Modern Yemen, 1918-1966 Manfred W. Wenner, 1967      Modern Yemen, 1918-1966 Manfred W. Wenner, 1967      The Origins of the Arab Israeli Wars Ritchie Ovendale, 2015-10-23 This highly regarded history gives a balanced and judicious introduction to this immensely complex and controversial subject weaving different strands of the story into a single coherent narrative thus making it essential reading for all students studying conflict in the Middle East Of all the troubles affecting the modern world few are as topical deep rooted and intractable as the Arab Israeli conflict For this region an understanding of the past is vital to an understanding of the present Ritchie Ovendale's classic study of the roots of the conflict is now updated for a fourth time and considers events until 2003      Middle East Politics J. C. Hurewitz, 2019-03-04 The Arab Israel Six Day War in June 1967 riveted world attention on the huge quantities of sophisticated weapons amassed in the arsenals of the Middle East and left in its wake tangled political military dilemmas and the intensification of the most dangerous arms race in the nonindustrialized world How do major upheavals spread across borders so easily in the Middle East What is the role of the military in the process of modernization How can the rash of military coups be explained Why is Israel the most vigorous democracy in the Middle East also the most vigorously mobilized and armed nation J C Hurewitz Professor of Government at Columbia University's School of International Affairs believes the answers to these and other pressing questions of Middle Eastern politics can be found only in a thorough examination of civil military relations in each country whether it is under military rule or not The Middle East as defined in this book comprises eighteen states stretching from Morocco to Afghanistan and Pakistan Probing the role of the military in each state the author assesses such other factors as the geographical and regional influences on specific national developments Dominating all are the ramifications of the competing American and Soviet policies for the region Through his analysis of the cold war tactics of the two Great Powers and of the bewildering arms races and the confusion of military politics that these tactics have engendered Professor Hurewitz brings into much clearer perspective the options for the West and particularly for the United States in this area He has provided in sum an informative and fully documented study of the whole interplay of domestic regional and international politics in the postwar Middle East      Books on Asia from the Near East to the Far East Eleazar Birnbaum, 1971-12-15 This is a selected annotated list of some 2 000 books on Asia in English and French currently in print chosen with the aim of providing a long term historical perspective for the general reader The list is presented in four main parts Asia as a whole the Islamic world India South and Southeast Asia the Far East Subdivisions cover such topics as general and reference works history social science and law history of literature literature in translation religion and ideas arts crafts architecture and science and the lands in modern times      **The End of the British Empire in the Middle East, 1952--1971** Wm. Roger Louis, 2025-03-28 A comprehensive account of the decline and fall of the British Empire in the Middle East from 1952 to 1971      A Dictionary of Post-classical Yemeni Arabic: alif-shīu Moshe Piamenta, 1990 747 is the thrilling story behind the Queen of the Skies the

Boeing 747 as told by Joe Sutter one of the most celebrated engineers of the twentieth century who spearheaded its design and construction Sutter's vivid narrative takes us back to a time when American technology was cutting edge and jet travel was still glamorous and new With wit and warmth he gives an insider's sense of the larger than life size personalities and the tensions in the aeronautical world *Saudi-Yemeni Relations* F. Gregory Gause,1990 *The Arabian Peninsula* Derek Hopwood,2015-07-24 Although the Arabian Peninsula is the heartland of Islam and of the Arab world for decades it did not receive the attention it deserves from scholars and writers The School of Oriental and African Studies University of London and the Middle East Centre of St Antony's College Oxford jointly organized a series of seminars culminating in a conference at which the papers in this volume first published in 1972 were discussed Together they constitute an authoritative statement of our present knowledge of several areas of the Peninsula with particular emphasis on the Gulf States Three chapters trace the history of Oman from pre Islamic times to the recent past and in so doing emphasize the theme of continuing conflict between sultan and imam Other chapters examine the Gulf and the Peninsula from the standpoint of inter Arab and of international relations The third section of the book is devoted to a discussion of the increasing rate of social change in the area and the final section deals with problems of oil and state and of economic development **After The Eagles Landed** Herbert S. Lewis,2019-04-05 This book portrays aspects of the life of a community of over 1 200 Jews who were either born in Yemen or who were in 1975-77 the young sons and daughters of immigrants from Yemen It contains implications for the important and currently debated topic of ethnic integration in Israel **The Republic of Yemen** Marta Colburn,2002

**The Politics and Poetics of Ameen Rihani** Nijmeh Hajjar,2010-05-30 Ameen Rihani 1876-1940 was an influential Arab American thinker writer and political activist and was one of the most prominent humanist intellectuals of the twentieth century He was born in Freike Lebanon and emigrated to the United States at the age of 12 He was recognized in his time as a leading figure in the world of Arab American literature a pioneer of the mahjar literary movement Arabic Lebanese migration literature and of contemporary Arabic prose poetry A prolific writer he published nearly 30 books in English alone In his writing and political activism Rihani's prime concern was engagement and mutual respect between the Arab world and the West a concern which bears striking relevance to global affairs today Undertaking a comprehensive reading of Rihani's Arabic and English published works including his creative writings essays correspondence and historical and travel books Nijmeh Hajjar examines the dialectical link between Rihani's life experiences in the Arabworld Europe and the USA with his ideas and activism The book highlights Rihani's progressive secular humanist vision his concerns about the need for Arab societies to achieve progress liberal democracy and social justice and his emphasis upon a mutual respect between the Arab world and the West particularly the USA Great Britain and France This fascinating illustration of an Arab American encounter contributes to post and neo colonial discourse and provides a balancing counterpoint to the predominant ideological clash of civilisations paradigms *The Politics and Poetics of Ameen Rihani* furthers our understanding of the Arab

Islamic world and its relationship with the West which remains one of the most important issues of our times      *Civil Wars of the World* Karl DeRouen Jr., Uk Heo, 2007-05-10 This unique two volume reference is the most authoritative up to date resource available for information and data on the most volatile civil wars around the globe since World War II At a time when historians are devoting more and more research to conflicts within nations Civil Wars of the World Major Conflicts since World War II is an invaluable addition to the available resources In two volumes it ranges around the globe to cover the most volatile and deadly civil wars of the past 60 years including the bloody impasses in the Middle East devastating tribal warfare in Africa Cold War fueled conflicts in Eastern Europe and Asia the seemingly unbreakable cycle of rebellion and repression in some regions of Latin America and more Civil Wars of the World moves country by country to describe the causes course and consequences of internal conflicts within each nation Coverage includes the historical background of each country geographic and economic factors descriptions of rebel groups and governments e g regime type size of military capacity terrorism foreign and or intergovernmental organization IGO intervention UN foreign support for rebels foreign aid and prospects for peace      Struggle For The Arab World Tawfig Y. Hasou, 2019-01-22 International regional organizations are created to serve the interests of the member states The Arab League the second oldest continuously existing regional organization of its kind only the Organization of American States has a longer history was established in 1945 to serve in the view of the founding fathers the interests and aspirations of the Arab people The main objective of this study is to show that regional organizations are often used by the major regional powers to advance their foreign policy goals as the case of Egypt in the League of Arab States during the tenure of President Gamal Abdel Nasser clearly shows First published in 1985 Routledge is an imprint of Taylor Francis an informa company      **Regional Guide to International Conflict and Management from 1945 to 2003** Jacob Bercovitch, Judith Fretter, 2004-11-23 Regional Guide to International Conflict Management from 1945 to 2003 provides global regional and specific information on the over 350 international conflicts that have occurred since World War II At the heart of the book are comprehensive regional sections each of which includes An essay providing regional context and highlighting the interrelation of countries and conflict in that area Summaries of each conflict in the region arranged chronologically and covering history circumstances players management and outcome References for further research Introductory chapters examine global patterns and trends in international conflict and how conflict is managed including ethnic conflict and the expanded role of the United Nations Tables figures maps and a comprehensive index round out this valuable resource Regional Guide to International Conflict and Management from 1945 to 2003 gives readers the tools and content necessary for understanding and analyzing international conflict in today s world Perfect for political science comparative government politics international relations and world history programs      Islam against the West William L. Cleveland, 2014-07-03 This book gives a unique perspective on the interwar history of the Middle East By telling the life story of one man it illuminates the political and cultural struggles of an era Shakib Arslan 1869 1946

was a leading member of the generation of Ottoman Arabs who came to professional maturity just before the final defeat of the Ottoman Empire Born to a powerful Lebanese Druze family Arslan grew up perfectly suited to his time and place in history He was one of the leading writers of his day and a dexterous ambitious politician But by the end of World War I Arslan and others of his generation found themselves adrift in a world no longer of their choosing as the once great Ottoman state lay broken before the West Rather than retreating from public life in those dark days however Arslan emerged militant in his opposition to Western encroachment on Islamic lands and tireless in his crusade to bring the organizing principles of a universalist Islam to the age of emerging nation states Organizer pamphleteer diplomat spokesman and symbol Arslan became one of the dominant and most controversial Muslim political figures in the two decades between the wars His involvements were so varied and intense that to study his life is to bring into focus all the major political issues and intellectual currents of the era By the end of his career he was both praised and vilified but he was arguably the most widely read Arab author of his day Curiously Arslan has received relatively little attention in English language research This may well be due less to his contemporary importance than to the perspective from which Western scholarship has viewed Middle Eastern intellectual history Arslan was not one of the winners For many his evocation of the old imperial ideal and his insistence on the strategic importance of Islamic ideals seemed to be simply archaic protest in a secular age But this impeccably researched and beautifully written biography demonstrates the power and importance of Arslan s activist heritage reinterpreting it for its own time and showing its importance for ours *The Middle East and North Africa in World Politics* J. C. Hurewitz,1979-01-01 **International Armed Conflict Since 1945** Herbert K. Tillema,2019-04-08 International Armed Conflict Since 1945 is a bibliographic handbook that briefly describes each of 269 international wars and other war threatening conflicts occurring between 1945 and 1988 **The Price of a Vote in the Middle East** Daniel Corstange,2016-09-01 Clientelism and ethnic favoritism appear to go hand in hand in many diverse societies in the developing world However while some ethnic communities receive generous material rewards for their political support others receive very modest payoffs The Price of a Vote in the Middle East examines this key and often overlooked component of clientelism The author draws on elite interviews and original survey data collected during his years of field research in Lebanon and Yemen two Arab countries in which political constituencies follow sectarian regional and tribal divisions He demonstrates that voters in internally competitive communal groups receive more and better payoffs for their political support than voters trapped in uncompetitive groups dominated by a single hegemonic leader Ultimately politicians provide services when compelled by competitive pressures to do so whereas leaders sheltered from competition can and do take their supporters for granted America and the World Robert E. Osgood,2020-03-03 Originally published in 1970 This volume presents a study of American foreign policy during the Cold War period investigating the United States involvement with the U S S R China and communist parties throughout the world
