Molieres Don Juan Translated By Christopher Hampton:

Molière: Don Juan David Whitton, 1995-04-27 This book examines how Molière's Don Juan has been interpreted in performance by different directors and in a variety of cultural and social contexts The Oxford Guide to Literature in English Translation Peter France, 2000 This guide highlights the place of translation in our culture encouraging awareness of the process of translating and the choices involved making the translator more visible Concentrating on major writers and works it covers translations out of many languages from Greek to Hungarian Korean to Turkish For some works e.g. Virgil's Aeneid which have been much translated the discussion is historical and critical showing how translation has evolved over the centuries and bringing out the differences between versions Elsewhere with less familiar literatures the Guide examines the extent to which translation has done justice to the range of work available *Translating Molière for the English-speaking Stage* Cédric Ploix, 2020-05-01 This book critically analyzes the body of English language translations of Molière's work for the stage demonstrating the importance of rhyme and verse forms the creative work of the translator and the changing relationship with source texts in these translations and their reception The volume questions prevailing notions about Molière's legacy on the stage and the prevalence of comedy in his works pointing to the high volume of English language translations for the stage of his work that have emerged since the 1950s Adopting a computer aided method of analysis Ploix illustrates the role prosody plays in verse translation for the stage more broadly highlighting the implementation of self consciously comic rhyme and conspicuous verse forms in translations of Molière's work by way of example The book also addresses the question of the interplay between translation and source text in these works and the influence of the stage in overcoming formal infelicities in verse systems that may arise from the process of translation In so doing Ploix considers translations as texts in and of themselves in these works and the translator as a more visible creative agent in shaping the voice of these texts independent of the source material paving the way for similar methods of analysis to be applied to other canonical playwrights work The book will be of particular interest to students and scholars in translation studies adaptation studies and theatre studies *Classical Monologues from Aeschylus to Bernard Shaw: Women : from the Restoration to Bernard Shaw* Leon Katz, 2002 Contains over 250 monologues that cover over two thousand years of theatrical history **Classical Monologues from Aeschylus to Bernard Shaw: Women : from Aeschylus to Racine** Leon Katz, 2002 Contains over 250 monologues that cover over two thousand years of theatrical history **Don Juan and Faust in the XXth Century** Eva Šormová, 1993 **Hampton on Hampton** Christopher Hampton, Alistair Owen, 2017-10-19 A lot of my plays begin as comedies and mutate in the course of the evening because my instinct is that you have to welcome the audience in and make sure they're sitting comfortably before you can give them an adequate punch on the jaw Since the acclaimed London premiere of his first play in 1966 Christopher Hampton has established himself as one of Britain's most prominent and least predictable dramatists From his best known play *Les Liaisons Dangereuses* and its Oscar winning film

version Dangerous Liaisons to personal and critical favourites like Total Eclipse and Tales from Hollywood from his films as writer director Carrington Imagining Argentina to his work as screenwriter for hire Mary Reilly The Quiet American from translations Art to musicals Sunset Boulevard Hampton eloquently and entertainingly explores his varied career with interviewer Alistair Owen and discusses its recurring theme the clash of liberal and radical thought exemplified by his most recent play The Talking Cure about the fathers of psychoanalysis Jung and Freud The Cambridge Introduction to French Literature Brian Nelson,2015-06-05 In this highly accessible introduction Brian Nelson provides an overview of French literature its themes and forms traditions and transformations from the Middle Ages to the present Major writers including Francophone authors writing from areas other than France are discussed chronologically in the context of their times to provide a sense of the development of the French literary tradition and the strengths of some of the most influential writers within it Nelson offers close readings of exemplary passages from key works presented in English translation and with the original French The exploration of the work of important writers including Villon Racine Moli re Voltaire Balzac Flaubert Zola Proust Sartre and Beckett highlights the richness and diversity of French literature Classical Monologues from Aeschylus to Bernard Shaw Leon Katz,2002 **Contemporary British Drama, 1970-90** Hersh Zeifman,Cynthia Zimmerman,1993-04-27 This book focuses exclusively on the exciting and provocative plays produced in England in the last two decades The primary aim of the collection is to celebrate the truly remarkable range of British drama since 1970 by examining the work of fourteen important and representative playwrights This emphasis on range applies not only to the dramatists chosen for inclusion but to the critics as well specifically to the diversity of critical methodology demonstrated in their essays Molière in Context Jan Clarke,2022-11-24 The definitive guide to Moli re s world and his afterlife this is an accessible contextual guide for academics undergraduates and theatre professionals alike Interdisciplinary and diverse in scope each chapter offers a different perspective on the social cultural intellectual and theatrical environment within which Moli re operated as well as demonstrating his subsequent impact both within France and across the world Offering fresh insight for those working in the fields of French Studies Theatre and Performance Studies and French History Moli re in Context is an exceptional tribute to the premier French dramatist on the 400th anniversary of his birth *The Use of English* ,1974 British Playwrights, 1956-1995 William W. Demastes,1996-10-23 The year 1956 marked a point when British drama and theater fell into the hands of a group of young playwrights who revolutionized the stage During that time playwrights such as Samuel Beckett and Harold Pinter made the British theater as rich varied and vital as any national theater in history This reference chronicles the history of British theater from 1956 to 1995 by providing detailed information about the playwrights of that period Included are entries for some three dozen British playwrights active between 1956 and 1995 Entries are arranged alphabetically to facilitate use Each entry supplies biographical information the production history for particular plays a survey of the playwright s critical reception an assessment of the dramatist s work and primary and

secondary bibliographies A selected general bibliography at the end of the volume directs the reader to important sources of additional information about this period in theater history

Art Yasmina Reza, 1996 Art is a profound and hilarious comedy about the value of truth and friendship My friend Serge has bought a painting It s a canvas about five foot by four white The background is white and if you screw up your eyes you can make out some fine white diagonal lines Serge is one of my oldest friends Serge has bought a modern work of art for a large sum of money Marc hates the painting and cannot believe that a friend of his could feel differently Yvan attempts to placate both sides with hilarious consequences The question is Are you who you think you are or are you who your friends think you are Art premiered in this translation at Wyndham s Theatre London 1996 It won Olivier and Evening Standard Awards for Best Comedy and New York Drama Critics Circle and Tony Awards for Best Play A remarkably wise witty and intelligent comedy Art has touched a universal nerve The Times Art not only brings to the stage a topical debate it makes it invigorating touching and finally disturbing This dark comedy translated from the French by Christopher Hampton in sparkling form explores its themes through a rift between friends Financial Times
