Nathaniel Hawthorne and the Romance of the Orient

Luther S. Luedtke,1989-09-22 This volume argues that by focusing on British and American backgrounds readers have underestimated the impact of Asia and the East on American novelist and short story writer Nathaniel Hawthorne s 1804 1864 writing The central force in Hawthorne s intellectual development was New England Puritanism It fascinated even when it sometimes repelled him It exercised a pull on his imagination which a lifetime of varied experience did not loosen The author recreates Hawthorne s heritage and examine his readings in material dealing with the East he examines three of Hawthorne s early tales that were all written before 1830 and he looks at Hawthorne s The Story Teller the two volume book of sketches and tales Hawthorne unsuccessfully tried to publish in 1834 and issued piecemeal thereafter in periodicals as annuals The author also evaluates the role of the Eastern world in Hawthorne s view of Romance and studies some of Hawthorne s remarkable heroines Beatrice Rapaccini Hester Zenobia and Miriam in particular The author maintains that the Puritan element in Hawthorne s ancestry has been overstressed and that insufficient attention has been paid to the equally important travel adventure exploration aspect of Hawthorne s heritage and craft

Dixon Jr and D W Griffith **Pestilence in Medieval and Early Modern English Literature** Byron Lee
Grigsby, 2004-08-02 Pestilence in Medieval and Early Modern English Literature examines three diseases leprosy bubonic plague and syphilis to show how doctors priests and literary authors from the Middle Ages through the Renaissance interpreted certain illnesses through a moral filter Lacking knowledge about the transmission of contagious diseases doctors and priests saw epidemic diseases as a punishment sent by God for human transgression Accordingly their job was to properly read sickness in relation to the sin By examining different readings of specific illnesses this book shows how the social construction of epidemic diseases formed a kind of narrative wherein man attempts to take the control of the disease out of God s hands by connecting epidemic diseases to the sins of carnality
