Modern Upholstering Methods:

Modern Upholstering Methods William Francis Tierney, 1996 **Modern Upholstery** Micaela Sharp, 2024-10-24
Modern Upholstery is a contemporary guide designed to demystify the art of upholstery and inspire you to boldly transform your own furniture. When it comes to furniture, all too often we can feel stuck between buying pieces that are mass produced and low quality and those that are astronomically expensive and out of our price range. Micaela Sharp shows us that with a few new skills, some tools, and the desire to learn, we can forge a more sustainable path when it comes to furnishing our homes. With information on how to source second hand furniture and find the most beautiful independent fabrics, you'll be able to create more sustainable and personal pieces that will be cherished for years and stand out from the crowd. Along with oodles of inspiration, the book teaches versatile core techniques from stripping back and handling webbing through to decorative skills such as adding piping or frills which you can use and adapt to whatever style of furniture you have in your home. There are also four in depth projects that you can make along with Micaela to really bring a unique sense of style to your home: a headboard, footstool, window seat cushion, and armchair. Be inspired to learn new skills, confidently find your own style, and give your furniture a show stopping colourful makeover.

Modern Furniture Upholstering John Wesley Stephenson, 1923 *Modern DIY Upholstery* Vicky Grubb, 2015-04-01
Ten simple projects using quick and easy modern methods. QR codes will take you to time lapse videos of the construction of each piece of furniture. Modern DIY Upholstery shows the hobby sewer or complete newcomer how to make the leap into home upholstery, taking you gently by the hand, demonstrating the simple techniques you need to bring your love of fabric to upholstered items for the home. Not a dry, highly technical professional manual, this bright and accessible book takes you step by step through the process of upholstery of desirable pieces of furniture using items found at antique markets, street sales, and thrift stores that are designed up and given a modern twist. You will then learn all about fabric choice and other materials, discover the essential techniques, and then embark on the projects which include a simple stool, a vintage sewing box, a blanket box or ottoman, a fluted headboard, a Danish dining chair, a bedroom nursing chair, a patchwork armchair, and a mid century design two seater sofa, all guided by the author's expert instruction. This book has really set me on fire to go prowling for an ottoman or two, or maybe even a settee. The pictures are lovely, the instructions seem clear upon reading, and there are even time lapse videos. A Dress a Day Newby furniture upholsterers will be inspired to start their first projects, and intermediate to seasoned wrappers will definitely be challenged to stretch their fabrics and repertoire with more advanced instructions.
