Moiras Crossing Christina Shea, 2000-01-12 An exquisitely wrought debut novel about sisterhood through three generations in Ireland and America It is 1921 in Ireland When their mother dies in childbirth Moira and Julia O Leary are left to rear their infant sister Ann while their father a sheep farmer despairs After Ann dies Moira and Julia depart Cork for Boston but the painful secret behind Ann's death haunts their new lives and presages the confusion that will come to trouble the next generation Moira and Julia have always been strikingly different but theirs is a mercilessly dependable relationship Moira's boldness is fortified by Julia's quiet inner purpose while Julia lives vicariously through her sister's impulsive actions Moira's Crossing charts their shared journey through marriage children and lobstering off the coast of Maine At once an examination of the troubled intimacy of sisterhood and an inquiry into the meaning of faith Moira's Crossing is also a story of what we leave behind and who we become because of it Moiras Scythe Ethard W. Van Stee, 2000-04 Jonathan Braithewaite settles in eastern North Carolina in 1727 He marries a sea captain's daughter and they found Jonathan's Landing later renamed Wisharton Half the town evolves into a harsh Calvinist planter community represented by the Brandt family The other half into a more liberal community scended from the Anglicans and represented by the Braithewaites Tension grows between the two families who pass through a series of crises The hero's wife dies of untreatable disease followed by her husband who is killed in a duel The slave community evolves from its Yoruban African roots tempered by an infusion of Christianity The eldest Braithewaite daughter marries a school teacher and they open an academy The Brandt son becomes a religious fanatic who slays his retarded mulatto daughter resisting his attempt at rape His older slave mistress mediates between the planter family and the slaves She too is carrying his child Brandt's trial for murder in the death of the girl takes up the middle third of the story He is sentenced to the pillory and dies there as he is being branded on the forehead with the mark of the serpent The Brandt's slaves engage in a carefully controlled rebellion

and the Braithewaite widow frees hers The final third of the story is set in modern times Graduate student Kareena discovers she is a direct descendant of a sister of the slave girl murdered 150 years earlier Moreover her graduate advisor is a direct descendant of the mad planter Brandt Through this lineage she and her advisor both carry the Brandt genes Strange events seem to happen that cannot be real Flashbacks relating to their common heritage carry the story to a terrifying and surreal conclusion bringing their mutual family curse to an end
