The League of Lady Poisoners Lisa Perrin, 2023-09-19 A feast for the senses, this sumptuously illustrated book will introduce you to some of the most infamous women throughout world history, united by their shared taste for poison. Welcome to the League of Lady Poisoners. This riveting and well-researched volume by Lisa Perrin weaves together the stories of more than twenty-five accused women, poisoners exploring the circumstances and skill sets that led them to lives of crime. You might find yourself rooting for some of them, like Sally Bassett, who helped poison her granddaughter's enslavers in Bermuda, or Giulia Tofana, who sold her name-brand concoction to women wanting to be rid of their abusive or otherwise undesirable husbands. Other stories, though, including that of Yiya Murano, one of Argentina's most notorious swindlers and serial killers, or the terrifying Nurse Jane Toppan, may prove less palatable. Organized into thematic chapters based on the women's motives, the book also includes an illustrated primer that delves into the origins and effects of common poisons throughout history, as well as a foreword by Holly Frey and Maria Trimarchi, creators and hosts of the podcast *Criminalia*. It is a treat for true crime fans, feminist history buffs, and any curious readers fascinated by the more macabre side of human nature.

TRUE CRIME GALORE Women can do anything, even commit murder. This thoughtfully researched and insightful survey into the lives of the poisoners explores the toxic events that put these women in the spotlight, the deceptive methods and substances they used, and their legacies today. The League of Lady Poisoners is a thrilling deep dive for fans of true crime podcasts, docuseries, and books.
