Poisoners Handbook:

The Poisoner's Handbook Deborah Blum, 2011-01-25 Equal parts true crime twentieth century history and science thriller The Poisoner's Handbook is a vicious page turning story that reads more like Raymond Chandler than Madame Curie The New York Observer The Poisoner's Handbook breathes deadly life into the Roaring Twenties Financial Times Reads like science fiction complete with suspense mystery and foolhardy guys in lab coats tipping test tubes of mysterious chemicals into their own mouths NPR What We're Reading A fascinating Jazz Age tale of chemistry and detection poison and murder The Poisoner's Handbook is a page turning account of a forgotten era In early twentieth century New York poisons offered an easy path to the perfect crime Science had no place in the Tammany Hall controlled coroner's office and corruption ran rampant However with the appointment of chief medical examiner Charles Norris in 1918 the poison game changed forever Together with toxicologist Alexander Gettler the duo set the justice system on fire with their trailblazing scientific detective work triumphing over seemingly unbeatable odds to become the pioneers of forensic chemistry and the gatekeepers of justice In 2014 PBS's AMERICAN EXPERIENCE released a film based on The Poisoner's Handbook Poisoner's Handbook Maxwell Hutchinson, 2000-11-01 *Summary of Deborah Blum's The Poisoner's Handbook* Everest

The Poisoner Gail Bell, 2003-10-14 Years after Dr William Macbeth died his ornate medicine case passed to his estranged son Over the protests of his family the son buried it deep in the ground out of sight and out of reach Then ten years old Macbeth's granddaughter Gail Bell watched the mysterious case of elixirs arrive at her home She watched her father treat it like a poison chalice Only decades later would she understand why the case concealed evidence of her family's deadly secret In 1927 Macbeth was accused of poisoning two of his sons He never stood trial Bell determined to discover how this calm warm and caring healer could become a cunning murderer and evade detection eventually uncovered the dark secrets that her father had tried to hide from the world But as the unexpected twists
