## **Modernity And Ambivalence:**

*Modernity and Ambivalence* Zygmunt Bauman, 2013-05-08 Modern civilization Bauman argues promised to make our lives understandable and open to our control This has not happened and today we no longer believe it ever will In this book now available in paperback Bauman argues that our postmodern age is the time for reconciliation with ambivalence we must learn how to live in an incurably ambiguous world

**Facing Modernity** Barry Smart, 1999-02-23 Barry Smart offers a wide ranging and critical discussion of how issues of reflexivity ethics and moral responsibility inform social and political thought Through a critical discussion of the ambivalent fruits of social analysis exemplified in particular by the work of Foucault Derrida Lyotard Baudrillard Vattimo Beck Bourdieu Goffman Giddens Levinas and Bauman this book submits that an important responsibility of social enquiry today is to engage critically with the moral difficulties and ethical dilemmas which have arisen in relation to modernity

**Surpassing Modernity** Andrew McNamara, 2018-11-29 For the past thirty to forty years cultural analysis has focused on developing terms to explain the surpassing of modernity Discussion is stranded in an impasse between those who view the term modernity with automatic disdain as deterministic Eurocentric or imperialistic and a booming interest that is renewing the study of modernism Another dilemma is that the urge to move away from or beyond modernity arises because it is viewed as difficult even unsavoury Yet there has always been a view of modernity as somehow difficult to live with and that has been said by figures we regard today as typical modernists McNamara argues in this book that it is time to forget the quest to surpass modernity Instead we should re examine a legacy that continues to inform our artistic conceptions our political debates our critical justifications even if that legacy is baffling and contradictory We may find it difficult to live with but without recourse to this legacy our critical cultural ambitions would remain seriously diminished How do we explain the culture we live in today And how do we as citizens make sense of it This book suggests these questions have become increasingly difficult to answer

*Modernity And Consumption: Theory, Politics, And The Public In Singapore And Malaysia* Antonio Leopold Rappa, 2002-03-25 The Enlightenment theorists involved in the public private debate exposed the logical fallacies of theology and the philosophical weaknesses of metaphysics but left little room for understanding contemporary modes of consumption What does it mean to be a consumer in the early 21st century Do modern markets provide real choices for consumers in neoliberal capitalist democracies Or are consumers ironically slaves to their own patterns of consumption Rejecting Habermas conceptualizations in *The Structural Transformation of the Public Sphere* 1991 Rappa offers an examination of modernity and consumption with a non Marxist modernity Resistance theoretical frame mRf He argues that late modernity the ethos experience and consciousness of global and technological transformation today is not about the fusion of public and private spaces Rather modernity and consumption involves the deep penetration of private space by public space to the extent that private space becomes dependent conditional and decrepit The Private has become contingent on the Public Decisions about what to consume no longer reflect the mindful

choices of private interest seeking and wealth maximizing individuals but reveal a new kind of public control through foundational images of success failure horror violence and hope

**Bauman and contemporary sociology** Ali Rattansi,2017-08-01 This is the first single authored critical engagement with the major works of Zygmunt Bauman Where previous books on Bauman have been exegetical here an unwavering light is shone on key themes in the sociologist s work exposing serious weaknesses in Bauman s interpretations of the Holocaust Western modernity consumerism globalisation and the nature of sociology The book shows how Eurocentrism the neglect of issues of gender and a lack of awareness of the racism faced by Europe s non white ethnic minorities seriously limit Bauman s analyses of Western societies At the same time it points to Bauman s repeated insistence on the need for sociologists to take a moral stance in favour of the world s poor and downtrodden as being his most valuable legacy The book will be of great interest to sociologists Its readability will be valued by undergraduates and postgraduates and it will attract a readership well beyond the discipline

Emotions in Culture and Everyday Life Michael Hviid Jacobsen,2022-08-15 This volume describes and analyses a series of emotions prevalent in everyday life and culture with each chapter exploring the main facets of a particular emotion and considering the ways in which it manifests itself in and informs our culture and lives Considering our expression conception management and sanctioning of emotions and the ways in which these have changed over time as well as the ways in which we can theorise particular emotional states authors ask how certain emotions are linked to culture and society and what roles they play in politics and contemporary life With examples and case studies taken from research into media culture and social life Emotions in Culture and Everyday Life will appeal to scholars of sociology anthropology psychology media and cultural studies and philosophy with interests in the emotions

Cosmopolitanism and Translation Esperanca Bielsa,2016-05-20 Social theories of the new cosmopolitanism have called attention to the central importance of translation in areas such as global democracy human rights and social movements but translation studies has not engaged systematically with theories of cosmopolitanism In Cosmopolitanism and Translation Esperan a Bielsa does just that by focussing on the lived experience of the cosmopolitan stranger whether a traveller migrant refugee or homecomer With reference to world literature social theory and foreign news she argues that this key figure of modernity has a central relevance in the cosmopolitanism debate In nine chapters organised into four thematic sections this book examines theories and insights on new cosmopolitanism methodological cosmopolitanism translation as the experience of the foreign the notion of cosmopolitanism as openness to others living in translation and the question of the stranger With detailed case studies centred on Bola o Adorno and Terzani and their work Cosmopolitanism and Translation places translation at the heart of cosmopolitan theory and makes an essential contribution for students and researchers of both translation studies and social theory

**Maturity and Modernity** David Owen,2013-04-15 Maturity and Modernity is the first book to analyze Nietzsche Weber and Foucault as a tradition of theorising and to chart the development of genealogy as a mode of critique It provides clear accounts of the main

ideas of Nietzsche Weber and Foucault as well as a useful Glossary and illustrates the relations between these thinkers at methodological substantive and political levels **Mary Butts** Joel Hawkes,2024-04-04 A scholarly and experimental collection that offers fresh insight with a feminist focus into the often overlooked modernist writer Mary Butts and the contested processes of recovering such an author Scholars instrumental in the recovery of Mary Butts along with newer writers publishers printers and artists enter into conversation exploring the work of the British author whose body of work plays between high modernist forms and more popular genres writing that can be described as occult Gothic queer proto environmental and feminist Taking its cue from Butts s experimental rhythmic writing and the transnational artistic communities in which Butts moved in the 1920s the collection is a non linear exchange rather than a collection of isolated arguments a conversation constructed from classical academic chapters knight s move non academic reflections and short responses to these This conversation lies at the intersection of feminism and reconstruction Chapters range between Butts s writing techniques and forms her position in the modernist canon contested sites of feminism in her work critical reception of that work queer and post critical readings and the success of and the need for a feminist recovery of the author The collection aims to be a feminist engagement while asking questions of what this might look like why it is needed and how such an approach offers fresh insight into an erudite playful difficult contradictory and experimental body of work Ultimately the collection asks how should we reconstruct the author and her work for the contemporary reader Zygmunt Bauman Peter Beilharz,2000-01-11 This measured and thoughtful book provides a comprehensive critical commentary on Bauman s social theory It explores the roots of his ideas in questions of capital and labour and explains how these ideas flourished in Bauman s later writings on culture intellectuals utopia the holocaust modernity and postmodernism Bauman s work has been wide ranging and ambitious This book fulfils the objective of providing an authoritative critical guide to this essential thinker How the Neoliberalization of Academia Leads to Thoughtlessness Justin Pack,2018-11-15 Universities across the US have committed to a process of neoliberalization that is radically altering higher education academia is increasingly being run like a business As a result the university is becoming less and less a place of wonder self cultivation and thinking and instead is becoming more and more a place to specialize strategize produce and profit Students race through coursework to bolster job prospects while facing massive debt Faculty scramble for the biggest grants and angle for the most prestigious journals Sink or swim publish or perish triumph and win there is no longer time to think and to wonder This undermines the opportunity for students to develop into good citizens that can truly think critically and judge carefully Thinking and judgment are according to the philosopher Hannah Arendt the only things that can save us if the powerful machines of science or capitalism begin to work in ways they should not Arendt saw Nazi Germany use the newest science and the best economic management to systematically kill six million Jews She saw the disturbing inability of the populace and the intellectuals to capably resist the Nazi machine once it got rolling Applying Arendt s insights to modern academia Pack argues that unless

checked neoliberalization threatens to turn the university into a place that discourages thinking and the development of judgment in favor of hyper specialization and strategic action

**Modernity and the Holocaust** Zygmunt Bauman, 2013-05-28 Sociology is concerned with modern society but has never come to terms with one of the most distinctive and horrific aspects of modernity the Holocaust The book examines what sociology can teach us about the Holocaust but more particularly concentrates upon the lessons which the Holocaust has for sociology Bauman's work demonstrates that the Holocaust has to be understood as deeply involved with the nature of modernity There is nothing comparable to this work available in the sociological literature

*The Sociology of Zygmunt Bauman* Michael Hviid Jacobsen, Poul Poder, 2016-03-03 Zygmunt Bauman is one of the most inspirational and controversial thinkers on the scene of contemporary sociology For several decades he has provided compelling analyses and diagnoses of a vast variety of aspects of modern and liquid modern living This book considers the theoretical significance of his contribution to sociology but also discusses and adopts a critical stance towards his work The Sociology of Zygmunt Bauman introduces and critically appraises some of the most significant as well as some of the lesser known of Bauman's contributions to contemporary sociology An international team of scholars delineates and discusses how Bauman's treatment of these themes challenges conventional wisdom in sociology thereby revising and revitalizing sociological theory As a special feature the book concludes with Bauman's intriguing reflections and contemplations on his own life and intellectual trajectory published here for the first time in English In this postscript aptly entitled Pro Domo Sua About Myself he describes the pushes and pulls that throughout the years have shaped his thinking

**Satiric Modernism** Kevin Rulo, 2021-04-19 In this book Kevin Rulo reveals the crucial linkages between satire and modernism He shows how satire enables modernist authors to evaluate modernity critically and to explore their ambivalence about the modern Through provocative new readings of familiar texts and the introduction of largely unknown works Satiric Modernism exposes a larger satiric mentality at work in well known authors like T S Eliot James Joyce Wyndham Lewis Ezra Pound Virginia Woolf and Ralph Ellison and in less studied figures like G S Street the Sitwells J J Adams and Herbert Read as well as in the literature of migration of Sam Selvon and John Agard in the films of Paolo Sorrentino and in the drama of Sarah Kane In so doing Rulo remaps the last hundred years as an era marked distinctively by a new kind of satiric critique of and aesthetic engagement with the temporal fissures logics and regimes of modernity This ambitious expansive study reshapes our understanding of modernist literary history and will be of interest to scholars of twentieth century and contemporary literature as well as of satire

Modernity and the Dilemma of North American Anglican Identities, 1880-1950 William Katerberg, 2001-04-23 He describes the life and work of five leaders in the Anglican Church in Canada and the Episcopal Church in the United States who came of age in the late nineteenth century and served their religious communities until the mid twentieth century As clergy and educators they hoped to root the faith of modern Anglicans Episcopalians in past traditions to provide a compelling spiritual purpose and identity for the present and the future Their attempts to articulate a

historical basis for Anglican unity and Christian ecumenism often had contradictory and even sectarian results  
**Modernity and the Dilemma of North American Anglican Identities 1880-1950** offers historians and scholars of religion and culture in North America a comparative perspective and a new way to understand how a previous generation looked to the past to address the dilemmas of an uncertain present and future  
*The Anthem Companion to Zygmunt Bauman* Michael Hviid

Jacobsen, 2023-10-03 This edited volume will illustrate the continuing interest in Bauman's work through a number of chapters each dealing with the important aspects of his work and shedding light on some new angles and perspectives on his life and work It seeks to position Bauman within the field of sociology and to provide some examples of his lasting contribution to and relevance for the discipline Bauman's ideas remain an important source of inspiration for many scholars and researchers working within a variety of different fields and sub-fields appealing equally to empirical work and theoretical elaboration This book contains ten chapters and all chapters are devoted to the presentation and discussion of themes and ideas that were characteristic of Bauman's way of doing and writing The purpose of this volume as with the other volumes published in the Anthem Press Companion to Sociology series is to provide a comprehensive overview of Zygmunt Bauman's continued importance within the field of sociology and related social science disciplines  
**Modernity and Postmodernity**

Gerard Delanty, 2000-04-19 This accessible and comprehensive overview of the main issues on the modernity/postmodernity controversy is the first clear-sighted book on the subject It surveys modern social theory from Kant to Weber with economy and masterly precision And evaluates the work of the Frankfurt School Arendt, Strauss, Luhmann, Habermas, Heller, Castoriadis and Touraine before moving on to consider the approaches of the leading writers on postmodernity Lyotard, Vattimo, Derrida, Foucault and Jameson The result is a new way of conceptualizing the modernity/postmodernity debate and an exciting new approach to the roots of contemporary social theory  
**The International Criminal Court and Global Social Control**

Nerida Chazal, 2015-12-14 The International Criminal Court was established in 2002 to prosecute war crimes, crimes against humanity and genocide At its genesis the ICC was expected to help prevent atrocities from arising or escalating by ending the impunity of leaders and administering punishment for the commission of international crimes More than a decade later the ICC's ability to achieve these broad aims has been questioned as the ICC has reached only two guilty verdicts In addition some of the world's major powers including the United States, Russia and China are not members of the ICC These issues underscore a gap between the ideals of prevention and deterrence and the reality of the ICC's functioning This book explores the gaps, schisms and contradictions that are increasingly defining the International Criminal Court moving beyond existing legal international relations and political accounts of the ICC to analyse the Court from a criminological standpoint By exploring the way different actors engage with the ICC and viewing the Court through the framework of late modernity the book considers how gaps between rhetoric and reality arise in the work of the ICC Contrary to much existing research the book examines how such gaps and tensions can be productive as they enable the Court to

navigate a complex international environment driven by geopolitics The International Criminal Court and Global Social Control will be of interest to academics researchers and advanced practitioners in international law international relations criminology and political science It will also be of use in upper level undergraduate and postgraduate courses related to international criminal justice and globalization

**Humanity and Uncontrollability** Simon Susen, 2024-08-14 Focusing on the work of Hartmut Rosa this book provides an in depth account of the extent to which we as humans are obliged to face up to the uncontrollability of the world Rosa is widely regarded as one of the most original contemporary European social theorists Along with the concepts of acceleration alienation and resonance the notion of uncontrollability Unverf gbarkeit ranks among the most important reference points in Rosa s critical theory especially in his recent work It is no accident then that following his extensive inquiries into acceleration and alienation and the publication of his magnum opus on resonance Rosa has found it necessary to offer a brief but powerful account of the place occupied by the concept of uncontrollability in his critical theory The first half of this book comprises a detailed outline of Rosa s central arguments on uncontrollability before moving in the second half to a thorough assessment of the most significant limitations of his approach This book will appeal to students and scholars of the social sciences and humanities particularly to those interested in social theory social philosophy and the history of ideas

Entanglements of Modernity, Colonialism and Genocide Jack Palmer, 2018-05-08 This book offers a novel sociological examination of the historical trajectories of Burundi and Rwanda It challenges both the Eurocentric assumptions which have underpinned many sociological theorisations of modernity and the notion that the processes of modernisation move gradually if precariously towards more peaceable forms of cohabitation within and between societies Addressing these themes at critical historical junctures precolonial colonial and postcolonial the book argues that the recent experiences of extremely violent social conflict in Burundi and Rwanda cannot be seen as an object apart from the concerns of sociologists as it is commonly presented Instead these experiences are situated within a specific route to and through modernity one entangled with Western modernity A contribution to an emerging global historical sociology

Entanglements of Modernity Colonialism and Genocide will appeal to scholars of sociology and social theory with interests in postcolonialism historical sociology multiple modernities and genocide
