Modern Turkish Architecture Renata Holod,Ahmet Evin,Süha Özkan,2005 **Modern Turkish Architecture** Renata Holod,Ahmet Evin,1984 Turkey Sibel Bozdoğan,Esra Akcan,2013-02-15 Turkey Modern Architectures in History offers a journey through the iconic buildings of Turkey that begins with the end of World War I when the new Turkish Republic was born out of the disintegration of the Ottoman Empire includes its democratization in the midst of the Cold War s competing ideologies and concludes with the present day in which Turkey continues to be dramatically transformed through globalization economic integration and a renewed appreciation for its Islamic and Ottoman heritage Sibel Bozdoğan and Esra Akcan explore modern institutional masterpieces and architect designed buildings through the decades Their focus includes informal residential plans and they discuss how these have evolved from small settlements to colossal urban quarters that exist at a slippery threshold of legality This richly informative history of Turkey s built environment goes beyond typical surveys of Western modern architecture and is unique in tackling the issue of the modern and contemporary periods that are often omitted in studies of Islamic art and architecture Offering a perceptive overview of modern Turkish architecture this book places it within the larger social political and cultural context of the country s development as a modern nation in the twentieth century *Modernism and Nation Building* Sibel Bozdoğan,2001 A cultural history of modern Turkish architecture and its connections to European modernism **Mid-Century Modernism in Turkey** Meltem Ö Gürel,2018-02-05 Mid Century Modernism in Turkey studies the unfolding of modern architecture in Turkey during the 1950s and 1960s The book brings together scholars who have carried out extensive research on post WWII modernism in a global context The authors situate Turkish architectural case studies within an international framework during this period providing a close reading of how architectural culture responded to ubiquitous post war ideas and ideals and how it became intertwined with politics of modernization and urbanization This book contributes to contemporary scholarship to reconsider post war architecture beyond canonical explanations **Architecture and the Turkish City** Murat Gül,2017-05-30 Architecture and urban planning have always been used by political regimes to stamp their ideologies upon cities and this is especially the case in the modern Turkish Republic By exploring Istanbul s modern architectural and urban history Murat Gul highlights the dynamics of political and social change in Turkey from the late Ottoman period until today Looking beyond pure architectural styles or the physical manifestations of Istanbul s cultural landscape he offers critical insight into how Turkish attempts to modernise have affected both the city and its population Charting the diverse forces evident in Istanbul s urban fabric the book examines late Ottoman reforms the Turkish Republic s turn westward for inspiration Cold War alliances and the AK Party s reaffirmation of cultural ties with the Middle East and the Balkans Telltale signs of these moments revivalist architecture drawing on Ottoman and Seljuk styles 1930s Art Deco post war International Style buildings and the proliferation of shopping malls luxurious gated residences and high rise towers for example are analysed and

illustrated in extensive detail Connecting this rich history to present day Istanbul whose urban development is characterised anew by intense social stratification the book will appeal to researchers of Turkey its architecture and urban planning
