Point Of Pride The University Of Portlan:

A Point of Pride James Thayne Covert,1976 *Models for Christian Higher Education* Richard Thomas Hughes,William B. Adrian,1997 This is a print on demand book and is therefore non returnable This timely look at the state of Christian higher education in America contains descriptive historical narratives that explore how fourteen Christian colleges and universities are successfully integrating faith and learning on their campuses despite the challenges posed by the increasingly pluralistic nature of modern culture Written by respected representatives from seven major faith traditions Roman Catholic Lutheran Reformed Mennonite Evangelical Wesleyan Holiness and Baptist Restorationist these narratives are also preceded by introductory essays that define the worldview and theological heritage of each given tradition and ask what that tradition can contribute to the task of higher education *Institutions of Higher Education* Linda Sparks,1990-01-24 This bibliography brings together in one comprehensive volume citations of books dissertations theses and ERIC microfiche relating to the history of specific institutions of higher education worldwide All types of postsecondary institutions two years colleges liberal arts colleges seminaries specialized institutions and universities are included Entries include the following elements when available author editor title place of publication publisher publication date and number of pages Citations from 85 countries are included Entries are by country dependency and territory The United States has been further divided by state Names of institutions are in English References are in the language in which they were written The majority of the citations should be available in a library somewhere in the United States Obscure sources that may be difficult to obtain have been included because they are often the only citation All editions of a title as well as older works are included because of their potential value to a researcher The book should be a part of all college university and large public library collections College of Education faculty members specializing in higher or comparative education will find much of value here Routledge Library Editions: Higher Education Various,2021-03-29 The volumes in this set originally published between 1964 and 2002 draw together research by leading academics in the area of higher education and provide a rigorous examination of related key issues The volume examines the concepts of learning teaching student experience and administration in relation to the higher education through the areas of business sociology education reforms government educational policy business and religion whilst also exploring the general principles and practices of higher education in various countries This set will be of particular interest to students and practitioners of education politics and sociology **A Soul on Trial** Robin R.
