Bibliography of Latin American and Caribbean Bibliographies ,1995 **Literary Passion, Ideological**

Commitment Dawn Duke,2008 This study examines Afro Cuban and Afro Brazilian women writers as well as analysing the roles of women of African descent in Cuban and Brazilian literature Initially literary imagination locked women into circumscribed roles a result of hierarchies embedded in slavery and colonialism and sustained by hierarchical theories on race and gender The discussion illustrates how these negative aspects have influenced the mainstream literary imagination that contrasts with the self portrayals created by women writers themselves Even as there continues to be disadvantageous constructions there is no doubt that a modification has occurred over time in images representation and articulation It is a change directly associated with the instances when women themselves are the writers The historiographic image of the Afro Cuban and Afro Brazilian woman as a written object is ideologically replaced by a vision of her as a writing subject It is here that the vision of a creative multifaceted and diversified literature becomes important **Trends and Traditions in Latin**

Beyond Carnival James N. Green,2001-12 For many foreign observers Brazil still conjures up a collage of exotic images ranging from the camp antics of Carmen Miranda to the bronzed girl or boy from Ipanema moving sensually over the white sands of Rio s beaches Among these tropical fantasies is that of the uninhibited and licentious Brazilian homosexual who expresses uncontrolled sexuality

during wild Carnival festivities and is welcomed by a society that accepts fluid sexual identity. However, in *Beyond Carnival*, the first sweeping cultural history of male homosexuality in Brazil, James Green shatters these exotic myths and replaces them with a complex picture of the social obstacles that confront Brazilian homosexuals. Ranging from the late nineteenth century to the rise of a politicized gay and lesbian rights movement in the 1970s, Green's study focuses on male homosexual subcultures in Rio de Janeiro and São Paulo. He uncovers the stories of men coping with arrests and street violence, dealing with family restrictions and resisting both a hostile medical profession and moralizing influences of the Church. Green also describes how these men have created vibrant subcultures with alternative support networks for maintaining romantic and sexual relationships and for surviving in an intolerant social environment. He then goes on to trace how urban parks, plazas, cinemas, and beaches are appropriated for same-sex erotic encounters, bringing us into the world of street cruising, male hustlers, and cross-dressing prostitutes. Through his creative use of police and medical records, newspapers, literature, newsletters, and extensive interviews, Green has woven a fascinating history, the first of its kind for Latin America, that will set the standard for future works. Green brushes aside outworn cultural assumptions about Brazil's queer life to display its full glory as well as the troubles which homophobia has sent its way. This latest gem in Chicago's *World of Desire* series offers a shimmering view of queer Brazilian life throughout the 20th century.
