When Professor Molly attends Mahina State University's exclusive donor dinner she doesn't expect to share a table with the insufferable Stephen Park. Turns out it's one thing to invite your toxic ex-boyfriend to drop dead; it's quite another when he takes you up on it. The Fever Cabinet Through no fault of her own, Professor Molly just got promoted to department chair. The Student Retention Office has her buried in paperwork. The college has just relocated to a former asylum which is undergoing noisy renovations. Molly's dean has directed her to mentor the department's new star, the prickly Fiona Spencer, and to do whatever it takes to keep Fiona happy. At least nothing else can go wrong. And then Fiona finds a body in her office. The Influencer There's no such thing as bad publicity. Until it happens to you. Professor Molly's new renter is a social media star seeking privacy in remote Mahina, Hawaii. The arrangement seems to be working out until the celebrity influencer vanishes. Molly and her best friend Emma Nakamura call in the Mahina PD and try to stay out of the way. But the unthinkable happens: the saturnine Detective Medeiros actually asks for Molly and Emma's help. As they confront nosy neighbors, fanatical followers, and the missing woman's has-been husband, Molly and Emma find themselves at the center of the story. And when fame creates its own reality, that's a dangerous place to be.
