the relationship between UK and U S television and the connection between the period drama and wider developments in TV and popular culture Additional essays examine how fans shape the content and reception of these dramas and how the genre has articulated or generated debates about gender sexuality and class In addition to Downton Abbey and Upstairs Downstairs other programs discussed in this collection include Call the Midwife Danger UXB Mr Selfridge Parade s End Piece of Cake and Poldark Tracing the lineage of costume drama from landmark productions of the late 1960s and 1970s to some of the most talked about productions of recent years Upstairs and Downstairs will be of value to students teachers and researchers in the areas of film television Victorian studies literature gender studies and British history and culture **The Twisted**
