Gender and Power in the Plays of Harold Pinter Victor L. Cahn, 2011-12-20 During the past century artists have been preoccupied with the search for meaning in a fragmented world In this book Victor L Cahn suggests that the plays of Harold Pinter dramatize how such a search leads characters to try to establish security through control of territory and people The resulting conflict often manifests itself in a gender battle in which men dominate the physical arena and women the emotional The innate tension between the sexes is both comic and unnerving but also reflects humanity's eternal quest for meaning and identity **The Plays of David Storey** William Hutchings, 1988 This is the first comprehensive play by play analysis of the drama of David Storey one of the most acclaimed and innovative sometimes controversial writers in the British theatre since World War II Grouping the plays according to theme Hutchings demonstrates that the central focus in the drama of David Storey is the devaluation of traditional rituals in contemporary life and the disintegration of the family A playwright attuned to the poetry in the ordinary to the profundity subtle eloquence and dramatic tension in the mundane Storey explores the ways people cope or fail to cope with complexity with uncertainty with constant bewildering flux He writes about groups families In *Celebration* The Farm rugby teams The Changing Room and construction crews The Contractor In his plays individuals seek to overcome isolation and integrate themselves into a significant assemblage that transcends the self Hutchings notes that Storey frequently deals with working class parents who cannot understand their grown children's anxieties their discontentedness with life their unstable marriages and their inability to enjoy the benefits of the education and advantages they labored so hard for so many years to provide Storey understands and sympathizes with parents who have paid to educate their children out of their own spheres He saw it happen in his own family knew the disapproval of his father What else could my father think when nearing sixty he came home each day from the pit exhausted shattered by fatigue to find me a young man ideally physically equipped to do the job which now left him totally prostrated painting a picture of flowers or writing a poem about a cloud There was and there is no hope of reconciliation Hutchings supplements his thematic analysis of Storey's plays by interweaving into his text 90 percent of a major interview with the playwright the only such comprehensive interview in existence Storey who believes that readers ought to be chary of all interviews discusses alleged literary influences on his work the current state of British theatre and his reactions to critics He

also provides insight into various productions and performances in his work Tragedy: A Very Short Introduction Adrian Poole, 2005-08-11 What has tragedy been made to mean by dramatists story tellers critics philosophers politicians and journalists This work shows the relevance of tragedy to the modern world and extends beyond drama and literature into visual art and everyday experience
