Christ for a long time then this book will help you narrow the gap that exists between what you believe with your head and do with you life Come discover the truth and grace of the Christian story Come discover Life and Doctrine **On the Trail of God** William Proctor,1977 The Star of Redemption Franz Rosenzweig,1985-08-31 The Star of Redemption is widely recognized as a key document of modern existential thought and a significant contribution to Jewish theology in the twentieth century An affirmation of what Rosenzweig called the new thinking the work ensconces common sense in the place of abstract conceptual philosophizing and posits the validity of the concrete individual human being over that of humanity in general Fusing philosophy and theology it assigns both Judaism and Christianity distinct but equally important roles in the spiritual structure of the world and finds in both biblical religions approaches toward a comprehension of reality **African Spirituality in Black Women's Fiction** Elizabeth J. West,2011-01-01 African Spirituality in Black Women s Fiction traces the beginnings and transformations of African spirituality in African American women s literature and culminates with an examination of its return to center stage in the fiction of black Renaissance writers Nella Larsen and Zora Neale Hurston It is distinct in its employment of a diachronic lens to examine specific African spiritual elements that can be traced from early to modern black women s fiction **Postmodern, Marxist, and Christian Historical Novels** Lynne W. Hinojosa,2022-06-15 Postmodern Marxist and Christian Historical Novels Hope and the Burdens of History argues historical novels can help readers receive the burdens of history meaning both the burdens of the past present and future and the burden of living in time and develop a more robust conception of and concrete practice of hope Since the 1960s historical novels have been a dominant literary genre but they have been influenced primarily not by Christian but by postmodern and marxist thinkers and writers This book provides a theological and literary analysis of all three types of historical novels postmodern marxist and Christian and outlines what each school of thought can learn from each other regarding historical understanding and hope Using J rgen Moltmann s theology of hope and Frank Kermode s literary criticism as a theoretical basis the book offers readings of novels by Julian Barnes A S Byatt Kazuo Ishiguro Margaret Atwood Michael Ondaatje Ian McEwan and Ursula LeGuin among others and ends with an extended analysis of Marilynne Robinson s Gilead series **Speaking the Truth** Samuel Wells ,2018-09-28 Truth is a difficult subject in a pluralistic culture and the truth is even more challenging Yet the preacher s call is to be a speaker of truth the truth of God in Jesus Christ What does it take to speak the truth faithfully as a preacher of the gospel for that truth to be heard and for words and ideas to generate actions and build relationships Samuel Wells has learned that speaking the truth means telling the Christian story alongside the contemporary secular story It means helping your hearers perceive both the harmonies and the dissonance between the two It means inviting them with both conviction and humility to decide how their own story is going to be shaped by this truth In this volume he reflects on the practice of speaking about God faith the Bible discipleship resurrection salvation politics and truth and on preaching that resonates in particular contexts It is a book to encourage and give confidence to all preachers and preachers in training
