Caserio,Clement Hawes,2012-01-12 The Cambridge History of the English Novel chronicles an ever changing and developing body of fiction across three centuries An interwoven narrative of the novel s progress unfolds in more than fifty chapters charting continuities and innovations of structure tracing lines of influence in terms of themes and techniques and showing how greater and lesser authors shape the genre Pushing beyond the usual period centered boundaries the History s emphasis on form reveals the range and depth the novel has achieved in English This book will be indispensable for research libraries and scholars but is accessibly written for students Authoritative bold and clear the History raises multiple useful questions for future visions of the invention and re invention of the novel **Galloway Street** John Boyle,2011-09-30 John Boyle was born and raised in Scotland but he could never feel Scottish His parents were poor immigrants from the West of Ireland who came to Scotland to find work and eventually settled in Paisley where John was the first of six children *Galloway Street* beautifully captures the poverty and the rough humour of the family s life in the Paisley tenements the songs and stories of their Irish Catholic relatives and the often uneasy relationships with their Scottish Protestant neighbours It also shows how the boy is marked at the age of ten by an extended stay with his spinster aunt on the remote island of Achill as he begins to understand the life his parents left behind This is a book about exile and belonging

about the poignancy of growing up Irish in Scotland so close to the place your mother still calls home It is a truthful funny and moving evocation of a unique place and time experienced through the eyes of a child **The Eagle** ,1914 The Great Push Patrick MacGill,2016-11-15 Patrick MacGill enlisted with the London Irish Rifles in 1915 and The Great Push is the resultant work written during the Battle of Loos This story recounts the fear resilience humour and fatalism of those who fought at the raw edge of one of the most terrifying wars ever to have been waged A classic of war literature The Great Push is a passionate and compelling book which describes the fear resilience humour and fatalism of those who fought in the raw edge of one of the most terrifying wars ever to have been waged *Memory, Narrative and the Great War* David Taylor,2013-04-03 This is a detailed study of an important figure whose differing perceptions of the Great War throw valuable light on the way in which war is remembered and narrated **Classes of Advertising: Industrial and trade-paper advertising** ,1929 **The Gates Flew Open** Peadar O'Donnell,2013-08-17 Peadar O'Donnell became involved in Irish Republicanism through his initial involvement in socialism as an organiser for the ITGWU When he was unsuccessful in establishing a branch of the Irish Citizen Army in Derry he joined the IRA and led Guerilla activities in Donegal and Derry during the War of Independence He was firmly opposed to the treaty signed at the end of the war and wrote The middle class was getting all they wanted namely the transfer of patronage from Dublin Castle to the Irish parliament The mere control of patronage did not seem to me sufficient reason for the struggle we had been through He was a member of the executive of the anti treaty IRA and was in the Four Courts when it was attacked by the Free State forces He was arrested shortly afterwards and was involved in organising a hunger strike among the anti treaty Republicans which lasted 41 days It was while in prison that he began writing to escape the bare walls of the prison cell and this is a story of prison life in the midst of Civil War in Ireland that combines glimpses of humour with moments of tragic poignancy as he describes games of handball and bridge with men who faced the firing squad withing twenty four hours O'Donnell was one of the last survivors of the Independence struggle in Ireland retaining his radicalism and idealism right up to his death in 1986 at the age of 93 Irish Immigrants and Scottish Society in the Nineteenth and Twentieth Centuries Tom M. Devine,2001-01-01 The Irish were the single largest group of immigrants to Scotland in the nineteenth and twentieth centuries and the original settlers and their descendants have had a major impact on modern Scottish society culture and politics This book of original studies is the first major reassessment of the general effect of Irish immigration on Scotland since the classic works of James Handley during the 1940s All the contributors have produced significant research in the field and the book provides a varied and balanced insight into current historical thinking on the Irish in Scotland *Irish Writing in the Twentieth Century* David Pierce,2000 With five Nobel Prize winners seven Pulitzer Prize winners and two Booker Prize winning novelists modern Irish writing has contributed something special and permanent to our understanding of the twentieth century Irish Writing in the Twentieth Century provides a useful comprehensive and pleasurable introduction to modern Irish literature in a single volume

Organized chronologically by decade this anthology provides the reader with a unique sense of the development and richness of Irish writing and of the society it reflected. It embraces all forms of writing not only the major forms of drama, fiction and verse but such material as travel writing, personal memoirs, journalism, interviews and radio plays to offer the reader a complete and wonderfully varied sense of Ireland's contribution to our literary heritage. David Pierce has selected major literary figures as well as neglected ones and includes many writers from the Irish diaspora. The range of material is enormous and ensures that work that is inaccessible or out of print is now easily available. The book is a delightful compilation including many well-known pieces and captivating discoveries which anyone interested in literature will long enjoy browsing and dipping into.

The New Witness, 1921 *Children of the Dead End: The Autobiography of an Irish Navvy* Patrick MacGill, 1919-12-02

In *Children of the Dead End: The Autobiography of an Irish Navvy* Patrick MacGill delivers a poignant and unflinching portrayal of the life and struggles of Irish laborers in early 20th-century Britain. With a keen eye for detail and a lyrical yet stark prose style, MacGill chronicles his experiences as a navvy, an itinerant worker involved in heavy construction, revealing the harsh realities of poverty, exploitation and resilience. The work is steeped in the socio-economic context of the time, providing historical insights into the conditions faced by immigrant workers, while reflective passages reveal MacGill's profound observations on class and identity, encapsulating the sentiments of a lost generation seeking both survival and dignity amidst adversity.

Patrick MacGill (1889-1963), born in County Donegal, Ireland, experienced the hardships he later depicted in his writing. His own journey from a rural upbringing to the grueling work on the railways and roads laid the groundwork for this autobiographical narrative. Drawing on his personal experiences, MacGill gives voice to the marginalized and forgotten, thereby fostering a sense of kinship with his readers, particularly those who share similar backgrounds or struggles. This book is a powerful companion for anyone interested in labor history, Irish literature or compelling autobiographical narratives. MacGill's rich storytelling and insightful observations make it an essential read for those seeking to understand the trials of working-class life in a bygone era while also reflecting timeless themes of hardship, hope and humanity.
