Lost Science Of The Stone Age Sacred Energy:

Lost Science of the Stone Age Michael Poynder, 2004 Proving that 10 000 years ago the subtle energies that bind all living things were widely understood by an enlightened neolithic priesthood **Beyond 2012: Catastrophe or Awakening?** Geoff Stray, 2009-05-21 An illustrated encyclopedic overview of the prophecies calendars and theories that indicate the year 2012 is a threshold of great change for humanity Looks at the scientific and anthropological evidence for the rare galactic alignment due to occur in December 2012 Sifts through the catastrophic theories to show what we might really expect in 2012 In December of 2012 the Mayan Calendar s Great Cycle will come to an end Opinion remains divided as to whether apocalyptic scenarios of worldwide destruction or utopian visions of a spiritually renewed humanity will prevail after this key date has passed What is certain however is that a rare galactic alignment will occur one so unique that it is found at the core of many wisdom traditions from around the globe Geoff Stray has been collecting the vast amounts of data relating to the 2012 phenomena since 1982 Far from confining his research to the Maya who provide the most prominent predictions indicating this date will herald significant changes for humanity he has studied the prophetic traditions of other cultures including the Tibetan Chinese Jewish Ethiopian and tribal cultures from around the globe to show the kind of convergence of cosmic purposes happening along a number of parallel tracks This book offers an extensive study of many modern theories including Terence McKenna s timewave zero and Maurice Cotterell s sunspot research as well as anomalous phenomena such as near death experiences and crop circles Sifting through all the scientific research and speculation that the year 2012 has inspired Geoff Stray provides an encyclopedic look at what we might really expect on this pivotal date

apply it in daily life to access one's personal power and inner knowledge. Anyone who has tried to study the Yoga Sutras without a guide can attest to how difficult it is to understand them. Within the text Swamiji mentions that even after studying the Yoga Sutras many times in his youth he did not understand them until he was taught by authentic yoga masters. Swamiji has shared the precious knowledge he was given to assist those who are sincerely on the spiritual path to more easily understand the sutras and especially their practical aspects. Hopefully this volume will serve to clarify the true meaning of the Yoga Sutras and will serve as a guide to those persons who have the courage to embark on the sacred journey of self transformation to reach its limitless and unfathomable goal of the highest state of consciousness. The final reality is silence. Aude sapere Dare to be wise. *Flight of the Feathered Serpent* Peter Balin, 1978. Guide to the Xultun Mayan Tarot Deck. Peter Balin the painter of the Xultun Tarot deck has written a book about the tarot and the Maya Indians view of the world. Although the approach is new and deals with American knowledge it will serve all Tarot decks regardless of their origin. The reader journeys with the Fool towards the impeccability of the sorcerer with each step along the way clearly defined. The graphics alone are so spellbinding that even if you are not interested in the Mayas or the tarot there is something in this book for you. **Atlantis Rising Magazine Issue 130 - PUSHING BACK AGAINST TECH TYRANNY PDF Download**
