Alfred Louis Kroeber

Mohave People:

The Mohave Andrea Palmer,2017-12-15 For thousands of years the Mohave s lives have been shaped by the desert in which they live and the Colorado River They call themselves the Pipa Aha Macav which means people who live along the water This book introduces readers to the culture and traditions of the Mohave Indians Students will enjoy reading about how these skilled farmers and tough warriors have survived for so long in the harsh desert conditions they call home This important topic in the history of California is covered in detail with age appropriate text and beautiful full color photographs

Native Peoples of the World Steven L. Danver,2015-03-10 This work examines the world s indigenous peoples their cultures the countries in which they reside and the issues that impact these groups *A prehistoric and historic cultural resources overview of the Rocky Mountain Pipeline Project area* Jeanne K. Swartout,1981 **[Must Read Personalities] A life Story of Olive Oatman** InRead Team,2022-06-05 Description This Book provides a quick glimpse about the life of Olive Oatman Stories on Skin Terry Baxter,Libby Coyner-Tsosie,2025-01-23 Helping expand archival studies into impermanent media like body art this book suggests that archiving must be considered a form of storytelling Tattoos are not merely decorative they contain deep meaning for individuals and communities They document their wearers personal histories and position in families or society and they engage with a communal understanding of symbols This unique book makes the case that archivists who want to preserve as full a human story as possible must recognize the rich documentation provided by tattoos It also argues in a broader sense that traditional archives are not representative of the ways human beings transmit information through time and that they must be augmented by other types of storytelling to provide a more complete record of our species Authors Baxter and Coyner touch on timely topics such as historical narratives storytelling cultural traditions the body as a text social control and memorialization by considering tattoos as a personal and community archive Discussing tattoos as a storytelling tool the authors also challenge how history is kept and who gets included Stories on Skin is committed to the rights of communities to tell their stories in their own way and to the power that right brings Seven Mohave Myths A. L. Kroeber,2023-11-20 Seven Mohave Myths is a collection of traditional Mohave Native American myths and stories compiled and analyzed by the American anthropologist A L Kroeber Published in 1919 this work serves as an ethnographic study of the Mohave people and their oral traditions The book contains seven Mohave myths each of which provides insight into the cultural and spiritual beliefs of the Mohave tribe who primarily inhabit the southwestern United States including the Colorado River region The myths explore various themes such as the creation of the world the actions of gods and legendary figures the origins of certain customs and rituals and the relationships between humans nature and the supernatural Through these stories readers can gain a deeper understanding of Mohave cosmology traditions and worldviews *Indian Health Services, Oversight* United States. Congress. Senate. Select Committee on Indian Affairs,1980 **Gods or Civilizations from the Stars** Antonio Alves,2025-04-24 Since their creation our planet and other celestial bodies in our

solar system have received visitors from various parts of the universe These visits have sparked the emergence of religions legends myths and even civilizations that identify themselves as not native to Earth Along with them they brought genuine technological knowledge that has driven the evolution of Earth s inhabitants In *Gods or Civilizations from the Stars* author Antonio Alves seeks to share legends myths and sacred texts from around the world that describe these star beings as missionaries of humanity s evolution providing examples of civilizations that chose to colonize or temporarily reside on Earth Alves also writes about his own experiences In late 1979 while planning an evening meeting with a friend he encountered a bright white light that had a profound impact on his life This event led him once skeptical of historical teachings from school to reexamine the origins of humanity and religions and to begin his own research on the UFO phenomenon This study explores paranormal experiences and the idea that religion and ufology are two ways of interpreting visits from extraterrestrial beings throughout human history

Mojave Pottery, Mojave People Jill Leslie McKeever Furst, 2001 Despite the centrality of ceramics to Mojave culture Mojave pottery is virtually unknown today Museums have mostly small unrepresentative and largely undocumented collections and the works have received little attention from scholars and collectors This comprehensive volume brings to light the wondrously inventive clay people mythological creatures and effigy vessels of the Mojave people recording this Southwest Indian ceramic art in more than 50 full color plates 25 color and black and white illustrations and a complete catalog of the Dillingham Collection of Mojave Ceramics one of the largest and most complete Mojave assemblages in the world at the Indian Arts Research Center of the School of American Research Jill Leslie Furst takes an ethnohistorical approach here drawing on written literature about the tribe that ranges from seventeenth century Spanish documents to ethnographic accounts from the 1970s The stories of the Mojaves along with descriptions of family life gender roles subsistence activities clothing and personal adornment shamanism and the afterlife form the context for Furst s exploration of the Mojave ceramic tradition
