The Role and Future of the Commonwealth Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2012-11-15 The Commonwealth is working for the UK however if the organisation is to reach its potential and influence events the Commonwealth Secretariat needs to sharpen strengthen and promote its diplomatic performance Recently the Commonwealth has appeared less active and less publicly

visible The Government does not appear to have a clear and co ordinated strategy for its relations with the Commonwealth The moral authority of the Commonwealth has too often been undermined by the repressive actions of member governments The Committee is disturbed to note the ineffectiveness of the mechanisms for upholding the Commonwealth s values and expresses support for the Eminent Persons Group s proposal for a Commonwealth Charter The Committee also says that it is not convinced that member states are making the most of the economic and trading opportunities offered by the Commonwealth The report welcomes the fact that the Commonwealth continues to attract interest from potential new members and the report says that there are advantages in greater diversity and an extended global reach for the Commonwealth however the application process should be rigorous There is also concern at the continuing evidence of serious human rights abuses in Sri Lanka and the Committee urges the Prime Minister to state publicly his unwillingness to attend the Commonwealth Heads of Government Meeting in Colombo meeting unless he receives convincing and independently verified evidence of substantial and sustainable improvements in human and political rights in Sri Lanka
