Crime Fiction Lucy Andrew, Samuel Saunders, 2021-07-24 This book aims to establish the position of the sidekick character in the crime and detective fiction literary genres It re evaluates the traditional view that the sidekick character in these genres is often overlooked as having a small generic or singular role either to act as the foil to the detective in order to accentuate their own abilities at solving crimes or else to simply tell the story to the reader Instead essays in the collection explore the representations and functions of the detective s sidekick across a range of forms and subgenres of crime fiction By incorporating forms such as children s detective fiction comics and graphic novels and film and television alongside the more traditional fare of novels and short stories this book aims to break down the boundaries that sometimes exist between these forms using the sidekick as a defining thread to link them together into a wider conceptual argument that covers a broad range of crime narratives *The Detective Novels of Agatha Christie* James Zemboy, 2016-03-15 The most popular mystery writer of all time concocted a rich recipe of intrigue character and setting All of Agatha Christie s 66 detective novels are covered here in great detail Each chapter begins with general comments on a novel s geographical and historical setting identifying current events fashions fads and popular interests that relate to the story A concise plot summary and comprehensive character listing follow and each novel is discussed within Christie s overall body of work with an emphasis on the development of themes narrative technique and characters over the course of her prolific career An appendix translates Poirot s French and defines the British idiomatic words and phrases that give Christie s novels so much of their flavor English Studies Mehmet Ali Çelikel, Baysar Taniyan, 2015-09-18 This volume offers a selection of revised versions of the papers presented at the 7th International IDEA Conference held at Pamukkale University in Denizli Turkey organised by the Association of English Language and Literary Studies in Turkey The contributions to this book offer a wide range of research from scholars on a variety of topics in English literature including Shakespearean studies Victorian colonial and postcolonial literature poetry and drama studies The volume also includes a number of informative research articles on comparative and translation studies which will offer assistance to young scholars in their academic studies In addition to
