E Durkheim

Lord North:

Lord North Peter Whiteley,1996-07-01 Lord North was in many ways a most successful politician Prime Minister for an unbroken 12 years his management of both parliament and of the business of government was adept He enjoyed the confidence of King George III not always an easy political ally avoided factional strife having no political following of his own was notably uncorrupt and made virtually no enemies In many ways he epitomizes the political outlook and aristocratic assumptions of the 18th century He is however principally remembered for presiding over Britain's loss of her colonies This is an account of his life It includes a full study of the American War of Independence examining it from the perspective of the British government as well as from the colonial standpoint No senior politician had visited America and few had a proper knowledge or understanding of Americans Too often the colonists were regarded as unruly and ungrateful children with whom compromise was either a sign of weakness or the betrayal of the principle of parliamentary sovereignty High mindedness contributed to the final humiliation as did ignorant over confidence Military defeat to a country that became preeminent in Europe by the end of the Seven Years War was not entertained as a possibility
