Modernist Fiction:

Modernist Fiction R.W. Stevenson, 2014-09-11 In the revised edition of this popular text Randall Stevenson has expanded and re-emphasised and amended his work to make it even more relevant to today's student studying the Modernist period in literature. The book covers a wide range of modernist novelists and novels and also provides an invaluable guide to key developments in the genre. Stevenson has developed his text by adding a discussion of Conrad's *Heart of Darkness* which is now taught more regularly than *Lord Jim*. In addition, he takes a fresh look at the politics of the Modernists in conjunction with the politics of their texts, pointing out the drawbacks of politically progressive readings of many modernist novels. Finally, in the section on gender, Stevenson includes discussions of such significant figures as Djuna Barnes, HD, Katherine Mansfield, and Rebecca West, as well as expanding the reference to Gertrude Stein throughout. The revisions in this updated text serve to make the author's arguments sharper and allow the text to remain central to the discussion of modernism, modernity, and the novel.

Publishing Modernist Fiction and Poetry Lise Jaillant, 2019-02-06 Publishing houses are nearly invisible in modernist studies. Looking beyond little magazines and other periodicals, this collection highlights the importance of book publishers in the diffusion of modernism. It also participates in the transnational turn in modernist studies, demonstrating that book publishers created new markets for modernist texts in the United States, Europe, and the rest of the world.

The Self as Object in Modernist Fiction Timo Müller, 2010

Microscopy, Magnification and Modernist Fiction Patrick Armstrong, 2024-12-26 Exploring how modernism registered shock experiences of the microscopic and extended vision in prose fiction through the work of four modernist writers: D.H. Lawrence, Marcel Proust, Virginia Woolf, and Samuel Beckett, this book is the first substantial study of the interrelations between microscopy and modernist fiction. Illustrating ways in which optical instruments had the capacity to change, displace, and reframe ideas of what the world is like, this book argues that encounters with the microscopic are often depicted as thresholds between the human and the non-human in ways that reverberate through modernist fiction. Exploring a period of significant developments in microscopical tools and techniques, from the light microscope to the electron microscope, this book traces a shift that reconfigured the limits of the observable.

The Persistence of Realism in Modernist Fiction Paul Stasi, 2022-10-06 Demonstrates the persistence of realism's characteristic concerns: sympathy, melodrama, gender, and class in the most aesthetically innovative works of modernist fiction.

The Rhetoric of Modernist Fiction Morton Levitt, 2006 A wide-ranging response to *The Rhetoric of Fiction*.

Modernist Fiction, Cosmopolitanism and the Politics of Community Jessica Berman, 2001-08-13 In *Modernist Fiction, Cosmopolitanism and the Politics of Community*, first published in 2001, Jessica Berman argues that the fiction of Henry James, Marcel Proust, Virginia Woolf, and Gertrude Stein engages directly with early twentieth-century transformations of community and cosmopolitanism. Although these modernist writers develop radically different models for social organization, their writings return again and again to issues of commonality, shared voice, and exchange of experience.

particularly in relation to dominant discourses of gender and nationality The writings of James Proust Woolf and Stein she argues not only inscribe early twentieth century anxieties about race ethnicity nationality and gender but confront them with demands for modern cosmopolitan versions of community This study seeks to revise theories of community and cosmopolitanism in light of their construction in narrative and in particular it seeks to reveal the ways that modernist fiction can provide meaningful alternative models of community Spectrality in Modernist Fiction Stephen Ross,2023-06-14

Spectrality in Modernist Fiction argues that key modernist writers chiefly Conrad Forster Butts and Bowen use spectral rhetoric to tackle problems of sex and sexuality revolution imperialism capitalism and desire all through complicated ethical engagements These engagements invariably come packaged in and are shaped by the language of spectrality In its capacity to articulate a particular sort of relationship between the past the present and the future the spectral concerns the basic question of how to proceed how to live with maybe even address ethical indeterminacy Whether their spectral rhetoric traces the logics of capitalist possession Conrad queer friendship and paganized Christianity Forster regressive politics haunted by historical traumas Butts or the devious passages of perverse desire Bowen these writers locate something like hope in their ghosts The ethical and political impasses they chart through their spectral rhetoric are not final but temporary and the drive to overcome them constitutes a tensile optimism **Modernist Fiction and Vagueness** Megan Quigley,2015-02-02

Modernist Fiction and Vagueness marries the artistic and philosophical versions of vagueness linking the development of literary modernism to changes in philosophy This book argues that the problem of vagueness language s unavoidable imprecision led to transformations in both fiction and philosophy in the early twentieth century Both twentieth century philosophers and their literary counterparts including James Eliot Woolf and Joyce were fascinated by the vagueness of words and the dream of creating a perfectly precise language Building on recent interest in the connections between analytic philosophy pragmatism and modern literature **Modernist Fiction and Vagueness** demonstrates that vagueness should be read not as an artistic problem but as a defining quality of modernist fiction **The Cambridge Companion to the Modernist Novel** Morag Shiach,2007-04-19

The novel is modernism s most vital and experimental genre With a chronology and guide to further reading this 2007 Companion is an accessible and informative overview of the genre Consciousness in Modernist Fiction V. Sotirova,2013-05-09

This stylistic study of consciousness in the Modernist novel explores shifts across different viewpoints and the techniques through which they are dialogically interconnected The dialogic resonances in the presentation of character consciousness are analysed using linguistic evidence and evidence drawn from everyday conversational practices **Wittgenstein and Modernist Fiction** Greg Chase,2022-02-08

The early decades of the twentieth century were a period of major economic and cultural upheaval across Europe and America Scholars have typically held that novelists responded to these shifts by questioning language s capacity to picture the world accurately But even as modernist novels move away from a view of language as a means of gaining knowledge they also underscore its capacity to

grant acknowledgment they treat words as tools for recognizing and responding to the inner lives of others This book brings out this crucial feature of modernism by engaging with the philosophy of Ludwig Wittgenstein and with Stanley Cavell's pioneering interpretation of Wittgenstein's thought The book shows how Wittgenstein's interest in acknowledgment emerges over the course of his career long effort to grapple with the same disorienting conditions of modern life that the experimental fiction of this period registers including world wars industrialization and new conceptions of sexuality It then argues that modernist novels by E M Forster Virginia Woolf Nella Larsen William Faulkner and others exhibit a similar interest in language's capacity to grant acknowledgment These novels offer readers a way of hearing what Wittgenstein calls the silent soliloquy of others giving us words by which we might acknowledge the otherwise unvoiced inner lives of socially marginalized figures

Travel and Modernist Literature Alexandra Peat, 2012-03-28 Through close readings of works from Henry James to W E B Du Bois and from Virginia Woolf to Jean Rhys this book discusses how fictional travelers negotiate and adapt various tropes of travel such as quest expatriation displacement and exile as models for their own journeys Specifically Peat considers the ethical dimensions of modernist travel from two distinct vantages The first focuses on the relationship between the secular and the sacred in modernist travel literature arguing that the recurrent narrative of secular travel is haunted by a desire for spiritual transcendence The second posits modernist travel fiction as a potentially positive example of

transcultural relations consciously arguing against the received notion that travel during an imperial era is always by nature itself imperialist Throughout particular attention is paid to the transnational nature of modernism and the various global flows traced by modernist literature

The Modernist Novel Stephen Kern, 2011-06-23 Leading scholar Stephen Kern offers a probing analysis of the modernist novel encompassing American British and European works Organized thematically the book offers a comprehensive analysis of the stunningly original formal innovations in novels by Conrad Joyce Woolf Proust Gide Faulkner Dos Passos Kafka Musil and others Kern contextualizes and explains how formal innovations captured the dynamic history of the period reconstructed as ten master narratives He also draws briefly on poetry and painting of the first half of the twentieth century The Modernist Novel is set to become a fundamental source for discussions of the genre and a useful introduction to the subject for students and scholars of modernism and twentieth century literature

Crowd Violence in American Modernist Fiction Benjamin S. West, 2013-04-05 This study explores numerous depictions of crowd violence literal and figurative found in American Modernist fiction and shows the ways crowd violence is used as a literary trope to examine issues of racial gender national and class identity during this period Modernist writers consistently employ scenes and images of crowd violence to show the ways such violence is used to define and enforce individual identity in American culture James Weldon Johnson William Faulkner Richard Wright Ernest Hemingway F Scott Fitzgerald and John Steinbeck for example depict numerous individuals as victims of crowd violence and other crowd pressures typically because they have transgressed against normative social standards Especially important is the way that racially motivated lynching and the representation of such lynchings in African American literature and culture becomes a noteworthy focus of canonical Modernist fiction composed by white authors
