**Hebrews, the General Letters, and Revelation** Charles B. Puskas, 2016-10-28 Most New Testament NT introductions because of page limitations and other reasons tend to minimize their treatment of the last nine books of the Christian Bible from Hebrews to Revelation. The focus in these introductions is often on the four Gospels and the Letters of Paul. As important as these books are, one should not neglect with only a brief survey the treatment of Hebrews, the General Letters, and the book of Revelation. The title given later to the collection Catholic Epistles or General Letters is a reminder of its general appeal to the whole church despite its slow canonical recognition and authorship issues. Nevertheless, these writings from Hebrews to Revelation continue to capture our attention and ignite our imagination. My purpose for this book is to supplement my NT introduction and others like it with a focus on specific questions about each book from Hebrews to Revelation: When and why was each book written? By whom and to whom was each book written? What are some special features of each book? How soon or late was each book included in the NT collection? Answers to many of these questions are tentative. The assured results of scholarship are in continual need of reevaluation. Since the 1980s a host of diverse studies have emerged, and I have endeavored to include them when they are relevant to the discussion.

**Prepare, Succeed, Advance, Second Edition** Nijay K. Gupta, 2020-01-01 What if you had a guidebook that you could turn to at each stage of your academic journey to help you navigate through the process of getting a PhD in Biblical Studies and succeeding in the academic world? This book is precisely intended to fill that need. From theory to practice, you will find discussions and answers to the most pertinent and pressing questions that prospective and current doctoral students are faced with: How do I choose a program? How can I gain admission into an elite program? How do I choose a research topic? Alongside the big questions about the process, there are also a host of smaller matters: How do I publish an article? What conferences are out there in my field? Where do I start looking for a job? How do I get teaching experience? How do I write a syllabus? This guidebook tackles all of these questions and many more in three parts: Prepare focuses on getting into a PhD program; Succeed guides you through the doctoral program, especially the writing of the dissertation; and Advance treats issues that relate to success in the academic world, such as conference participation, publishing, employment, and best practices in teaching.

**Prepare, Succeed, Advance** Nijay K. Gupta, 2017-08-31 Achieving a PhD in Biblical Studies raises questions about different stages of the process commonly encountered by those who venture into the academic world. In Prepare, Succeed, Advance, Nijay K. Gupta divides the procedure into three specific phases: Prepare, which focusses on choosing the right doctoral programme and applying for it; Succeed, which deals with the delicate challenge of writing a defensible thesis; and Advance, in which he gives advice on how to face issues with success in career development in the academic field. Gupta offers discussions of and answers to the most pertinent and pressing questions that prospective and current doctoral students come in contact with in a guidebook that tackles any doubts from an authoritative perspective with

Oliver Snyder, 2017-01-06 Diversity and equality are terms swamping social media news outlets and campuses these days While the desire for diversity may be sincere it is also superficial With genuine diversity there is a profusion of perspectives Yet when ideas and arguments are limited to tweets forgotten to another fleeting proclamation any hope for reasoned reflection is lost How do leaders keep up and effectively lead Nicole Oliver Snyder describes how mindfulness and spiritual practices are both in the DNA of Christian tradition and are powerful to unite Intentional time to consider divergent ideas makes space to recognize the ideas for what they are and see their value in addition rather than contrary to one's own Encountering limited traction due to the inherent reality of information overload in our super connected daily experience makes applying these practices all the more imperative This book describes research and a possible way for leaders to lead together collaboratively with equity and unbounded diversity Here Dr Snyder explores what it means to live God's image as a leader drawing from scripture and theology neuroscience and the behavioral sciences This book is academic and practical and the start of a discussion about what good and successful leadership might look like      *Dictionary of modern theological German* Helmut W.
