Heritage in the Arabian Peninsula Karen Exell,Trinidad Rico,2016-04-22 Heritage projects in the Arabian Peninsula are developing rapidly Museums and heritage sites are symbols of shifting national identities and a way of placing the Arabian Peninsula states on the international map Global i.e Western heritage standards and practices have been utilised for the rapid injection of heritage expertise in museum development and site management and for international recognition The use of Western heritage models in the Arabian Peninsula inspires two key areas for research which this book examines the obscuring of indigenous concepts and practices of heritage and expressions of cultural identity and the tensions between local community concepts of heritage and identity and the new national identities being constructed through museums and heritage sites at a state level **Kuwait: Prospect and Reality** H.V.F. Winstone,Zahra Freeth,2017-08-18 For many the

story of this small Arabian state begins and ends with the wealth that has accrued from its vast oil deposits But the real fascination of Kuwait lies in its geological and archaeological history in its long struggle for survival among powerful neighbours in its ambitious plans for industrial and economic development This book first published in 1972 shows the effects of the new material wealth opened up by oil in relation to the country's remote past and its Islamic background

The Secret Astrology of the Bible Michael Ledo, 2010-05-02 The Secret Astrology of the Bible by Michael Ledo is a landmark book that will change the way the scholarly community and the general public views the Bible history and myth Epic in scope this provocative book explores the connections between religious belief and cosmic theory even as it attempts to explain contradictions and irregularities in the text The Bible states Ledo was constructed as a living document with much of its text expanded as time went on If readers stripped away this added material they could actually be left with an Early Bronze Age text over a thousand years older than what is currently accepted by scholars This text suggests Ledo would be a veritable cosmic myth which follows the constellations with stories in a contiguous fashion that combine both history and myth Originally sold as On Earth as it is in Heaven The Cosmic Roots of the Bible

Flying Serpents and Dragons R. A. Boulay, 1999-07 A highly original work that deals a shattering blow to all our preconceived notions about our past and human origins Worldwide legends refer to giant flying lizards and dragons that came to this planet and founded the ancient civilizations of Mesopotamia Egypt India and China Who were these reptilian creatures What was the real reason for mans creation Why did Adam lose his chance at immortality in the Garden of Eden Who were the Nefilim who descended from heaven and mated with human women Why did the serpent take such a bad rap in history Why didnt Adam and Eve wear clothes What were the crystals or stones that the gods fought over Why did the ancient Sumerians call their major gods USHUMGAL which means literally great fiery flying serpent What were the boats of heaven in ancient Egypt and the sky chariots of the Bible This book tells it all

A Winter in the Middle of Two Seas Ronald W. Kenyon, 2010-08-30 A Winter in the Middle of Two Seas Real Stories from Bahrain was written during and after the author s four month stay in the Middle Eastern island kingdom of Bahrain With a photographer s eye a journalist s nose for news and a poet s way with words Ronald W Kenyon recounts his observations and displays his insightful understanding of Arab and Islamic culture customs and religion with particular emphasis on Bahrain In a wide ranging series of vignettes and anecdotes the author takes the reader from the temples and towns of the 5 000 year old Dilmun civilization to the glitz of

twenty first century shopping malls He offers vivid descriptions of sanguinary religious rites the tribulations of haggling with a taxi driver whose fare has to be paid in three different currencies and his body clock s disorientation from dealing with three different weekends While not a guidebook *A Winter in the Middle of Two Seas* is a meticulously researched primer for anyone visiting or working in Bahrain or the armchair traveler who wants to learn more about current events in the Middle East than what appears in the mainstream media In the last chapter of the book entitled *The Truth about Bahrain* the author strives for objectivity attempting to set the record straight by placing the current events in Bahrain in their historical geopolitical and religious context The author is optimistic about the future of Bahrain and dedicates his book to the people of Bahrain in the earnest hope that they may with God s grace achieve everlasting harmony
