Taylor Samara Jones,2025-08-12 For as long as I can remember I ve been in love Not with a real person of course But with the kind of love you read about in books the slow burns the grand gestures the undeniable meant to be The kind that always always ends with a happily ever after Then last Fourth of July while I was lost in another love story I missed something real My last chance to talk to Nanna My last chance to hug her to hear her voice to say goodbye She was just a few yards away and I never even looked up That was the moment I realized I ve been living in stories instead of my own life So I made a promise to myself No more hiding No more waiting for something magical to happen I was going to start living for real this time But here s what nobody tells you life doesn t come with a roadmap There s no chapter to skip ahead to when things get hard no neatly wrapped up ending that makes everything suddenly make sense Now partway through the year I m realizing just how much I ve missed While I was busy falling for fictional guys the girls around me were actually dating them Some have kissed Some have done other things And me I wouldn t even know where to start But admitting that Letting
