**Utah in the Twentieth Century** Brian Q. Cannon, Jessie L. Embry, 2009-06-15 The twentieth century could easily be Utah's most interesting and complex Utah in the Twentieth Century chronicles the social and cultural transitions of the time offering a well rounded perspective on the development and change the Beehive State went through during this period It was an era complicated by the push of economic development and pull of traditional culture demand for natural resources from a fragile and scenic environment questions of who governs and how who gets a vote and who controls what on contested public lands during which outside trade and a tourist economy increasingly challenged and fed an insular society Activists left and right declaimed constitutional liberties while Utah's Native Americans become the last enfranchised in the nation Proud contributions to national wars contrasted with denial of deep dependence on federal money the skepticism of provocative writers boosters eager for growth and reflexive patriotism somehow bonded to ingrained distrust of federal government A valuable resource for students and teachers this work is also fruitful reading for anyone who desires to know more about key themes of Utah's history in the twentieth century

**Marriage and Modernization** Don S. Browning, 2003-03-20 The processes of modernization and globalization promise more wealth and health for many people But they are also a threat to the stability and quality of marriage and family life This new book at once sobering and constructive looks at the impact of these processes on marriage and asks what Christianity in cooperation with other religions can do to strengthen married life today Among the deleterious effects of modernization and globalization on marriage are a worldwide drift of men away from the responsibility of parenthood and the tendency of mothers too readily

to take on the task of childrearing alone After looking at recent research on these and other problems Don Browning suggests that the cure for modern marital disruption entails reforming and reconstructing the institution of marriage while also nurturing relevant forms of social support Yet the effort to initiate a world marriage revival requires a complex cultural work and Browning explores the key contributions that the religions of the world must make for such an effort to be successful *Research, Evaluation, and Demonstration Projects* ,1986
