal Yoga Grahan Yoga and Angarak Yoga This edition features comprehensive details about various yogas The focus here is going deeper and deeper In case of each one of these Yogas its prevalent definition is given first The scientific as well as logical probabilities of that definition holding well or not are discussed after that Then the

additional conditions required for proper formation of the Yoga are considered Finally other important factors which may affect the good or bad results given by that particular Yoga are discussed These factors include placements of various planets in various houses signs nakshatras and navamshas influences of other benefic and malefic planets and the impact of planetary periods This way a logical balanced and comprehensive approach has been implemented in case of each one of these Yogas

Overwhelming Methodology of Deception Max Adam Duncan,2022-05-04 There was a dilemma with writing this book In order to understand the tip of the iceberg it s necessary to understand the iceberg Unfortunately if you don t believe the tip of the iceberg you re certainly not going to believe the iceberg Jesus said If I tell you earthly things and you don t believe me how can I tell you heavenly things It took me about ten years but I finally made the iceberg believable and understandable to most people The book involves government conspiracy which is the very tip of the iceberg The book explains the iceberg first and works its way up to conspiracy To understand the iceberg it was necessary to push the envelope of the conventional realm of perceived reality and go into metaphysics galactic allies and galactic enemies The book explains how humanity is going to go through a transitional period and into a new paradigm of experience Although this book often quotes from God what we call God and Jesus it s unquestionably not a religious book
