## **Modern Russia:**

**The Making of Modern Russia** Lionel Kochan, Richard Abraham, 1983      A HISTORY OF MODERN RUSSIA Robert Service, 2013-02-04 Russia had an extraordinary twentieth century undergoing upheaval and transformation Updating his acclaimed History of Modern Russia Robert Service provides a panoramic perspective on a country whose Soviet past encompassed revolution civil war mass terror and two world wars He shows how seven decades of communist rule which penetrated every aspect of Soviet life continue to influence Russia today This new edition takes the story from 2002 through the entire presidency of Vladimir Putin to the election of his successor Dmitri Medvedev      **Misinterpreting Modern Russia** Bruno S. Sergi, 2011-10-27 When President Vladimir Putin ascended to the Kremlin at the end of the 1990s he had to struggle with the after effects of Boris Yeltsin's political agenda outrageous corruption endless social injustice and deeply entrenched interests dating back to Gorbachev and beyond From the outset Putin saw his task as leveling out the political scenery Discontent had been building up among ordinary Russians on these consequences of the dramatically unstable 1990s Stabilization of the political system and cleaning up the widespread corruption were Putin's aims and the Russian people supported him wholeheartedly Many observers in the West were quick to condemn Putin and depict him as an authoritarian dishonest leader who was still linked to the KGB When asked why Russians were supporting the new Kremlin many experts explained that it was a paradox that combined the country's supposed history of tyranny and its people's inclination towards it These explanations shaped the West's understanding of modern Russia and they appear to be unshakeable in cultural circles today Bruno Sergi argues in this new study that the way to know the complete story behind how Putin's presidency has been viewed in Russia is to examine closely the hard realities that conditioned Putin's policies and responses **Misinterpreting Modern Russia** Western Views of Putin and his Presidency looks beyond the stereotypes to the hard logic of the 1990s and asks a range of provocative questions about the disintegration of the old Soviet empire and the extraordinary riches that have caused so much opportunity and turmoil in recent years      Myth Making in the Soviet Union and Modern Russia Vicky Davis, 2017-11-30 The 1943 battle to free the Soviet Black Sea port of Novorossiisk from German occupation was fought from the beach head of Malaia zemlia where the young Colonel Leonid Brezhnev saw action Despite widespread scepticism of the state's appropriation and inflation of this historical event the heroes of the campaign are still commemorated in Novorossiisk today by an amalgam of memoir monuments and ritual Through the prism of this provincial Russian town Vicky Davis sheds light on the character of Brezhnev as perceived by his people and on the process of memory for the ordinary Russian citizen Davis analyses the construction and propagation of the local war myth to link the individual citizens of Novorossiisk with evolving state policy since World War II and examines the resultant social and political connotations Her compelling new interdisciplinary evidence reveals the complexity of myth and memory challenging existing assumptions to show that there is still scope for the local community and even the individual in memory construction in an

authoritarian environment This book represents a much needed departure from the study of myth and memory in larger cities of the former Soviet Union adding nuance to the existing portrait of Brezhnev and demonstrating the continued importance of war memory in Russia today **The Politics of Security in Modern Russia** Mark Galeotti, 2016-03-03 The Putin era saw a striking securitization of politics something that he has bequeathed to his chosen successor Dmitry Medvedev The omens from the early days of the Medvedev presidency have been mixed marked both by less confrontational rhetoric towards the West and by war with Georgia and continued re armament Has the Medvedev generation learned the lessons not just from the Soviet era but also from the Yeltsin and Putin presidencies or will security remain the foundation of Russian foreign and domestic policy Fully up to date to reflect the evolving Medvedev presidency the 2008 Georgian war and the impact of the economic downturn this volume is a much needed objective and balanced examination of the ways in which security has played and continues to play a central role in contemporary Russian politics The combination of original scholarship with extensive empirical research makes this volume an invaluable resource for all students and researchers of Russian politics and security affairs Kremlins and Caviar: An American's Guide to Modern Russia Pasquale De Marco, 2025-04-25 Kremlins and Caviar An American s Guide to Modern Russia is the ultimate travel companion for those seeking an authentic and immersive experience in this vast and enigmatic land With its wealth of information insightful commentary and practical advice this comprehensive guide unlocks the secrets of Russia empowering travelers to create memories that will last a lifetime Journey through the heart of Russia exploring the iconic landmarks of Moscow and St Petersburg and venturing beyond the metropolises to discover the regional gems that showcase the country s rich history and diverse culture From the ancient cities of the Golden Ring to the breathtaking Lake Baikal Russia s natural beauty and cultural heritage are waiting to be explored Immerse yourself in Russian culture and traditions savoring the country s delectable cuisine listening to its classical music and delving into its world renowned literature Learn about Russia s fascinating history from the Kievan Rus to the Mongol Invasion the rise of Moscow and the tumultuous events of the Russian Revolution Examine the legacy of the Soviet era and explore the challenges and opportunities facing modern Russia under the leadership of Vladimir Putin Discover the vast and diverse landscapes of Russia from the sprawling wilderness of Siberia to the majestic peaks of the Ural and Caucasus Mountains and the frozen frontier of the Russian Arctic With practical tips for navigating Russia s complex visa and immigration procedures currency exchange and transportation options this guide ensures a smooth and enjoyable journey Extend your exploration to Russia s neighbor Ukraine visiting the historic city of Kyiv the charming city of Lviv and the vibrant port city of Odessa Explore the natural beauty of the Carpathian Mountains and learn about the haunting legacy of the Chernobyl nuclear disaster Kremlins and Caviar An American s Guide to Modern Russia is an indispensable resource for travelers seeking an in depth understanding of this captivating country With its comprehensive coverage expert insights and practical guidance this book will empower you to navigate Russia s complexities
