**Maggie of Virginsburg** Helen Reimensnyder Martin, 1918 **Let's Talk** Harold Heie, 2021-12-10 The state of public discourse in America is dismal reflecting an extreme us versus them tribalism where me and my folks have the full truth about the contentious issue at hand and those other folks are devoid of any truth and can even be demonized as evil Rather than just cursing this darkness Harold Heie presents what he considers to be a better way for those who disagree about contentious issues to respectfully engage one another a way that is deeply informed by his Christian faith perspective a way that reflects his understanding that to listen carefully to those who disagree with you and to then talk respectfully about your disagreements is a deep expression of the love for others to which Jesus calls all those who claim to be his followers But this book is not just an abstract consideration of the nature of civil public discourse Rather drawing on his successes and failures the beautiful and the ugly in his attempts to orchestrate respectful conversations on contentious issues both online and in small group face to face meetings during the past decade Heie presents practical concrete proposals for how to talk to one another about significant disagreements particularly in Christian churches that have tragically succumbed to tribalism
