Journal of Transpersonal Psychology ,1983 **Meditation and Piety in the Far East** Karl Ludvig Reichelt,2004 The result of more than forty years of intimate contact with the religious elite of the Far East Dr Reichelt s book is a study of a too often remote and unknown world For the western reader this study reveals the life of the East Asia religious communities their sanctuaries sacred writings and daily discipline These non Christian religions present a massive front of tradition and dogma which so far the Christian faith has rarely penetrated This engaging book is comprehensive in its scope The author examines the meditation traditions of Taoism Confucianism Buddhism and Yoga in detail drawing on his first hand experiences Karl Ludvig Reichelt was one of the few gifted interpreters of the East to the West who knew the mind of the East Asia religions and had the respect of their leaders **Mao Tse-Tung's Theory of Dialectic** F.Y.K. Soo,2012-12-06 The

year 1979 ushered in a new phase in China s long and continuous revolution Currently this new phase is being symbolically referred to by the Chinese leaders themselves as the New Long March a continuation of the legendary and historical Long March in terms of modernization which comprises the Four Modernizations Agriculture Industry Science and Technology and Military Defense Such an all encompassing attempt at modernization may appear to some at least to be something new or

may indicate a radical shift in her policy But upon closer examination this decision seems only to reflect an historical continuity in terms of the two major long term goals of the Chinese Revolution national independence and modernization or industrialization The former would make China strong the latter wealthy For ever since the Opium War in 1840 and throughout the Revolutions of 1911 and 1949 China has always pursued these two revolutionary goals though with different emphases at different times This has been especially true during the past three decades as this twofold goal has dictated all of China s important policies both domestic and foreign In other words while the concrete policies may have appeared to be lacking in unity at times they have been formulated with the specific intent of achieving national independence and modernization From this perspective the New Long March marks the passage of post Mao China beyond the transition of succession toward the continued pursuit of the same revolutionary goals

The Sound of Bells Norah Moore, 2013 This book brings together the teachings of Meher Baba and the teachings of Carl Gustav Jung for the first time Many people would wish to bring together their inner experience of spirituality and psychological development Meher Baba did not come to bring a new religion but a philosophy that brought all religions together In this first book *The Sound of Bells and Eastern Mysticism* I looked at C G Jung s Analytical Psychology in the light of Meher Baba s book *God Speaks* In the second book of the trilogy *Glowing Embers for the New Humanity* God can only be Lived I brought a more detailed account of how this might be accomplished In the final book of the trilogy I turned to a more personal account of how I followed this path myself and summed up how the path has been followed throughout all the avataric ages
