Mom Over Miami Annie Jones, 2021 **Mum Over Miami** Annie Jones, 2014-08-01 What does it say about me that the thing that has finally made me cool among my foster son's pals is my ability to portion corn chips out of a warehouse club monster bag then drown said corn chips in pasteurized melted cheese product I'll tell you what it says It says welcome to Nacho Mama's House Soccer mom budding journalist dutiful doctor's wife and mother of two Hannah Bartlett feels she's suddenly been handed a full plate from the buffet of life A new baby alone could overwhelm but add a nine year old foster son meddling neighbors and Hannah's nagging self doubt and you've got a recipe for disaster What else can a mom do but go AWOL *Mom's Love* Caridad, 2020-11-05 Caridad became an adult at a very early age being responsible for helping her parents put food on the table while going to school and working a full time job She got married and divorced a couple of times and then turned her life into hard partying too much drinking and drug abuse Realizing she had to change she fought hard to reach sobriety and provide a stable life for her three children Caridad succeeded but her son Lorenzo seemed doomed to repeat his mother's mistakes Addiction and run ins with the law dogged his footsteps until the fateful day he shot and killed a man Lorenzo acted in self defense but it made no difference Convicted of second degree murder he faced life in prison without parole Caridad was devastated but Lorenzo would find God behind bars and successfully fight his inner demons Even son Caridad's only son had no chance of seeing the outside world again at least that's what Caridad thought But a miracle was about to happen a one in a million event offering Lorenzo a second chance *Moms* Frank Stephens, 2001-09-15 This book is about a loving and warm family who made their home in the area of Tumbling Creek Virginia in the early 1900s It brings to life an era long ago when there was time for porch sitting and visiting with neighbors When molasses making and taffy pulling parties were the social functions Ben Jensen was very strict in his ways He was compassionate toward his family especially his lovely daughters Katie and Dolly Mammy Belle and Daddy Jensen raised their children in the ways of the Lord with church attendance a priority in their lives One spring day while picking strawberries in the meadow below their home Katie and Dolly Jensen had their first glimpse of the two brothers Seth and Tom Hankins who were fishing in the creek nearby They didn't know that this day they had come face to face with their destiny Three years passed with only vague memories of the two brothers Life continued on Tumbling Creek and Katie and Dolly grew into beautiful young ladies They often wondered what became of the two brothers they had seen fishing on that long ago spring day Mammy Belle was shopping at the local general store and she heard the news that the two brothers had returned from their three year journey across Clinch mountain where they had been employed on a cattle farm Katie and Dolly could hardly contain their excitement Soon romance blossomed and life was never the same again Follow Katie and Dolly as they face great challenges while maturing into womanhood Rejoice with them when they find true love and cry with them when tragedy strikes in the lives of each This is a work of fiction with historical facts added in certain circumstances By Violet June Richardson *Out Of Sight,*

Out Of Mind Yvonne Vissing, 2021-03-17 Because they're small they're easy to overlook Because their voices don't carry far it's hard to hear them We'd rather not look too closely or listen too carefully And if we don't see them maybe they'll just go away But the invisible homeless cannot simply fly away to never-never land or pull themselves up by their bootstraps or make a wish upon a star These homeless people are children and they are not always in the inner cities as Yvonne Vissing shows in this poignant study of families housing and poverty As many as a third of our nation's homeless are found in rural and small town America They are all too commonly out of sight and out of mind Homelessness in small towns and rural areas is on the rise Drawing on interviews with and case studies of three hundred children and their families with supporting statistics from federal state and private agencies Vissing illustrates the impact this social problem has upon education health and the economy Families vividly describe the ways they have fallen through cracks in the social structure from home ownership into homelessness Looking toward the future Vissing asks if homeless children are destined to become dysfunctional adults and provides a sixteen-year-old girl's moving testimony of the vagabond life her homeless family led While the economy and the very nature of the family have changed over past decades housing education and human service industries have failed to adapt Vissing provides a planning model for improving support networks within communities and challenges Americans with a fundamental philosophical question Do homeless children merit full-scale social intervention Ultimately *Out of Sight Out of Mind* compels us not merely to voice concerns for family and community values but also to assert this commitment consciously through improved essential services

Scott,2003-05-22 Just as an environmental model typically will be composed of a number of linked sub models representing physical chemical or biological processes understood to varying degrees this volume includes a series of linked chapters exemplifying the fundamental nature of environmental radioactivity models in all compartments of the environment Why is a book on modelling environmental radioactivity necessary There are many reasons why such a boook is necessary perhaps the most important that modelling is an often misunderstood and maligned activity and this book can provide to a broad audience a greater understanding of modelling power but also some of the limitations modellers and experimentalists often do not understand and mistrust each other s work yet they are mutually dependent in the sense that good experimental science can direct good modelling work and vice versa we hope that this book can dispel mistrust and engender improved understanding there is an increasing reliance on model results in environmental management yet there is also often misuse and misrepresentation of these results This book can help to bridge the gap between unrealistic expectations of model power and

the realisation of what is possible practicable and feasible in modelling of environmental radioactivity and finally modelling tools capacity and power have increased many fold in a relatively short period of time Much of this is due to the much heralded computer revolution but much is also due to better science It is useful to consider what gap if any still remains between what is possible and what is necessary Alex and Cassie Ruben Elizardo,2019-06-01 There is no available information at this time Author will provide once available *True Heroines* William Wilbanks,2000 Describes the circumstances and events which led to the 138 women law enforcement officers who died in the line of duty the identity of their perpetrator s and the deposition of the case with a biography and photo of each officer and their descendants Author Dr William Wilbanks carefully researched each case and unveiled the mystery of unsolved deaths **Working Mother** ,2004-04 The magazine that helps career moms balance their personal and professional lives **Mom's Marijuana** Dan Shapiro,2007-12-18 A young man battles Hodgkin s disease and survives with more than a little help from his Mom in this wry and uplifting memoir about life love and beating the odds When Dan Shapiro s decidedly anti drug mom put aside her convictions and grew marijuana in her backyard garden behind a discrete screen of sunflowers he learned that in the face of a crisis we all have the opportunity to decide what is most important to us In this hilarious high spirited sometimes harrowing memoir Shapiro invites us into his battle with cancer his romance with an oncology nurse his journey through graduate school and his most important life lessons He tells his story with wit and grace and indomitable spirit showing us that only when the rhythm of life is stirred violently are able to discover its full beauty **New York Magazine** ,1993-09-13 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Bella Vista Adam Strong,2026-03-03 Bella Vista in the end is about fatherhood About fathers and sons It s about one father Frank Pershall how he went from a dope smoking car aficionado to a businessman About how this businessman hatched a scheme to pry his son Jay away from his Mom who was developing a habit of drugs and staying out late and generally being out of it most of the time and how that father convinced his son to move down to Florida with him But as soon as they get there all that high and mighty I ll be a better father to you breaks down because the first day they arrive at this house at this vision his father has for life known as Bella Vista only then does he choose to turn the care of his son over to his Limo Driver Cliff Yes all of a sudden Dad has all of this money that he tells his son comes from venture capitalists and this new business he is starting Cliff drives people around for a living and it is in this Limo Jay learns to carve out a life for himself away from his father and to finally live life on his own terms **Weekly World News** ,1988-04-19 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since
