The medical record, 1883 Medical Record George Frederick Shrady, Thomas Lathrop Stedman, 1867 **Medical record**, 1883 **Congressional Record** United States. Congress, 1998 **Society and Medicine** Judith P. Swazey, 2017-12-02 The essays in this volume pay tribute to the achievements of Ren e C Fox in the fields of medicine and sociology Many of the contributors are Fox s colleagues and former students from medicine sociology nursing and bioethics The title Society and Medicine reflects the leitmotif in Fox s work her studies of and teaching about the nature of medicine and medical research the training and work of their practitioners the interrelationships between medicine and the societies and cultures of which it is a part and above all the moral and spiritual dimensions of the healing arts **Number Nine** SAINA, 2021-03-17 Number Nine is the reflection of a woman whose fears and confidence are real A girl with a not so easy childhood a successful working professional fortunate enough to have a wonderful husband feared pregnancy and its after effects She loved kids but feared the dark tunnel that could stall her career take away her achievements and put her back in the place where she started from She had other secret fears that she had to overcome to get into the phase of motherhood and gain the wisdom of relationship and reality The girly thoughts the fear the happiness newborn care new mom s trouble and a new world of discovery Anin shares her experience as a new mom her postpartum issues her learnings through pregnancy the ways of beating the depression and anxiety that comes with the new never ending responsibility and the importance of taking the right decisions as per the priorities This book has all of it sweet silly and the girly **Embodying Culture** Tsipy Ivry, 2009-09-30 Embodying Culture is an ethnographically grounded exploration of pregnancy in two different cultures Japan and Israel both of which medicalize pregnancy Tsipy Ivry focuses on low risk or normal pregnancies using cultural comparison to explore the complex relations among ethnic ideas about procreation local reproductive politics medical models of pregnancy care and local modes of maternal agency The ethnography pieces together the voices of pregnant Japanese and Israeli women their doctors their partners the literature they read and depicts various clinical encounters such as ultrasound scans explanatory classes for amniocentesis birthing classes and special pregnancy events The emergent pictures suggest that although experiences of pregnancy in Japan and Israel differ pregnancy in both cultures is an energy consuming project of meaning making suggesting that the sense of biomedical technologies are not only in the technologies themselves but are assigned by those who practice and experience them Saint Louis Clinical Record, 1877 **The Journal of the American Medical Association**, 1903 **Practising Social Inclusion** Ann Taket, Beth R. Crisp, Melissa Graham, Lisa Hanna, Sophie Goldingay, Linda Wilson, 2013-07-24 Practising Social Inclusion presents what we know about what works and why in promoting social inclusion and practising in a socially inclusive way Contributing to the growing debates on social inclusion this book moves beyond discussion of who it is that is socially excluded and the processes of exclusion It draws on research and reflective practice to answer the vital question of how to actually work towards

inclusion and includes five sections looking at different arenas for practice policy programme design service delivery community life and research Relevant to all those working to promote or researching human health and wellbeing this book is especially suitable for practitioners students and scholars in health promotion social work social policy public health disability studies occupational therapy and nursing Evidence, History, and the Great War Gail Braybon, 2003 In the English speaking world the Great War maintains a tenacious grip on the public imagination and also continues to draw historians to an event which has been interpreted variously as a symbol of modernity the midwife to the twentieth century and an agent of social change Although much common knowledge about the war and its aftermath has included myth simplification and generalisation this has often been accepted uncritically by popular and academic writers alike While Britain may have suffered a surfeit of war books many telling much the same story there is far less written about the impact of the Great War in other combatant nations Its history was long suppressed in both fascist Italy and the communist Soviet Union only recently have historians of Russia begun to examine a conflict which killed maimed and displaced so many millions Even in France and Germany the experience of 1914-18 has often been overshadowed by the Second World War The war's social history is now ripe for reassessment and revision The essays in this volume incorporate a European perspective engage with the historiography of the war and consider how the primary textual oral and pictorial evidence has been used or abused Subjects include the politics of shellshock the impact of war on women the plight of refugees food distribution in Berlin and portrait photography all of which illuminate key debates in war history Boston Medical and Surgical Journal, 1868 *American Journal of Obstetrics and Gynecology*, 1925 International Record of Medicine, 1898 **Medical Journal and Record**, 1928 International Record of Medicine and General Practice Clinics Edward Swift Dunster, James Bradbridge Hunter, Frank Pierce Foster, Charles Eucharist de Medicis Sajous, Gregory Stragnell, Henry J.
